Honoring, Helping & Protecting Indian Elders
By Looking Back and Forward

By DR. JOHN EDWARDS
Former Governor, Absentee Shawnee Tribe
AARP Oklahoma Executive Council

According to Native American tradition, leaders should always look seven generations behind and seven generations ahead when making decisions. It’s a way of making sure that our past is always connected to our future.

What can we learn from the past? As Indian people, we are taught the ways of our people through stories, song and language. We know the value of respecting and honoring our elders and the importance of passing on their wisdom to future generations.

For the past six years, AARP Oklahoma has honored Indian elders in a special program held annually in the fall. The AARP Oklahoma Indian Elder Honors brings together all 39 federally recognized tribes and nations in a spirit of harmony and unity to celebrate the contributions of our elders.

Past honorees have included artists, dancers, language preservationists, ministers, tribal leaders, mothers and fathers. You can nominate an Indian elder to be recognized by AARP at: www.facebook.com/aarpk or by calling 1-866-295-7277 to receive a printed nomination form. Nominees must be living and must be an enrolled member of a federally recognized tribe in Oklahoma. Deadline for nomination is June 30th.

But AARP’s work with Oklahoma’s Native American community is not limited to the past. During my six years as a member of the AARP Oklahoma Executive Council, I have had the chance to work on projects that are planting seeds for the future.

A good example of this seed planting is AARP’s partnership with the Osage, Choctaw, Chickasaw, Muscogee Creek and Cherokee nations, the Oklahoma State Department of Health and the University of Oklahoma Health Science Center to present the 7th Generations Conference April 14-16th in Midwest City.

Native Americans in Oklahoma suffer greater health disparities than most other people in the state. The 7th Generations Conference will focus on improving health access and disparity in Indian Country and caregiving. AARP will also present a healthy cooking demonstration that will offer education on how to break the cycle of unhealthy nutrition among Indian people. World-renowned Chef Loretta Barrett Oden, a member of the Citizen Potawatomi Nation, will present the demonstration.

Finally, I want to encourage my fellow tribal members to consider getting involved with the AARP Oklahoma Inter-Tribal Community Group. We’re working on projects and events – including health, cultural preservation and the Indian Elder Honors – that will help fulfill AARP’s mission in the Native American community to enhance the quality of life for all as we age.

For more information on the Inter-Tribal Community Group, the 6th Annual AARP Oklahoma Indian Elder Honors or the 7th Generation Conference visit: www.aarp.org/okindiannavigator

Let’s Build For the Future (BFF)

Hello my Absentee Shawnee people!

There is so much to tell you that I’m uncertain where to start. So let me start with the basics.

The month of December was a long one. The cold weather hit and although the Tribe was prepared we couldn’t cover every factor. When the schools closed down the Tribal complex and its clinics were minimally staffed and service levels were impacted. School systems must take care of the needs of our children and they closed due to the ice and the danger that it presented. Based on the number of school closures the Executive Committee enacted a Severe Weather Policy that will give the Tribe the ability to decide if it should or should not close. Our former policy has always been that if the schools closed in our tribal service areas then the Tribe would close. That is no longer the way this will work – the Tribe will now communicate directly with radio and television stations advising them of when the tribe will be closed. This policy will ensure that we have the autonomy to run the Tribe in the best interests of the people as is our right by treaty and law.

During the summer months of 2013 we had waste management and pipe leakages in the Governor’s building. The stench could at times be unbearable and we had to close the Offices on several occasions. The pipes in the Governor’s building are very old and have long been in need of repair and due to the cold weather age took its toll. I am pleased to say that repairs have been completed and the odor is no longer apparent and our work can proceed.

I have been advised that since 1982 a Code of Conduct and Ethics Policy was needed for the Tribe. The month I along with the Treasurer attempted to put into place a Code of Conduct & Ethics policy for Tribal elected officials. My Office along with the Attorney General and with assistance from the Treasurer developed language that would provide a guide and give direction to us as your elected body and to uphold our oaths. Sadly the Lt. Governor, Secretary and Representative would not assist with this. They gave a range of reasons for not putting this action into place: 1) not enough time to review it – even though they have seen it over the last couple of months 2) language goes against the AST constitution – the AG reviewed the constitution prior to presenting the document 3) language isn’t what we want. I am concerned that with this type of mind set that we can’t make progress. We must uphold our oaths. We must move the Tribe forward. I am of the opinion that unless we have a change in the leadership in the upcoming election my progress as your leader is stalled. There must be an acting body of elected leaders willing to make tough decisions and move us forward. I call upon you, the tribal people, my elders, my relatives, my friends to put into these offices people who are willing to make good, positive changes for the tribe and not let personalities or personal agendas get in the way. We must have progress, we must move forward and we must have elected leaders willing and able to serve.

Let’s move to yet another troubling subject – budgets. I reviewed my budgets and found them a concern. I sat down with each of my program directors and worked out their budgetary needs for the upcoming fiscal year and sent emails to our Finance department that I had approved off on the budgets and not to make changes unless I approved them. In the 2014 budgets my Police Department budget is facing an approximate $100,000 shortfall in funding meaning reorganization, decreased staffing, less community wide initiatives; my Planning and Intergovernmental Relations office didn’t get funded at all nor did my Horse Shoe Bend After School program; the Emergency Management office didn’t get additional funding only the same amount as last year $29,000 and how can we staff and run this office without funding? At the December 2013 EC meeting I spoke of my concern over these program budgets and although my words were heard – actions to assist and move us forward by passing these budgets were not taken. Actions as you know speak louder than words. These budgets are a concern, the way they are being done is a concern, and the way funds are being utilized is a concern. We, as the Executive Committee, didn’t even sit down and go over the budgets and I have no idea what is in each of the other Executive Committee members budgets – although it certainly seemed they were well informed about my budget. This process needs to change to where we, as the elected body, know all of the program needs, staffing and retention issues and fiscal needs.

Emergency Management

A. Response Planning – Met with Darrell Longhorn on goal of training three CERT teams to respond to disasters. Mr. Longhorn will be taking the Train the Trainer Course in March so that he can teach the CERT classes. We will be requesting assistance from the OK Dept. of Homeland Security for training materials and technical assistance.

Three teams:

One for Tribal Complex – Employees
Horseshoe Bend – White Turkey Band and Community Residents
Little Axe – Two groups of 5 employees at Little Axe Clinic

B. Training Room/EOC Little Axe Tribal Police Substation – Emergency Manager is preparing a training room at the Substation for training classes for CERT teams. This room will also be utilized as a temporary Emergency Operations Center during wildfires, tornado or other disasters since we do not have a facility at this time to set up for emergency operations.

Linda Day is the Emergency Manager and is located at the new police substation in Little Axe. Ms. Day is the contact for this program and may be reached at 405-275-3432. If she is unable to resolve your concerns please communicate with my office.

Law Enforcement

Due to the recent passage of the 2014 BIA budget this department will have to make some significant staffing and programmatic changes. The approximate impact is over $100,000.

This is significant to a program that runs a tight budget and monitors its needs closely. As these changes occur I will keep you, my tribal members, advised.

The point of contact for this program is Police Chief, Brad Jackson, and he may be reached at 405-275-3200. If he is unable to resolve your concern please communicate with my office.
Building Blocks & CCDF & CCDF

CCDF:
The AST CCDF Coordinator assisted the Building Blocks Director in the program rate structure rates for Building Blocks II. These rates are being increased based on increased rates through DHS. In order to get the full benefit of our subsidy repayments from DHS it will be beneficial to increase our rates. Building Blocks II has not had a rate increase since 2009. With the enrollment rate increase, there was a need for a Provider Rate increase as well. The CCDF program felt it was necessary to increase our reimbursement rates to ensure the affordability to our tribal subsidy parents. These increases will provide more sustainability and quality child care for our children. Currently we have 22 children who receive child care assistance through the subsidy portion of the CCDF grant.

Building Blocks:

We are in the process of updating many things at Building Blocks. Our teachers were excited to learn that we will be changing our lesson plan strategy to include themes that are more age-appropriate for each age group. We are adopting a Project approach to our lesson plans. Themes will last up to one month and each week will build upon the previous. Essentially, the children will have at least 4 weeks to learn the concepts rather than having the concepts change each week. One week is simply not enough time to allow retention of the concepts or development of true interest. Using a team teaching approach, they are developing themes based on the developmental stage of their classes and the interests of the children.

We have recently updated the Parent Handbook as well as the Supplemental Personnel Handbook for Building Blocks Employees. These were outdated and did not effectively address some of the issues we were having on a regular basis.

We had our periodic monitoring visit from DHS recently. We had zero non-compliance issues, which is great news! Our STARS review will be coming up. I am in the process of compiling all of the necessary information and creating a STARS binder to prepare for this visit. As part of our STARS requirements, our Master Teachers needed to be trained in the Early Learning Guidelines. There are 2 categories for this: Infants, Toddlers, & Twos AND ages three through five. Ms. Tammy & Ms. Glenda completed the training for the younger ages, while Ms. Dakota, Ms. Liz & Ms. Savannah completed the training for the older ages. The information they learned at this training is essential for the new lesson plan format. Eventually, all other teachers will be required to obtain this training as part of their professional development.

The point of contact for the Building Blocks program in Shawnee is Billie Thompson at 405-878-0633. The contact for the Little Axe Building Blocks program and/or CCDF is Brianna Ponkilla also at 405-878-0633. If they are unable to assist you with your questions contact my office.

Education

The Education Committee met on the evening of December 19, 2013 to discuss student appeals. The Committee is working on program guideline revisions. The Education Department has been busy accepting applications for the spring 2014 term. Tresha Spoon, Director, attended the Tecumseh Public Schools Impact Aid and Title VII (Indian Education) Public hearing on January 14, 2014.

Tecumseh Public Schools is one of the schools served by the AST Johnson O’Malley program. The Education Department has begun accepting applications for the Big Jim Youth Award Program. Please check for updates in the Tribal newsletter and on the Tribe’s website under Education services.

The point of contact for this program is Tresha Spoon, Education Director; 405-275-4030, Ext. 121. Please feel free to communicate with her and if she is unable to assist you then contact my office.

Health

The Health Boards remain a concern to me. We have the Absentee Shawnee Tribal Health Authority Board that is now operating under the revised bylaws passed in November and we have 4 new Board members on it, Melphred Switch, a long standing AST member, is the current Board Director.

However, the old bylaws for the Li-Si-Wi-Nwi, Inc. remain in place as does our former legal firm. It is my hope that we can get new bylaws in place for the Li-Si-Wi-Nwi, Inc. in January and get those applicants interested in serving on this Board approved and remove that former law firm and put the Tribe’s law firm in place.

If you have questions for the Health area, please contact Mark Rogers, Health Director, at 405-447-0300 (Little Axe) or 405-878-5850 (Shawnee). If you are unable to get a response on your issue please contact my Office.

Media

The Media department is an outcome based department. It puts time, effort and energy into their work products and it shows.

This month the Media department added a second full time staff person, Derek Hildebrand, as Sherman Tiger, Media Director, assistant.

The Media department recently created a language coloring book for the children. To go along with the coloring book, Mr. Phil Bradley from the Music department, and Mary Ann Gibson, has helped to produce a CD. This has been given to the Tribe’s Management Information Systems and may soon be put online. This kind of interdepartmental help can ensure great things are done for our people!

A new Tribal calendar has been produced by the Media department for Tribal members. There is a limited number available (500). Copies of these have been placed at both clinics, All Nations Bank, the Main building at here at the Tribal complex and the Resource Center in Little Axe.

Mr. Tiger has made a constructive change in how the newsletter gets the mailing addresses placed on them. He outsourced this service with a company that will print the addresses on to our Tribal newsletter instead of onto a label, which at times in the past has fallen off. This should eliminate the majority of the problems our Tribal members may have in not receiving the newsletter and/or the newsletter getting lost.

If you should have any questions please don’t hesitate to contact Sherman Tiger, Media Director, at 405-598-1279. If you continue to have questions and/or concerns contact my Office at 405-275-4030 Ext. 188.

Conclusion

In conclusion - It is my hope that you keep in mind what has and hasn’t been done by those in Office and look to the future. I believe there are great things ahead of us as a Tribe and I need those who believe that to be placed into these elected positions. I want to make a difference for not only my son, my grandchild but for all of our people and I can only do that with your help.

Help me to make a difference – stand with me and Let’s Build For the Future (BFF) united and together!

Thank you again for your support.

St. Governor’s Report

I hope this article finds everyone in good health and staying warm during this up and down winter. In addition to the drastic changes in the weather, we are also concerned about the lack of rain or snowfall over the recent weeks. A good number of tribal family homes are in rural areas throughout our tribal boundaries and grass fires can quickly destroy homes and property. I encourage each and every one to take precautions to protect their homes and property during this stretch of dry weather.

In my last article, I reported my office was in the process of moving a trailer to the Shawnee Complex for the new meeting place for the Elders and Veterans. I am pleased to announce, the trailer has been put in place and the utilities are in the process of being connected. We are also leveling out the area around the trailer for parking and to finish the road with a cul-de-sac. Our Shawnee Campus Complex is growing as we try to provide more services to our tribal members.

The preliminary work has begun on the ASTPD sub-station and Community House parking area. I would like to remind everyone the Little Axe Community House will be closed during this project, except for its use during tribal funerals. Work on this project is expected to take no longer than 180 days pending weather conditions, but we do not believe construction will last the entire time.

Since last year’s tornado in the Little Axe area, my office has worked with the Oklahoma State Tourism Department personnel at Lake Thunderbird on several clean-up projects. Initially the Tribe was contracted for one clean-up project, but we have been fortunate to be hired for additional clean-up projects around the lake. These projects help keep the area clean and the revenue supplements our Maintenance Fund budget. This also reduces the amount of funding Maintenance requests for other service projects.

Planting season is coming soon and it is a good time to think about our gardens. In the past, we have turned over garden spots for those who plant gardens. We will do the same this year, so if you are interested in having you garden turned over, contact my assistant Mary Billy at (405) 275-4030 ext. 146.

If you want to discuss any concerns or issues, please feel free to call my office.

Thank you!
Greetings Tribal Members.

Election time again! This time it is for Lt. Governor, Treasurer, and Representative. This is your time as tribal members to exercise your right to support and elect the best candidate for these positions.

TRUST ADMINISTRATION CLASS PAYMENTS EXPECTED IN 2014 Important Update: Trust Administration Class payments are expected to be mailed in 2014.

The Settlement Agreement approved by Congress and the Courts requires identification of all Trust Administration Class Members and calculation of their respective pro rata shares before the Claims Administrator for the Cobell Settlement can mail Trust Administration Class payments. That work is ongoing and is nearly complete.

After the membership of the Trust Administration Class is finalized, it will take approximately a month to complete the calculations for the over 500000 Trust Administration Class Members. Once the Claims Administrator receives those calculations and the Court approves the Second Stage Distribution, the Claims Administrator will quickly prepare and commence distribution within three weeks. Please be assured that all parties are doing everything possible to issue the Trust Administration payments as soon as possible. Any questions can be directed to the below:

**Finance Department**

**February 2014**

The Finance office continues our efforts in keeping the day to day activities flowing effectively and efficiently through communication between the Finance office and Programs. In working together, we have found the most time effective and cost effective processes for transacting business.

The Tribes 2010, 2011, and 2012 Audits are “unauditable opinion” which when compared to an educational grading scale is an A. The 2014 Indirect Cost Proposal has been submitted to the Interior Business Center (IBC) and I was notified on September 17, 2013 that it is ready to be assigned to a negotiator however I have not been given a negotiation date as of today. Our rate is up from 17.74% for 2010 to 21.98% for 2011 to 22.35% for 2012 and 23.39% for 2013, with 2014 being undetermined until negotiations during 2014.

We are preparing for the 2013 Audit which will begin early 2014 for all of the Tribe’s entities (Casinos; Store; Restaurant; Smoke Shops; ASED, Inc.; ASED, Enterprises; ASTHA & LSWN which makes up Absentee Health Systems; and the Tribal Government.) All of the tribe’s entities must be audited first and then they are combined with the Tribe’s Governmental Audit.

The finance department is completing accounting by the 10th day of the month. Financial reporting for the Tribe, Health Authority and Li Si Wi Nwi, Health Inc. boards and the Executive Committee for Absentee Health Systems, Shawnee and Little Axe (LSWN) continues monthly. The Finance staff has completed the December reconciliations and financials. It is imperative the accounting staff continue to stay ahead of all of the accounting so that audits go smoothly and Indirect Cost rates stay up to date. Indirect cost proposals cannot be submitted without completed audicts as the audit is used to calculate the proposal. There are many processes in place in your Tribe’s accounting department that ensure we keep accurate records of transactions. The Tribes’ accounting processes must be in compliance with GAAP; (Generally Accepted Accounting Principles) and GASB (Governmental Accounting Standards Board) and these rules are updated annually.

The Tribe currently has compact funds of BIA, I H S, and approximately 51 Grants. In addition, the Tribe operates a General Fund and an Indirect Cost Fund. The new clinic building payments are current and have not been late and projections are that they will continue to be current going forward.

The Absentee Shawnee Tribe’s Finance Department
Representative's Report

Hello Tribal Members,

January has come and gone and we are already in the month of February. The office of the Representative has been moving steadily in this new year and is working with the Cultural Preservation and the Programs staff on different ideas on how we can educate the Tribal members on our Respectable Culture. Program Director Joseph Blanchard has taken the Program to new levels and is starting to pull the Program out of the system of Grants alone and fund with money from within his Programs that he sees over. Never thought I would see that on paper but it is happening Mr. Blanchard. Thanks to you and your staff for taking the Cultural Preservation Program to this next level.

Phil Bradley who is over our Music Program is back and signing up Tribal members and other tribal friends for his music program so if you would like to learn to play the Guitar, Piano, Drums or would like to learn to sing, make sure you call the Music Program and sign up for a class. Please hurry cause classes are filling up quickly.

Programs that I was once over are doing well. I like to keep my eye on projects that were started under the Representative. The New Building Blocks Learning Center in Little Axe is moving forward with construction and I am very proud to have started that for our Absentee Shawnee infants and till they can get to school this is one that was needed in that area.

The children's camp that was supposed to have already been under construction is still in Progress to be funded by ICDBG Grant and will let you know the progress as I find out anything on this project. It's always a pleasure and it makes me smile when I can help our Tribal people in any endeavor that arises when I first came into office I was more than busy working with various programs and now I'm very happy with what I was Blessed with and I am still doing what I was doing before the change.

If you need to talk to me my door is open and you can come by and see me anytime or call and setup an appointment.

I would like to wish everyone a Happy Birthday that is in February, and Happy Valentine's Day to all tribal members and employees.

I would like to send out my condolences to the families that have lost loved ones in the past few months.

Representative Jeff Gibson

Secretary's Report

Hello Tribal members,

I hope that everyone is doing well, considering that the weather is not giving us a break on the flu, and sinus problems that seem to be plaguing everyone.

It has been very slow in my office due to the holidays and having people out sick, which has been all over campus not just my office. Now that the holidays are over for a while, we can get back down to business.

I attended the Intertribal Health Board meeting on the 14th of January, and we are now able to compact dialysis from the IHS, so that will be very good for the people that need dialysis on a regular basis, although I am not sure when this goes in to effect.

On another note, the Creek Nation out of Okmulgee had some donations that they had collected for the tornado victims and had not been able to get them to us until the 8th of January, these items were disbursed out to needy families both non-tribal and tribal and enough school supplies for about 200 students, which we put with the education department to give to our children when school starts in the fall. These school supplies were donated by a group of school children, they had raised money and Creek Nation matched the funds to help with the purchase of the school supplies.

One of the things I would like to do is explain the Guidelines and or purpose of some of our organizations, such as the TEC Board, the BIA regulations, monies from grants for the clinic and other entities, I say this because a few years ago I spoke up at the General Council asking for the TEC Board to be abolished, and now I know why it should not be abolished, it is for our tribes protection that some of these guidelines and Boards are in place. With the help of Scott Miller, the reason for the existence TEC Board is as follows:

- Thunderbird Entertainment Center, Inc. (TEC, Inc.) is a private corporation created under the Absentee Shawnee Tribal Corporation Code in 2000. There was initially one board member and the sole shareholder has been the Absentee Shawnee Tribe of Oklahoma.

Like all corporations, the certificate of incorporation included the stipulation TEC, Inc. could engage in any lawful business.

- The initial purpose of TEC, Inc was to obtain a liquor license with the Oklahoma Alcoholic Beverage Laws Enforcement Commission (ABLE Commission). TEC, Inc. entered into a management agreement with the Absentee Shawnee Tribe to operate the Jockey Club within Thunderbird Casino.

- In 2008, the TEC, Inc. board of directors was expanded to five members. Additional management duties were also extended to include the operation of all casinos belonging to the Absentee Shawnee Tribe, through a management agreement between the Tribe and TEC Inc.

- TEC, Inc. was created and expanded to provide increased protection for the Tribe from liability. The Oklahoma Supreme Court has ruled corporations, businesses, and Tribes who hold liquor license have subjected themselves to the authority and jurisdiction of the State of Oklahoma in regards to liquor related court (lawsuits involving alcohol related injuries).

- TEC, Inc. limits the assets a defendant may seek in a tort lawsuit.

- All vendor and business contracts are with TEC, Inc. This separates the Tribe from the business and limits the Tribes liability in the event of a contract dispute.

- The day-to-day operations have been delegated to a General Manager. The General Manager reports to the Board of Directors and provides monthly financial reports to the Tribe's Treasurer, Controller, Tax Administrator, Tax Commission, and Gaming Commission.

- The corporate documents are held by the corporation's Secretary, while the Tribal Secretary's Office maintains the incorporation documents.

- The Executive Committee sits as the Shareholder's Representative. This body elects the Board of Directors of TEC, Inc.

- The National Indian Gaming Commission (NIGC) has concerns with the Tribe having management oversight of gaming as well as oversight of the regulatory authority, the Absentee Shawnee Tribal Gaming Commission.

I also have a question for everyone, it was my understanding that when we were elected it was on a 24/7 basis and that we were not able to claim Overt time or Comp time. I would like for you as tribal members give me a call or any of the Executive Committee members how you feel about this statement. I am very interested in knowing what you as tribal members think.

Vera M. Dawsey
Secretary.

MESSAGE FROM THE ABSENTEE SHAWNEE TRIBE BEHAVIORAL HEALTH DEPARTMENT 405.701.7987

February is Teen Dating Violence Awareness Month

- Nearly 1.5 million high school students nationwide experience physical abuse from a dating partner in a single year.
- One in three adolescents in the U.S. is a victim of physical, sexual, emotional or verbal abuse from a dating partner a figure that far exceeds rates of other types of youth violence.
- One in 10 high school students have been purposefully hit, slapped, or physically hurt by a boyfriend or girlfriend.
- One quarter of high school girls have been victims of physical or sexual abuse.

Dating violence is a type of intimate partner violence. It occurs between two people in a close relationship. The nature of dating violence can be physical, emotional, or sexual.

- Physical—This occurs when a partner is pinched, hit, shoved, or kicked.
- Emotional—This means threatening a partner or harming his or her sense of self-worth. Examples include name calling, shaming, bullying, embarrassing on purpose, or keeping him/her away from friends and family.
- Sexual—This is forcing a partner to engage in a sex act when he or she does not or cannot consent.

Unhealthy relationships can start early and last a lifetime. Dating violence often starts with teasing and name calling. These behaviors are often thought to be a ‘normal’ part of a relationship. But these behaviors can lead to more serious violence like physical assault and rape. (Centers for Disease Control and Prevention, 2009 Youth Risk Behavior Survey.)

If you or someone you know has questions about Teen Dating Violence you may contact the Family Violence Prevention Coordinator at 405-273-2888 or 405-432-9657.

### Injury Prevention

Everyone has a fear of something in their life from spiders to snakes and anything else that would scare you. But did you know that a lot of older adults have a fear of falling! Yes this is true because it can get in the way with being able to live independently.

Here are some ideas from Centers for Disease Control and Prevention that can prevent you from falls inside your home.

- Improve lighting in darkened areas
- Make sure floors are not slippery, remove rugs that don’t have a non-slip bottom, or use double sided duct tape to hold the rug down
- Raise toilet seat, place non-slip rubber mats in the bath tub & a mat with a rubber bottom on the floor at the base of the tub
- Have handles to grab
- Night-lights in hallways, bathrooms and near stairs
- Keep cords and telephone lines neat and organized
- Remove clutter from the floor, walk ways & stairs which may cause a trip
- Always wear proper shoes with rubber soles. Avoid wearing slippers & house socks alone

If you have any questions about AST Injury Prevention Program please contact Rosie Tall Bear at the AST Little Axe Clinic at 405-447-0300 ext.7601 or email at rtallbear@astribe.com

CULTURAL PRESERVATION DEPARTMENT

The AST Cultural Preservation Department would like to pass along the following information concerning updates to each of our programs.

CULTURAL PRESERVATION

This past month, we held our first activity of the year for our Program. Of the 25 individuals to sign up, 11 held to their initial commitment, along with 2 last-minute, for a total of 13 attendees. On January 18th, they participated in a Ladies’ Beaded Collar skills class. The discussion and demonstration was lead by Mrs. Henryetta Ellis. After lunch and snacks, we got underway about 1:40 PM and completed clean-up by 5 PM. The small class will re-convene from 11 AM-1 PM on Saturday, February 8th, at the Police Substation in Little Axe, to complete their projects. It is my hope that those of you who participate will be able to take away a new skill upon the completion of each cultural class. It is our intent to have an activity each month, though it may not always be a cultural or skills demonstration. If you have questions about the skills classes, would like to lead a demonstration, or want our Program to provide a Dance exhibition, please call Joseph at Ext. 203, or send an email to joseph.blanchard@astribe.com

LIBRARY

We have a variety of resources available for checkout or your reading leisure including: magazines, newspapers, journals, CDs and DVDs. Our intern, Ashley Brokeshoulder has returned to finish out her final semester of studies at Texas Tech. We wish her well in her course work and look forward to her degree completion in a few months. In the meantime, the Library has posted the Librarian/Archivist position. Once the interviews are complete and a selection has been made, we’ll make a formal announcement in the March newsletter. If you have any concerns or questions about membership or circulation, please call us at ext. 122.

GIFT SHOP

The Gift Shop continues to make progress in sales and new inventory. At the time of this submission, we received our most recent orders from Indian House and Saddle Blanket. Please come in and view our selection of CDs in the Native style of music you prefer. We carry tunes for Powwow, NAC, and Stomp Dance. Also, the latest variety of bags, rugs and table cloths are now in stock. If we don’t have what you like, let us know. Oftentimes, we can ‘Special Order’ your request and have it on hand in a matter of days. If you have any questions, please call Esther at ext. 122, or by email at elowden@astribe.com

THPO

Our THPO program continues to make great strides and advancements. As previously discussed, we will be hosting a Heritage Resource Technician (HRT) Paraprofessional training in March. This will consist of 40 hours of Classroom and 40 hours of Field Work, for a total of 80 hours to complete the certification. After the course, Tribal members will have the chance to put their new skills to work almost immediately. There is ongoing preparation being completed in order for us to host this event, in conjunction with the National Forest Service. Likewise, along with this activity, there is another opportunity for us to assist the National Railway Association, which will require an additional 4-8 hours of ‘E-Safety’ training. These classes will be necessary for individuals to become employable with our programs, and offered at little or no cost to Tribal members.

Your concerns are important to us. We thank you for the continued support of our department as we continue to make changes to our programs, in order to provide the best service to our customers. Thank you for your time.

Joseph H. Blanchard
Cultural Preservation Director/ Tribal Historic Preservation Officer

SPOTLIGHT EMPLOYEE OF THE MONTH

Billie Thompson

Billie was recently hired as the Director of the Building Blocks (BB) Day Care Center. She is an Absentee Shawnee tribal member and she along with her family resides in Moore, Oklahoma.

Since coming to work for the Building Blocks program in August of 2013, Ms. Thompson has done a remarkable job by getting our program into Two Star compliance, updating the BB personnel manual, hiring well qualified staff and making our program literally 'shine'.

I am pleased to have Billie as one of my team leaders. She is a responsible and dedicated employee. Thank you, Billie.

GOVERNORS SPOTLIGHT EMPLOYEE

Governor Edwina Butler-Wolfe will be working with the six program department that she has oversight over and will monthly select an employee that is deemed to have contributed to their program and to the Absentee Shawnee tribe. The attributes to be considered are: Contributions to the community and the Tribe; leadership; performance and work ethic; teamwork. It is the intent of the Governor to recognize tribal employees who do a remarkable job and might not otherwise get recognized for their contributions. This special employee recognition program will be highlighted under my Office as the SPOTLIGHT EMPLOYEE OF THE MONTH program.

I, (Zachary Butler-Intertribal Agriculture Council), would like to take this opportunity to thank everyone who came to support the Intertribal Agriculture Council’s Mobile Farmers Market that visited the Tribal Complex and Little Axe Clinic on January 10, 2014. Mr. Daniel Cornelius of the Intertribal Agriculture Council and of the Great Lakes Region is on a ‘Connect the Tribal trading routes’ tour. He is traveling throughout the country to pick up Native American produced products (food, arts and crafts). The mobile farmers market was created in the fall of 2012. Mr. Cornelius and the Intertribal Agriculture Council received a Farmers Market Promotion Program grant to start the program and to purchase the vehicle that he uses to travel the country. The mobile farmers market has two main objective: 1) expand market access for Tribal food producers and 2) increase availability of fresh, healthy, and traditional food items, especially in remote Tribal communities. On his visit to the Absentee Shawnee Tribal complex he was able to bring Wild rice, syrup, jams and jellies, dried corn, beef jerky, dried blue corn meal, chocolate, beaded items, silver work and many other items. On behalf of myself, Zachary Butler, Dan Cornelius and the Intertribal Agriculture Council we appreciate all the support from the people and if you have any questions about how we can help with farming, ranching or land issues please contact me at (405) 747-7665 or zbutler@indianaglink.com, or questions about the mobile farmers market contact Dan Cornelius at (608) 280-1267 or dan@indianaglink.com.
Horse Shoe Bend After School Program
February 2014 News

On January 13, 2014 the Horse Shoe Bend after school program began its second semester. As-to-date not all of the Oklahoma Baptist University students have come back from their semester break yet. These students should return by the end of January. I was fortunate to be able to help the program out their first week of tutoring and it was an enjoyable week. The first day back from the school break we had 24 students in attendance. On day two we had 22, day three we had 24, and my fourth and final day we had 22. Students stay active in school functions and sports such as basketball, soccer, track, etc.

Currently, we are in the late planning stage of an Anti-Bullying/Suicide Awareness Program to be held on January 22, 2014 at the Horse Shoe Bend after school program. This special program will begin at 3:30 p.m. The Absentee Shawnee Police Department will do a presentation on anti-bullying and the MSPI Program will discuss their suicide prevention program. It is our intent to have this presentation given again at the Little Axe Resource Center in a couple of weeks to the Little Axe after School program attendees.

Bullying of our children and suicide prevention are serious concerns to me as a leader, parent and grandparent. I believe we need to offer as much encouragement and assistance to our students, teachers, and counselors and after school program coordinators as we can offer. It is my goal to partner in the upcoming year with Tribal leaders in our area to make more program opportunities available to our youth on these issues. Our children face enough challenges in getting class work done without being tormented by peers or others.

If you should have any questions pertaining to this program or would like to assist by volunteering I may be reached at 405-481-0397.

February 2014 News...

We are in the process of updating many things at Building Blocks. Our teachers were excited to learn that we will be changing our lesson plan strategy to include themes that are more age appropriate for each age group. We are adopting a Project approach to our lesson plans. Themes will last up to one month and each week will build upon the previous. Essentially, the children will have at least 4 weeks to learn the concepts rather than having the concepts change each week. One week is simply not enough time to allow retention of the concepts or development of true interest. Using a team teaching approach, they are developing themes based on the developmental stage of their classes and the interests of the children.

We have recently updated the Parent Handbook, as well as the Supplemental Personnel Handbook for Building Blocks Employees. These were outdated and did not effectively address some of the issues we were having on a regular basis.

We had our periodic monitoring visit from DHS recently. We had zero non-compliance issues, which is great news! Our STARS review will be coming up. I am in the process of compiling all of the necessary information and creating a STARS binder to prepare for this visit. As part of our STARS requirements, our Master Teachers needed to be trained in the Early Learning Guidelines. There are 2 categories for this: Infants, Toddlers & Twos AND ages three through five. Ms. Tammy & Ms. Glenda completed the training for the younger ages, while Ms. Dakota, Ms. Liz & Ms. Savannah completed the training for the older ages. The information they learned at this training is essential for the new lesson plan format. Eventually, all other teachers will be required to obtain this training as part of their professional development.

Dates to remember:
February 14th: Valentines Parties for Building Blocks children @ 3:00 pm February 17th: Closed for President’s Day

We are excited about our improvements!

**Recycling Program**

"To Establish a recycling program for municipal waste planning, reduction, and Recycling"

The Office of Environmental Health and Environmental Program is proud to announce the start of a new recycling program for the Absentee Shawnee Tribe. The recycling center is located in the yellow metal building adjacent to the OEH Department. The Absentee Shawnee Tribe (AST) Recycling Program Program declares that waste reduction and recycling are the preferable to the processing of municipal waste, and that removing certain materials from the municipal waste stream will decrease the flow of solid waste to municipal landfills. AST Recycling Program used the knowledge and information about recycling markets and market demand as well as information obtained from various publications and the internet to comprise an analysis of material the recycling program will address at the start of the program. AST Recycling Program Plan establishes a goal that, by year’s end 2013, at least 25% of the recyclable material produced by the Tribe will be recycled.

Reduce, Reuse, and Recycle

The AST recycling Program will initially focus on the following waste stream material: High-Grade shredded paper, Assorted office paper, Phone books, Magazines, Cardboard, Newspaper, and Aluminum cans. As the program and market develops, other recyclables will be sought. There is a cost associated with recycling. However, economic, social, and environmental benefits exceed these cost.

We hope to have a completed revised Constitution at the Fall General Council if we complete at least one of the remaining 6 articles at each CRC monthly meeting.

We completed the article on the Bill of Rights and Amendments. Discussion was had about the revised articles that we completed and compared them to other Tribe’s Constitutions. We decided our revisions were what best suit the needs of the AST.

At the next meeting we will discuss the Election Commission article which will entail the election process and the first election of the new government if the Constitution gets ratified.

The next Constitution Revision Committee will be meeting Thursday, February 20th at 6:30 pm at the Little Axe Resource Center.

If anyone would like to attend the meetings and assist us with the final revisions they are more than welcome to attend. As we have always said this is the Constitution for everyone so as much in put as possible is greatly appreciated.

The Absentee-Shawnee Elders Council held their first regular meeting of the year on Saturday, January 18th at Thunderbird casino at Little Axe. All current officers were present. They were: Dan Little Axe, Sr., President; Mary Birdtail, Vice-President; Cynthia Longhorn, Secretary and Betty Watson, Treasurer. President Little Axe called the meeting to order at 10:18 a.m. with a quorum of thirty-eight (38) tribal members and seven (7) guests/visitors (non-tribal) present. Others arrived during the meeting. The invocation was given by Lloyd Deere.

Those celebrating January birthdays included Gene Parker, Wynona Coon, Wanda Tiger and Stella Little. The Minutes of November 09, 2013 were available for review and comment. After a noted correction, a motion to approve was made by Serena Daugherty and seconded by Kathy Deere. The motion carried. The Minutes of December 16, 2013 were also available for review and comment. A motion to approve was made by Meredith Wahpekeche and seconded by Mel Switch. The motion carried.

The copies of the financial report for the month of October were available for review and comment. There was a question from Meredith Wahpekeche about Mary Birdtail’s name not being listed on the bank statement. It was agreed that this could be answered by the bank. The ending balance for the Elders Fund Raiser account for October was given to be $5,600.21 and the General Fund account $5,453.60. A motion to approve this report was made by Meredith Wahpekeche and seconded by Kathy Deere, the motion carried.

The financial report for the month of November was then reviewed by those present. The fund raiser balance was said to be $12,479.85 and the General Fund account balance was $8,154.13. A motion to approve this report was made by Mel Switch and seconded by June Buckner. The motion carried. The discussion on this report brought many questions on the pow wow of November 16th. Much of these centered on donations and raffle items. It was agreed that documented receipt and disbursement should be recorded on a form that could be kept current by an officer of the Council. The financial report for the month of December was reviewed next. The Fund Raiser account was stated to be $419.25 and the General Fund account was $732.61. A motion to approve the report was made by Emily Longman and seconded by Sadie Low. The motion carried.

Old Business: The pow wow of November 16, 2013 was discussed at length with many questions and comments. Many Council members felt a better system of receiving donations and giving away of such is needed. Ewell Longhorn suggested that an inventory be conducted to list all donations and presented at the next meeting to compare what is reported at this date. A motion to have a committee conduct the inventory was made by Meredith Wahpekeche and seconded by Emily Longman. The committee will be chaired by Donna Butler and the members will be Mary Birdtail, Sadie Low and Meredith Wahpekeche. The subject of contributions from the AST Vets also brought lengthy discussion. After many questions and comments, a motion to pay this group $594.15 was made by Wanda Tiger and seconded by Meredith Wahpekeche. The motion carried.

New Business: The subject of the pow wow at Thunderbird casino in July was then brought up. After many comments and suggestions it was decided that this item should be tabled for action at next months meeting. A motion to that effect was made by Mel Switch and seconded by June Buckner. The motion carried. The second subject under New Business was proposed changes to Guidelines. Proposed changes were submitted by Meredith Wahpekeche and Betty Watson. These proposals will be voted on next month for approval and denial.

Election of Officers was the next item of business before the Council. The following were elected for a three (3) year term: Dan Little Axe, Sr., President; Wynona Coon, Vice-President; Mary Birdtail, Secretary and Emily Longman, Treasurer. They will assume office and duties in February. Next Meeting Date: is February 15, 2014 at the Resource Center in Little Axe. A fund raiser event of chili and/or stew dinner will be held. Bingo will be held, also.

A motion to adjourn was made by Sadie Low and seconded by Trudy Pickering. The meeting adjourned at 12:40 p.m. The ‘Boot’ donation (cash donations) collected this date was $55.50.

If you have questions or comments contained in this summary, feel free to contact me at (405) 273-4137. This is the last of my summary of meetings for tribal members information. It has been my honor and privilege to have served as Elders Council Secretary.

Sincerely,
Cynthia Longhorn
Hello, my name is Betty L. Mahardy Watson and I have filed for the office of Lt. Governor.

I have a wide range of experience and expertise working with tribes on the national level on major issues involving economic development, financing, land into trust, land and water rights, public relations and negotiating intergovernmental agreements with various state and federal officials. In addition, I have the education and business experience as a business owner – independent oil & gas owner/operator/producer, home construction company, commercial TB race horse/breeding facility, consulting and management company. In addition, I served as an elected official of our tribe and Tribal Administrator. During this time, assisted in the purchase of trust property and wrote the grant for the infrastructure (water and sewage lagoon) to develop the land, this is the land that the Thunderbird Casino is located! Very few people will acknowledge this but it is true, check the BIA records. In addition, developed a 5-10 year economic development plan for the tribe. I wrote a grant to do a community needs assessment identifying all tribal members living in the Little Axe and Shawnee area identifying housing needs, sanitation facility needs, water needs, educational needs from grade school to high school, income and educational levels for adult training, health needs and we were able to justify our requests for grants and secure funding based on actual statistics.

I ask you to look at the tribes around us, they have all surpassed us! Why? Because of leadership and creating wealth through economic development! We have had no economic growth over the past 30 years. We need to elect individuals based on education & business experience, someone who can make economic development opportunities for the tribe. Our tribal membership is growing, we need additional revenues to support our growing tribe by creating additional revenues.

I want to help develop those revenues so that all members of the tribe can share in the benefits, not just the ones in the local area. Many tribes provide these services and benefits for their membership no matter where they live through revenues generated from their casinos and economic development projects. We can do the same with the right leadership.

I am asking for your support and vote as the next Lt. Governor of the tribe. I would be willing to meet with you or your families and discuss ways we can make this all happen. In addition, we need to elect officers who will honor our tribal constitution, oath of office and willing to work 100% for the tribe and will serve with dignity, integrity and respect. Thank you, you may call me at 405-761-6958.

My name is Wynona Sloat Coon, and I am a candidate for the Office of Lieutenant Governor. My parents were the late Henry and Eunice (Creek) Sloat. I have four children and eight grandchildren. My first employment with Tribe began in 1987 thru 1991, for Thunderbird Bingo. I returned in 1993 thru 2002, working in various departments with our Tribe and again returned in 2004. Currently, I am employed at the Little Axe Clinic as the Transportation and Community Outreach Director. Throughout my tenure with the Tribe in various departments has made it a valuable asset, thus giving me the experience, knowledge and skills to be instrumental in providing leadership qualities. Some of the various jobs and titles held that attribute to my qualifications: Co-Administrator of Health Programs, Grant Writer, Administrative Assistant Office of the Governor, Administrative Assistant Office of the Secretary, Special Projects, Coordinator, Clothing Allowance and Burial Assistance Director, and Grants Manager. Through those positions I gained skills and knowledge of negotiating, negotiating rulemaking, Congressional hearings, and budgetary processes. Our programs have not expanded nor enhanced in several years to meet the changing needs of the membership. We do not seem to be politically involved in the National, State or local levels to be able to keep ahead of changes that would or could affect us. We need to be pro-active and not re-active. Leadership is the key to our continued success and future to be prosperous and self sufficient for our children, grandchildren and our elderly.

During my employment I have seen our Tribe in the forefront in many different areas and now we seem to be lacking. Planning is must to know where we are going, where we want to be in five (5) years, ten (10) years. It is now important more than ever to seek other means of generating revenue, to be able to develop, expand our programs to become self sufficient for the future and be able to better serve our membership. I feel we have not made great strides in planning and it is time to get out of the status quo mode and move forward. I am asking for your support and vote to serve as your next Lt. Governor, I believe I have the qualities to provide good leadership and working with the other members of the Executive Committee to sit down and plan for the future. Thank you for your time and consideration. Respectfully, Wynona Coon

KATHY DEERE FOR LT. GOVERNOR

“Six essential qualities that are the key to success: Sincerity, Personal Integrity, Humility, Courtesy, Wisdom, and Charity.”

~Dr. William Claire Menninger

Greetings Tribal Members,

My name is Kathy Deere and I am a candidate for Lieutenant Governor. I have been serving as Treasurer for two terms and now would like to serve in the capacity of Lt. Governor. My goal is to change the way business is being conducted in the role of Lt. Governor, by improving communication to Executive Committee, Staff and with the best interest of Tribal Members. One of my greatest concerns was our last negotiation with Department of Interior, Bureau of Indian Affairs decreasing funding of compact dollars for the next ten years.

Our Tribe should be striving to be more self-sustainable, especially with the recent federal government shutdown. It didn’t affect us very much but the next time it happens it may endanger jobs because a good portion of tribal jobs rely on federal funding from grants. One of my main goals is to find ways to create more jobs and to boost our tribal economy without being so reliant on federal funds. We have an economic development board and we need to support them every way possible. We are dealing with some of the most critical issues facing our tribal government such as sequestration, the Affordable care act, the land buy-back program, and we must be consistent on how we approach these issues.

Being elected to the Executive Committee is one of the greatest honors the members can bestowed on an individual. We need to get back to the understanding that this is a respected and honored position. This is a vital part of tribal government and can only be accomplished if the executive committee displays the qualities of honesty, integrity, and transparency. We may not all agree or have the same viewpoints but in the end we should work together in the best interest of the tribe. If elected I will strive to accomplish this goal.

I attend all Executive Committee Meetings, General Council, and special called meetings. Also, attend various meetings with our local, state, and federal government. I vote in every election I can whether it is tribal, city, state, and federal.

My parents were Kenneth Little Axe and Estelline Washington Little Axe Littlecreek. They had five girls and one son who died as an infant and I am the eldest. I’m proud to be both Big Jim and White Turkey Bands. My mother was enrolled Eastern Shawnee and father enrolled Absentee Shawnee.

Raised in Oklahoma City, I live with my husband, Lloyd, two daughters, one granddaughter, and one grandson in Little Axe, OK. I have over 34+ years of tribal, federal and state government service. My previous employment have been with elected Absentee Shawnee Tribal Treasurer, Tinker AFB, in Ok, Indian Health Service-Oklahoma Area Office, Shawnee Service Unit and Carl Albert Indian Hospital, Ada, Ok, University of Oklahoma-College of Liberal Studies, University Hospital which is now OU Medical Center and have owned and operated direct selling products such as Mary Kay, Home Interiors, and Tupperware.

I hope to have the honor and opportunity to serve as Lt. Governor of Absentee Shawnee Tribe of Indians of Oklahoma. Our goals are to continually improve education, health, and services for tribal members. As I served as tribal treasurer for two (2) terms, we received a grant for Community Development Financing Institution for two products: credit builder and small business loans. For the first time in two years, we will have the Volunteer Income Tax Assistance programs for our tribal members. I will continue to look for ways to best serve our community. I want to continue to better serve our community and tribal members.

VOTE KATHY DEERE FOR LT. GOVERNOR
ACCOUNTABILITY, INTEGRITY, HONESTY, AND STABILITY.

My name is Dewayne Wilson. My Shawnee name is “Nikoni-ibawiiwi”. I am running for Tribal Representative of the Absentee Shawnee Tribe. My grandmother was Catherine Longman Mas-quat. My mother was Charlene “Chuggy” Atwell. My grandmother and mother both instilled the importance of this tribe and our culture. I am running for office to be more involved in tribal affairs and make a contribution to the Absentee Shawnee Tribe. I obtained an Applied Associate degree from Haskell Indian JR College in Lawrence, Kansas, in 1986. I furthered my education by obtaining a Bachelor of Science degree in 1989 in Sociology/ Psychology at Pittsburg State University in Pittsburg, Kansas and a Master of Education in 2004 from the University of Oklahoma in Norman. I became involved in Native politics while attending Haskell and was elected Student Senate President.

I began working for tribal governments in the early 1990’s. I became involved in law enforcement, youth issues, alcohol/drug prevention and tribal court processes. I worked with tribal, local, state and federal governments to develop strategies and enhance community relations. I also became an advocate for Native American youths and family support.

I am running for the Office of Tribal Representative because I care about our tribe and services that should be available to our tribal members. I feel a professional work environment is needed to instill integrity, professionalism, and accountability. I believe the tribe needs to take a more active role toward economic development and sustainability, so services are enhanced and others are developed. We need to ensure the trust responsibility is upheld to receive fair and equitable treatment regarding tribal issues.

In closing, I would like to thank our past election officials and elders that have come before me, for what they have accomplished for the tribe. I would like to ask for your support on March 15, 2014, in pursuing services for our elders, children and future generations. You can contact me by email at: ndnleadhouse@yahoo.com

Respectfully,

Dewayne Wilson

EWELL LONGHORN FOR TREASURER

I previously served as Treasurer from 2006-2008. I learned very much during my two year term. Two years is really a short time but I am proud to point out a few accomplishments during my term:

Intervened to stop the sale of our bank that would have resulted in a loss by the Tribe of $1.6 million.

Directed and supervised the finance Department in bringing the Tribe’s Indirect Cost Agreements with the BIA current. When I took office the Tribe was two years without a current Agreement and our federal funding agencies were threatening to stop funding our grants unless we had a current Agreement. Cut the cost of the Tribe’s annual audit by almost 50%. The Tribe was paying two separate audit firms to complete the audit. I directed the finance Department in eliminating one of the audit firms resulting in a savings of approximately $50,000 for each annual audit.

Before the big recession that began in late 2007, I saw the downturn coming and directed our investment funds to begin selling the riskier investments in the Tribe’s investment portfolio. I believe large potential losses were avoided by this action.

Since I left office in 2008 I’ve continued working with Tribal governments as an economic development consultant and as executive director for a large tribe. I hope to serve my Tribe again as Treasurer. A few of my goals will be as follow:

1. Analyze our businesses (includes two casinos now and a bank) and determine why we are still unable to make per capita payments to our Elders.

2. Search and apply for new grant opportunities for tribal projects especially in the areas of renewable energy and farming on the Tribe’s lands and those of our Tribal members.

3. Expand and develop training and job placement services for Tribal members especially our young Tribal members from the ages of 18 to 30 years old.

4. Young families often need more assistance to prepare for and to find better jobs.

I am proud to say I am an Absentee Shawnee with a bachelor’s degree in business, seven years experience in the banking industry and over 20 years working with tribes. I hope to receive your support and vote in the election!

ARE YOU ABLE TO GIVE A CHILD HOPE?
Foster parents provide a temporary and safe home for children that are in a crisis situation. If you have the desire to make a difference in a child’s life and you have love to give, we need you.

Can you love and care for a child who comes from a difficult background? Can you help a child develop a sense of belonging? Can you help a child know their cultural background, and be proud of their Native American heritage?

FOSTER PARENTS PROVIDE A TEMPORARY, SAFE HOME FOR CHILDREN IN CRISIS. THEY ARE PARTNERS WHO WORK WITH CHILD WELFARE WORKERS, LAWYERS, JUDGES, BUT MOST IMPORTANTLY THEY ARE A BEACON OF HOPE, FOR THOSE THAT MAY HAVE GIVEN UP ON HOPE.

There are children in our tribe that are in need of a loving home and family to help them through a very tough time. Please think about opening your home to a foster child. Our children need safe, supportive environments that promote healing and love.

If you find yourself and your family interested in providing foster care, please contact: Julie Wilson, CPS/Foster Care Worker 405-878-4702 ext. 133

A Child Like Me?

With saddened eyes and head bent low, It’s damaged goods most see.
With my unclear past and broken heart, Who would want a child like me?
I watch her walk into the room. From a distance I can see.

But dare I take a closer step? Who would want a child like me? And then I see her look my way. She smiles so tenderly.

But do I even dare to dream,
She would want a child like me? And then, as if I spoke out loud, She approaches cautiously.

I try so hard to once believe, She will want a child like me.
But dare I once let down my guard, And trust that she will see,
Hiding beneath this old stained shirt, Is a beautiful child like me?
My smile, they say, lights up a room. I’ll be good as good can be.

Oh, please, dear God, let her want
A special child like me.
I feel her hand reach out for mine, And within her eyes I see,
A single, tiny, shining tear. Could she want a child like me?
And when she takes me in her arms, With a warmth so pure and new,
She says the words I’ve prayed to hear, “The child I want is you”

FOSTER CARE

This article appears in the Daily Times in Farmington, New Mexico. And even though this talks about the foster care program and tribal children in foster care, this article can speak on behalf of what the Absentee Shawnee Tribe Foster Care and other tribes are going thru. Finding foster homes is a necessary to not only protect AST children but to also maintain their cultural identity, heritage and traditions. The Absentee is a small tribe and we should be able to work as ONE TRIBE to care for the AST children. If you have any questions, contact the ICW department at (405)275-4030.

“Only two foster homes in San Juan County belong to American Indian families, but more than half of the 85 children in foster care now are American Indian. That means about 40 American Indian youths in the local foster system are living with non-native families. The Children, Youth and Families Department, charged with placing children in alternate homes if their own families are deemed unsafe for reasons of abuse or neglect, is having a hard time finding enough native families for the number of native children in the system.

The department does everything it can to match a child with a family of a similar background. That doesn’t work when fewer homes than children are in the system, which means native children more often than not end up in non-native families. This is contrary to federal policy, which directs the department to make every effort to place children of American Indian decent in homes that nourish their cultural identity. But without more native families stepping up to offer a home for children, there is little the department can do to remedy this situation.

The Indian Child Welfare Act provides four placement options, which the department must pursue in descending order every time it places a native child. The first option is to place American Indian children with a relative who can provide a safe environment and who eventually attains a foster care license. The second option is for a child to be placed in a family from the same American Indian tribe. The third is for the child to be placed with a American Indian family not of the same tribe. The final option, and the one the CYFD most often uses, is matching native children with non-native families that simply have a foster care license.

This is a loss for children and for potential foster families. It’s also a loss when it comes to efforts to revitalize native traditions and teach them to the children. We encourage all native families with the resources that can allow children a home to contact the Children, Youth and Families Department. Fostering a child is one of the most rewarding things a family can do.”

In the state of Oklahoma alone, there are almost 3000 Native American children in the foster care program with a majority of these children placed in non-native placements. Now imagine if your son, daughter, grand children were placed in another home that didn’t teach or understand the Absentee Shawnee traditions. What would happen to their identity, their sense of being a AST, their sense of belonging and being proud of being a Absentee Shawnee?

The AST ICW dept are in need to foster homes. Emergency homes, temporary homes, it doesn’t matter. We have made it a goal to get certify at least 5 homes to be foster homes for the AST. With obtaining more every year from this point on. It takes ONE TRIBE to care for ONE CHILD. As the great Tecumseh said, “A SINGLE TWIG BREAKS BUT A BUNDLE OF TWIGS IS STRONG.”

Are you at risk for diabetes, have diabetes or know someone who does? Type 2 diabetes is the most common type of diabetes and affects millions of Native Americans. Many people are unaware that they have diabetes or pre-diabetes. Native Americans are twice as likely to develop Type 2 diabetes than others. Some common signs and symptoms include:

- Frequent infections
- Blurred vision
- Cuts/bruises that are slow to heal
- Tingling/numbness in the hands/feet
- Recurring skin, gum, or bladder infections

Often people with type 2 diabetes have no symptoms.

Some ways to prevent and manage diabetes is through healthy lifestyle behaviors. One question that many people with diabetes or pre-diabetes often ask is “What can I eat?”. The American Diabetes Association states that you do not have to be deprived or restricted. The key factors are learning what are the “superfoods”, how much of it you can have and how often. Getting into the habit of eating a healthy diet helps you manage diabetes and prevent complications caused by diabetes.

The following foods are listed on the American Diabetes Association website as “superfoods”. Try to incorporate as many of these foods into your daily meal plan to enhance the nutrient content of your meals.

The foods listed have a low glycemic index (causes slower rise in blood glucose after eating) and provide key nutrients that are lacking in the typical western diet such as:

- calcium
- potassium
- magnesium
- vitamins A, C, and E.

Beans, dark green leafy vegetables, citrus fruit, sweet potatoes, berries, tomatoes, fish high in Omega-3 fatty acids, whole grains, nuts, fat-free milk and yogurt. To learn more about eating these superfoods and recipes visit diabetes.org and sign up for Wellness and Healthy Eating classes at the Little Axe Clinic. Call Sidna McKane to sign up at 405 701-7977.
