

ATTENTION -- TRIBAL MEMBERS

FROM: AST Emergency Management Coordinator RE: Mapping Project

The Emergency Department is now conducting a mapping project. The Tribal OEH department has the software to create the maps and have agreed to help with this project.

The purpose of this project is to aid Incident Command Staff at the Emergency Operations Center during an actual emergency to locate and assist tribal members. During a disaster, first responders will be dispatched to perform search & rescue and damage assessments. And In order to provide tribal members assistance, there has to be a physical location to respond to.

We currently have tribal members who have post office boxes listed as their address. If you are one of those tribal members, and would like to have your location mapped, please provide this information.

Please fill out the form and mail it to the Absentee Shawnee Tribe. Attention: Emergency Management Office at 2025 S. Gordon Cooper Drive, Shawnee, OK 74801. You can also fill out the form online at tribal website: astribe.com; OR email your name and physical address to emergency management to: lday@astribe.com.

This information will not be shared with anyone and is for the sole purpose to be used during an actual emergency during rescue operations.

Thank you in advance for your participation in this important project. If you have any questions, please call the Emergency Manager, Linda Day at (405) 740-1562.
