OKC Pow Wow Club Co-Hosts Honor Dance for Congresswoman Kendra Horn

A dance was held in honor of newly elected district 5 representative Kendra Horn. Horn is the first democrat to represent the district in 44 years, and the first democrat to be elected to the House of Representatives from Oklahoma in 8 years. Horn's core campaign values include funding for Education, to protect and expand access to quality healthcare and Medicare, equal pay for women and expanded paid family leave for all Oklahoma workers, common sense gun safety, affordable higher education and increased minimum wage, rural economic development, and improved infrastructure.

The dance took place on Sunday, December 16th at Shawnee Middle School in Shawnee, Oklahoma. The event was hosted by the Oklahoma City Pow Wow Club. Head dancers were Graham Primeaux (male), Devin Rain Potter (female), and Michael Tslotadle (gourd). The head singer was Mark Wilson. Sen. Enoch "Kelly" Haney was an Honored Elder.

Invited special guests included United Indian Nations of Oklahoma, Kansas, and Texas Chairman George Tiger; UIOKT Secretary Margo Gray, member of Osage Nation Minerals Council; Sac & Fox Chief Kay Rhoads; Absentee Shawnee Governor Edwina Butler-Wolfe; Citizen Potawatomi Nation Chief Greg Chilcoat; Pawnee Nation President Bruce Pratt; Cherokee Nation Tribal Council Member Wanda Hatfield; Cheyenne-Arapaho Governor Reggie Wassana; Kiowa Tribe Chairman Matt Komalty; Oklahoma City Muscogee Association; Choctaw Alliance; and the Oklahoma City Chickasaw Community Center.

Governor’s Report

By AST Governor Edwina Butler-Wolfe
405 275-4030, Ext: 6308
405 481-0397 Cell Number (tribal)

Hello Fellow AST Tribal Members,

I hope everyone had a Merry Christmas and a safe New Years. As the New Year is here, the Executive Committee is looking at positive changes in our Great Tribe. We have gone through an extensive budget process to set the 2019 tribal budget and are hopeful we can be successful in generating additional revenue. Unfortunately, as of print of this newsletter, the federal government is partially shut down over funding for a border wall. If the dispute between the president and Congress is not resolved, the shutdown will affect our federal funding. As of December 21, 2018, we were able to draw down funds available through a Continuing Resolution passed by Congress on December 7, 2018. Both my office and the Lt. Governor’s office are monitoring the situation.

The State of Oklahoma is looking at a new Governor that will take office on January 14, 2018. I hope the new Governor will work with tribes and see us as partners in the overall success of the state. The November 2018 election gave us a big surprise with the Fifth Congressional District electing Ms. Kendra Horn, Democrat, over Republican Incumbent Steve Russell. Part of our jurisdictional boundary is in the Fifth District and I am very excited to work with Congresswoman Horn. With the newly elected state and federal officials, I hope they will work for the best interest of the people instead of their political party.

THE HONORABLE ROBERT WILKIE, SECRETARY OF VETERANS AFFAIRS

On November 8, 2018 Lt. Governor Blanchard and I attended a Tribal Nations Veterans Town Hall at the Chickasaw Nation, Ada, Oklahoma. Chickasaw Nation Governor Bill Anoatubby and National Congress of American Indians (NCAI) President and Chickasaw Nation Lt. Governor Jefferson Keel hosted the Town Hall, where the Honorable Secretary of Veterans Affairs Robert Wilkie addressed issues Native Veterans face in VA services. Secretary Wilkie provided some proposed solutions to help not only Native Veterans, but all Veterans who are having difficulties accessing services.

Secretary Wilkie was confirmed by the United States Senate on July 23, 2018 and was and sworn in on July 30, 2018 to serve as the Tenth Secretary of Veterans Affairs. Before confirmation as VA Secretary, Mr. Wilkie served under Secretary of Defense James Mattis as his Under Secretary for Personnel and Readiness -- the principal advisor to Secretary Mattis and Deputy Secretary of Defense for Total Force Management as it relates to readiness, National Guard and Reserve component affairs, health affairs, training, and personnel requirements and management, including equal opportunity, morale, welfare, recreation, and the quality of life for military families.

Mr. Wilkie has more than 20 years of federal service at the national and international levels. During the George W. Bush Administration, Mr. Wilkie served both Robert Gates and Donald Rumsfeld as Assistant Secretary of Defense from 2005 – 2009, and he was the youngest senior leader in the Department. Mr. Wilkie was Special Assistant to the President for National Security Affairs and a Senior Director of the National Security Council under Dr. Condoleezza Rice. He also has extensive experience in the United States Congress, including recent service as Senior Advisor to Senator Thom Tillis and service as Counsel and Advisor on International Security Affairs to the Majority Leader of the United States Senate, the Honorable Trent Lott.

Tribal leaders of Oklahoma’s 39 tribes were invited to attend. Tribes that were represented were:

Seminole Nation Principal Chief Greg Chilcoat and Second Chief Lewis Johnson, Cheyenne & Arapaho Tribes Governor Reggie Wassana and Lt. Governor Gilbert Miles, Chickasaw Nation Governor Bill Anoatubby and Lt. Governor Jefferson Keel and Absentee Shawnee Tribe Governor Edwina Butler-Wolfe and Lt. Governor Kenneth Blanchard. Other Oklahoma state officials joined the new secretary at the Chickasaw Nation Community Center. Secretary Wilkie mentioned the Suicide Task Force will be a national effort to provide the needed assistance to Veterans who are seeking help.

One of the VA issues our tribe is facing is the renewal of the contract of services between the VA and our health system. There is a lapse in time on the renewal of contracts, which has slowed payment and services for our Veterans. I did
Executive Committee

address this issue at the Town Hall and Secretary Wilkie indicated that it was a concern and they are working on getting things in order for faster renewals of contracts that tribes have with the Veterans Administration.

CONGRESSWOMAN KENDRA HORN

On December 16, 2018 the Oklahoma City Pow-Wow Club hosted an Honor Pow-Wow for Congresswoman Kendra Horn at Shawnee Middle School. There were three tribes represented at the event; Vice-Chair Linda Capps, Citizen Potawatomi Nation; Lt. Governor Gilbert Miles, Cheyenne & Arapaho Tribes; Governor Edwina Butler-Wolfe and Representative Atheda Fletcher, Absentee Shawnee Tribe; and a representative from the Cherokee Nation. Tribal leaders that were present had a chance to visit with Congresswoman Horn in an offsite room. Some of the topics were: Protecting our Sovereignty as Nations, court cases of the recent ruling in Texas pertaining to the Indian Child Welfare, Adult Care, Health, Water Rights, and Department of Transportation Self-Governance Negotiated Rule Making.

Congresswoman Horn ran two nonprofits focused on developing leadership skills and encouraging women to run for public office. Congresswoman Horn has also worked in the aerospace industry, Oklahoma’s second largest public sector employer. She also brings a deep understanding of how government should work and, as an attorney and mediator, has experience bringing people with differing opinions together.

LITTLE AXE PUBLIC SCHOOL MEETING

On December 18, 2018 the Absentee Shawnee Tribe Education Director Tresha Spoon, After School Coordinator Blake Goodman and I attended an Indian Education Parent Committee meeting at Little Axe Public Schools. The meeting addressed information on the federal programs and funding the school receives for the Native student population. There has been confusion and lack of understanding by several area schools on the consultation policy in the Every Student Succeeds Act. Each school district receiving federal funds for their Native student population is required to have an annual consultation with tribes on the activities and funding. Some school districts contend Parent Committee Meetings are Consultations, which is been very disturbing to me.

The Every Student Succeeds Act was signed by President Obama on December 10, 2015 and was designed so Tribal leaders and school superintendents could come together in consultation to discuss federal dollars that public schools receive and how those federal dollars are spent. The Title VI Grant is for American Indian students and those dollars should be spent only on Indian Students. I am finding that a few of our area schools are not following the law.

We hope in the near future all area public schools follow what the law is design to do!!

Lt. Governor Reports

By Kenneth Blanchard
AST Lt. Governor

Greetings’ Tribal Members,

I hope everyone had a blessed Holiday with family and friends.

November was a very busy month and I want to share with you the events this office was involved in on your behalf.

November 5th at 11:00 a.m. Oklahoma Governor Mary Fallon hosted a Luncheon for the Tribal Leaders of Indian Nations in OK, and at 5:30 p.m. The Pottawatomie County OSU Extension Agriculture Program held a meeting and a steak dinner. I attended both events.

November 6th the Executive Committee met with Finance Staff to review the 2019 Budgets.

November 7th Media Director, Sherman Tiger and I attended the Stroud CTSA Headstart Grand Opening.

November 12th AST closed in honor of Veterans’ Day.

November 13th at 6:00 p.m. Central OK Community Action Agency held a Banquet at the Shawnee Expo Center. Governor Edwina Butler-Wolfe, Secretary John Johnson, Representative Atheda Fletcher, Social Services Director Annette Wilson and her Assistant Sherry Clum, my Administrative Assistant Diane Ponkilla and I represented the Absentee Shawnee Tribe.

November 26th at 11:00 a.m. a meeting was held at the old Lillard Pipe and Supply building on HWY 177 to discuss the possibility of renovations and to relocate the MEDIA Department there.

Discussion continues regarding the sale of the Cattle herd. I am checking into all avenues toward honoring the request. The following is the cattle count;

Other: The acting Lt. Governor, John R. Johnson made an agreement with a Tribal Member the AST would care for 9 head of his cattle in exchange for the use of his farm equipment to process hay for all the cattle. Also if his cow was to breed with AST Bull, and, if the calf born was pure black the AST would be allowed to keep it. However, if the new born was a lighter color the agreement was, the Tribal Member would own it.
January 2019

Secretary Report

Tribal members,

The holidays are over and the New Year has begun. I hope this New Year brings many blessings to you and your families. Many of our departments are preparing for the upcoming year with updates and renewals.

The Title VI department will be accepting new intake forms for 2019. If you haven’t done so already, please stop by or request a new form for 2019. All your information will need to be updated for the New Year. If you have any questions please direct them to the Title VI director, Dos Dwyer.

Enrollment has recently updated the current progeny software to Progeny 10. The new software will give Enrollment a more detailed reporting system. Also I would like to say “Thank you” to all the tribal members that have updated within the department, moving forward it will make reporting so much easier and more accurate when requested.

January is stalking awareness month in Domestic Violence. If you have any questions or concerns you may reach the DV department or obtain information on the tribal website. All services are always confidential, so please don’t be afraid to ask for help.

As you all know Laser-Fiche was introduced to the tribe. At the time only a few departments were involved, not most of the Tribal departments are on board. With Laser-Fiche in place each department will be able to internally communicate with one another through an internal paperless process. Each department may request information for each other for a faster and secure response. I am very pleased with how Laser-Fiche will benefit the tribe and its members.

Over the past few months I have been working diligently to breathe new life into our federally chartered Absentee Shawnee Economic Development Authority (ASEDA). We hope to fill the board by the end of January. Since December of 2018, the ASEDAC board has not had any action. In the final general counsel, I heard our members loud and clear regarding the urgency for action on economic development. While we have a continued focus on our 8a initiatives, we have also been working on development for our properties. We have reviewed all of our properties and have identified some priority areas for economic development. The targeted areas are as follows in the order of priority:

1. New Strip Mall to replace C-Store on Highway 9 & Pebble Rd. in Little Axe. Back in March 2017 you may remember the C-store shutting down and the tribe taking over the operations to get the c-store back operational. I led an action team to revolve the c-store and implement operational and financial standards. In May 2017, our C-store was back up and running and has since, been doing well. However, the building is very old and has been in need of continuous major repairs. Highway 9 from Norman is in the process of becoming a 4 lane highway and a stop light is slated for Pebble Rd. and Highway 9. My vision is to build for the future and drive economic development that will support our current programs. The strip mall would bring more gravity to our casino in IA. The strip mall concept would house a more energy efficient c-store, a subway franchise, a discount pharmacy and some lease space that ASEDAC can charge rent for. Our health system would also have their portion in the strip mall since they have already outgrown their space. Along with the strip mall would be digital billboards that would assist in marketing all of our economic development programs. The timeline of the strip mall is late fall or early winter of 2019.

2. Clean up & development on Tecumseh Square. This has been designated as an EPA Brownfield Project and will be cleaned up by mid-to-late summer of 2019. Additionally, we have identified this area as a high priority for a roads project to support our development. Ideally we would want to attract a business on our property that would provide a long-term lease and additional benefits to our members. A long-term lease would provide a stabilized revenue stream to the tribe.

3. Clean up & development on I-40 & Earlboro Rd. This has been designated as an EPA Brownfield Project and will be cleaned up by mid-summer or early fall of 2019. I have been researching multiple grants that could help bring development onto this site as early as 2020. Currently we have a minimal lease with FedEx to park their vehicles. I have reach out to FedEx to see if there is anything we could do to provide more services to them that would enhance our lease rate. There has been plenty of plans for this location. But not very much action has happened. Whichever action we choose, a direction towards progress is better than doing nothing. I choose to push for progress.

4. Clean up & development on Lillard Property off of Highway 177 & Benson Rd. Since Pottawatomie County left our property in 2017, this site has sat empty and just collected unwanted items. My recommendation is to move some tribal government operations into the space; specifically the media department. Additionally, we could also plan for economic development lease opportunities. I have been looking for potential grant opportunities that could support growth on this site in 2021.

Fee to Trust

For the past 6 years we have been waiting on getting our health clinic site in Little Axe moved from Fee land to Trust land. In May 2017, the initiative was restarted but was slowed down again on the tribe side. In October of this year I was unhappy with the minimal progress of this vitally important undertaking. I partnered with Treasurer Ellis to take over the procedures and upon review we found numerous steps that were to be completed on the tribe side that were still undone. I develop an action plan to complete assigned tasks. I met with the Mayor Lynn Miller, Commissioner Darry Stacey, Cleveland County Commissioner – District 2 to also gain his support. Both have written letters of support and we are moving forward on finalizing the process on the tribe side.

Support Growth of Current Programs

As shareholder’s representative of our health system, I have been privileged to be part of the continued growth of our health program. Over the past few years, current and past members of the EC fought against the growth initiatives of our health system. Additionally, there was a movement to make our health system unstable by taking Melphord Switch off the health board. I voted against that and I fought hard to get him back on and to keep our health system stable. I have consistently been supportive of advancing our health program and will continue to support their endeavors to provide better and more services to our tribal members. Recently I attended the strategic planning meeting where the health board and management team identified multiple development opportunities that would provide additional services to our members and continued financial growth. Potential projects included in the strategic planning meeting included an assisted living center for our members, ambulatory surgery center and focused efforts on the patient experience. Recently I was invited to hear multiple proposals for economic development around our casino in Little Axe. I support the growth of our site to potentially include a hotel, driving range and RV Park. I recommend that our tribe learn best practices from other tribal nations regarding economic development. But we cannot get caught up on analysis paralysis. Going forward, we must be focused on action and not just talk of action. I am committed to the progression of our tribe’s economic development. Please contact me if you have other ideas to drive our tribe forward.

Secretary Johnson
Treasurer Report

By Phillip Ellis
AST Treasurer

I’d like to take this opportunity to thank everyone for their continued support and patience as we in the Office of the Treasurer move forward with what I feel are positive changes that are beneficial for all under the AST umbrella. With that being said, the departments under the Office of the Treasurer (Finance Department, Procurement Department, Grants Department, Realty Department, and the IT Department) are making major strides on improving the effectiveness, efficiency, and accountability overall. For this month’s report I’d like to highlight a number of initiatives that we are currently engaged in.

Decreasing Waste & Looking for Cost Savings Measures
Over the past 6 months I’ve tasked the departments under the treasurer’s oversight along with the tribe’s programs to seek out cost savings measures and ways to decrease waste. As a consequence, the following examples represent just a few highlights I’ve supported to ensure our tribal assets are protected and tribal funds are spent appropriately:
- Installation of a security fence for Procurement Department to protect and secure our fixed assets from theft and/or misuse
- Implementation of a new payroll system to maximize efficiency and effectiveness through a quicker and simpler way of processing payroll while reducing errors
- Implementation of Amplifund – software to manage every stage of a grants lifecycle to ensure budget and performance accountability
- Implementation of an e-purchasing system to improve and streamline the purchasing process to ensure asset control and purchasing efficiency
- Continued enhancement of IT security to protect our entire computer system from theft or damage that may cause disruption or misdirection of services and information
- Implementation of a fraud & compliance hotline to report possible theft and/or misuse of tribal assets
- Implementation to standardize our phones, computers, printers, etc.

The common thread among these examples is leveraging technology. In my opinion, technology increases worker productivity, decreases operational costs, and improves accountability. Therefore, in all areas where tribal assets are involved, I’m diligently pursuing with my departments to implement technological tools in order to decrease waste and improve cost savings through cost containment measures.

Cattle Audit Update & Sell Vote
In one of our recently held Monday morning EC meetings, we collectively discussed the cattle program. After careful consideration it’s been decided to terminate the cattle program and they’re to be sold not later than June, 30, 2019. Moreover, if a resolution is needed than I will craft and present it to the EC for a vote during on. As previously noted in the Nov. article, our cattle program has consistently expended more than it’s returned. We cannot continually afford to support programs that are not benefiting the tribe and costing the tribe resources and money; which this program has done over the years.

Financial Literacy Update
In November we began to roll out our first financial literacy sessions. Financial competency in our Native community is critical for securing a better future individually and collectively. When our members, families, businesses, and tribe make better financial decisions, it benefits all of us and helps strengthen our AST community. That’s why I’ve started a financial literacy education focus for our members. On Nov. 28th, we held an AST tribal elder financial literacy training in Little Axe. Thirty-eight attendees were present to hear about Elder Fraud and Wills & Trusts. As an attempt to prevent fraud trash can shredders were provided for all attendees. My plan is to continually enhance our efforts to build financial capability in our youth, young adults, veterans, elders, and all tribal citizens. More financial literacy offerings will be held throughout 2019.

Realty Update
Due to increasing tribal member needs and the complexity of the tribe’s realty responsibilities, I’ve decided to make some changes with the Realty Department that I believe will lead to some positive results. Two of the immediate changes that are occurring are (1) a change in the department director and (2) re-implementation of the wills program. Going forward, we will be working closely with a number of external organizations during this transition period to provide the probate and realty services required by our AST members. Moreover, we will be increasing the staffing in the Realty Department to accommodate those increasing needs and responsibilities.

As the fractionalization of our land continues to worsen each day, I felt that it was necessary to have a land fractionalization class led by an individual knowledgeable in such an issue. Therefore, I have scheduled a Land Fractionalization informational meeting for our members on Saturday, Feb. 2nd from 10am – 4pm which will be presented by Donnie Smith, Jr., Fiduciary Trust Officer for the Southern Plains Regional Office. Breakfast and lunch will be served by the office of the Treasurer.

As I mentioned, I intend to re-implement a wills writing service/program to hopefully alleviate some of the problems associated with the land fractionalization issue. I’ve reached out to Oklahoma Indian Legal Services, Inc. (OILS) and we’ve tentatively agreed in 2019 to have four (4) Wills/Trusts/Probates clinics. Those dates, times, and locations are listed below:

<table>
<thead>
<tr>

I’m finalizing some of the finer details of engaging OILS to provide that wills writing services to a majority of our members so bear with me as I get this done. Please be aware, currently there are income restrictions in place so you may not qualify immediately, but I’m working to get the vast majority qualified. In the meantime, please call Stephanie Hudson at 405-943-6457 to reserve your clinic time and find out if you qualify immediately.

Audit Update
We have started our 2018 tribal audit earlier this year. Baker Tilly, our external auditing firm, began performing the test of controls during the month of December. They will return in the spring of 2019 to perform the substantive testing of our financial records. It’s a goal of mine to clean-up our financial statements line items and audit findings going forward. In my opinion, strong financials along with no audit findings is a major accomplishment for any organization.
Representative’s Report

afletcher@astribe.com

Now that we have left 2018 behind, it is that time of the year that I reflect on the past six months work—the highs and the lows, the biggest wins and missed opportunities. I use this information to help set forth new goals for the year ahead. The New Year will bring new opportunities and this demands hard work. I and my staff members are committed and ready to make 2019 bigger and better for our tribe. Together we will achieve the best for all.

Following are summaries of the activities and results since my last report to close out 2018.

Human Resources

As previously stated, the 4th quarter for the HR Department is packed with loads of work. The 2019 Open Enrollment process was very successful. With the use of hands on meetings and web portals for enrollment data collection, HR staff successfully processed 328 employees in four days at the Little Axe Campus and the Shawnee Campus.

The biggest success for my HR Department this year is the value that will be seen in the subsidy received from InsureOK. HR staff’s hard work with our employees and InsureOK results in $209,655 in subsidy to our tribe for 2019 insurance premiums. This is a huge financial value!! This is a win for our qualifying employees and our tribe.

The second highlight for the HR Department is the implementation of the new Employee Longevity Recognition Awards Program. This award is an important way to show staff that their contribution over the years is valued. Awards were given out at the Employee Appreciation Event in November. At the event, we recognized 101 employees with 5 years of service, 31 employees with 10 years of service, 4 employees with 15 years of service and 2 employees with 20 years of service.

The work for 2018 has wrapped up and the staff is forging ahead on 2019 initiatives. The major projects for 2019 are: 1) policies and procedures, 2) implementation of a new payroll system, 3) branding, 4) 401K open enrollment, and 5) employee training classes.

These are only a few of the initiatives that the HR Department will be undertaking within the first six months of 2019. We will continue to focus on internal improvements to bring more value to our employees and the tribe. The HR Department will provide detailed reports on a quarterly basis in 2019.

Cultural Preservation

FCC — Cultural Preservation (CP) hosted a Tribal Caucus meeting on November 1, 2018 to discuss updates on the FCC lawsuits. The meeting was led by Sheila Bird, Director of Cultural Resources for the United Keetoowah Band of Cherokee Indians. The lawsuit is still pending and several Oklahoma tribes are banning together to share their cultural strategies on obtaining unpaid fee review fees. Currently, CP staff has reviewed and processed the work for over 1,000 projects from July to November and the fees owed to the tribe are in excess of $500,000. We are taking action on this matter and hope to have more information regarding the status of the unpaid fees in the near future. I want all tribal members to understand that CP not only diligently works to protect our Absentee Shawnee history and culture, but CP has been and is a revenue stream for our tribe. The work that is performed for various entities regarding the historic review of lands is important to our tribe. CP will continue to be involved with the Tribal Caucus and we will continue to provide updates on these lawsuits.

AICCM — CP Director, Stushala Nease, and I were invited to a tribal outreach meeting with the staff of the American Indian Cultural Center and Museum (AICCM) in Oklahoma City to provide an update on the project and request our assistance with their research. The AICCM staff is seeking guidance to appropriately portray tribal history within the exhibitions. Through tribal consultations, AICCM staff endeavors to enact cultural sensitivity and responsibility in the creation of objects and images and they seek our guidance with regard to both. They have been working with the Smithsonian Museum while researching and selecting items to display at their facility and seek tribal approval on all items that were selected. They are hoping to have feedback from the tribes as early as January 2019. Although the facility is still under construction and unfinished, we were given a tour. The scheduled opening is Summer 2021. We look forward to updating everyone on this project as it progresses.

Gift Shop — CP opened the expansion of their Gift Shop the week of November 26 at the Little Axe Clinic. This venture has been running smoothly and proves to be very successful. A BIG THANK YOU to Executive Director, Mark Rogers, for collaborating and helping us establish a presence at the clinic. We got off the ground fairly quickly and were able to do this in a cost efficient and effective way. The CP staff is stocking it with the same quality merchandise everyone has come to appreciate from the CP main gift shop located on our tribal complex in Shawnee. With expanded access to the public as well as patients and families visiting the clinic, a vast array of items are now on display to help with that special gift for somebody or just a little self-indulgence with some high-quality Native American themed clothing, jewelry, as well as other accessories for the savvy shopper!! Everyone is excited to see this new opening and we hope you will stop by and visit soon (or at least on your way to the doctor’s office)!! CP staff will continue to build our presence at the clinic and bring more new products for employees and visitors to consider. The CP staff is always thinking of ways to improve product selection and the gift shop appearance.

AST Tribal Health System Board of Directors, Clinic Staff and Executive Committee Members support the Gift Shop: (L to R) Treasurer Phillip Ellis, Dr. Paul Massad, Dr. Lancer Stephens, Representative Atheda Fletcher, Lisa Johnson Billy, Sandra Vaughn, Tara Thorpe, Mark Rogers, Melphard Switch, and Secretary John Johnson.

CP is gearing up for a busy year and a calendar of events is included this month’s AST newspaper and the AST website. Please plan to join us for these great events that help keep our culture alive and thriving. The CP Department will be providing more detailed reports on a quarterly basis in 2019.

Events Attended

AST Veterans Christmas dinner — It was my honor to share this dinner with our Veterans. They have sacrificed a lot to keep me and you safe. Thank you Veterans!

AST Elders Christmas dinner and party — what can I say…the Elders are special! We had a great meal and great time playing bingo! Only thing missing…I did not bingo one single time!

See and Fox Elders Pow-wow — The Head Man Dancer was our own AST tribal member, Kelly Switch.

Honor Dance for Congresswoman Kendra Horn — It was such a pleasure to be a part of this event to honor Congresswoman Kendra Horn. Ms. Hom graciously met with us (tribal leaders) to discuss tribal concerns and she pledged to be an advocate for all tribes. It was also a nice surprise to see a
friend from high school, Kelly Haney, artist and former Oklahoma Senator.

aware of the negatives. I will put in the hard work to promote progress for our tribe; strive for more cost saving measures; and bring a collaborative atmosphere to push our tribe forward to success.

As always, my door is always open to all tribal members. If you have any questions or have any issues that you need help with, please do not hesitate to contact me. As always, I like to end my article with a thought provoking quote.
Quote: Our lives begin to end the day we become silent about things that matter.

Patient and Family Advisory Council (PFAC)
Our first official council meeting was held in December and we discussed how we, the members, could elevate and promote the patient and family voice in the development of programs, services and initiatives. We discussed many topics down to the slightest details that can help improve or aide our tribal people when visiting our clinic. We tapped into personal experiences that help with understanding the cultural sensitivity and customer-centered approach when providing services to our tribal members.
Sacha Almanza led our meeting and created an effective PFAC meeting agenda that incorporated presentations by Contract Services staff; Chris Larkin, Home Health; and Luis Almanza, Specialty Clinics. Other important topics covered were the complaints process, patient surveys, organizational chart and the vision and mission. As we move through the New Year, the PFAC group will build on their presence and ensure that the voices of patients and families are represented. PFAC members are available to help answer questions or give directions for assistance. The members are:
Meredith Wahpekeche, Kathy Deere, Stella Little, Sandra Vaughn, and Atheda Fletcher

Economic Development
I continue to support the drive for economic development. Under my influence, the campground continues to progress. Phase II of the youth campground has started to include cabins. I have also meet with some companies on the potential of sports fields for the camp ground. We have looked at softball fields, soccer fields and indoor basketball court. We hope to fully open the camp ground in 2019.

In Closing
Dreaming about a better future is not enough. Hard work and success go hand in hand and hopefulness is the process that we use to remain focused on positives despite being

ASTHS January Monthly Update

By Mark E. Rogers, MAL, FACHE, CMPE, CHC
AST Health Systems Executive Director

The health system is very excited about the New Year and the new services that we continue to offer the patients of the AST Health System. The health team continues to press forward with the Tribal Consultation process with participation at both the federal and state level regarding funding and efforts with a new Congress. As our patient loads continue to increase, we are very thankful for the effort by all to help us reduce missed appointments! Missed appointments cost us money and time away from patient care, and negatively impacts all clinical areas with underutilization of services – great job to both the patients and the health team! Our new electronic health system is gaining momentum as the bugs are being worked out and initial feedback from patients has been outstanding! Patients will continue to be serviced better and control more of their own healthcare now thanks to the new eClinical Works program and the excellent support staff who made this Herculean feat possible with the leadership of our medical staff, E.H.R. Team, and countless other staff who stepped up to make this go right the first time for our patients and staff! Please continue to be leery of the flu season, as we continue to see increased effects of it upon our patients and their families. In this New Year we wish everyone good health, and if you are not experiencing good health, please come and see us and let us help you with our vast array of outstanding people, services, and programs!

Elder care and advanced aging concerns such as fall risk, monitoring loved ones who live alone, and homebound health care, remain critical priorities to the tribe and the health system. The health system has and shall continue full partnership with the tribe in serving and coordinating medical care for any tribal member with a homebound medical need that falls within the scope and authority of our health and wellness system. If you are a caretaker and need a break to tend to your own medical appointments and other business, our Caregiver’s Grant is here to help! Contact the AST Health System’s Public Health Department at (405) 701-7190 today to discuss how we can help you. We have a new Home Health service that is available for you or your family, friends, and neighbors. If you know any tribal member who is homebound and needs medical assistance, please contact our health administration office at (405) 701-7621 and we will be happy to assist with the best possible resources and coordinated care.

The AST Health System Employee of the Year will be announced in the February Newsletter - stay tuned!

January 2019 Employees of the Month:

Our new Patient Portal and the healow™ app (formerly Follow My Health) give you secure online access to your health information.

The Patient Portal
A secure, convenient, and easy-to-use website that gives you round-the-clock access to your health information. View labs, medications, and immunization records. Get reminders. Exchange messages with your doctor. Stay informed and take charge of your health!

Here’s What You Can Do with Our Patient Portal:
- View lab results
- Send and receive messages securely
- Access health records
- Book appointments online
- Get statements and receipts online
- View doctors’ notes

The healow™ App
Access your health record with the healow™ smartphone app. Along with the features you get with our Patient Portal, the healow app can manage multiple accounts (all family members), set medication and appointment reminders, and use trackers to help manage health. The healow app is a secure and convenient way to manage what’s important and puts YOU in control of your health.

healow is available free on the Apple app store and Google Play store.

Set Up The healow Smartphone App In Four Easy Steps!

Step 1
Download the healow app from App Store (iPhone) or Google Play (Android Phone).

Step 2
Enter your portal username and password.

Step 3
Search for our practice by entering this unique code on the healow app - JDEBD.

Step 4

The AST Contract Health Services Team is here to assist you.

Please follow the CHS guidelines. Keep a copy on hand and update your information.

EMERGENCY AND URGENT CARE SERVICES

CHS for a currently enrolled AST member who resides in the defined catchment area and needs emergent or urgent care.
1. Call the On-Call nurse at 405.447.0300, option 9 for triage.
2. Notify CHS on the next business day or within 72 hours after your ER visit. Notification does not assure authorization of payment. However, if you do not notify CHS within 72 hours, your bills will not be paid.
3. For AST members with no insurance, evidence must exist that your visit was medically necessary. Medical prioritization has been established for determining which referrals can be authorized for payment.
4. For AST members with insurance, evidence must exist that a third-party resource has made the determination such services were “emergency care” or “urgent care.” Such evidence may include payment from private insurance.
5. In the event that you receive a bill from a provider, please provide a copy to CHS. You may leave bills at the Little Axe Health Center CHS office or the Shawnee Clinic CHS office.

CONTRACT HEALTH SERVICES FOR AST MEMBERS WITH INSURANCE

CHS for a currently enrolled AST member who resides in the defined catchment area and has Medicare or private insurance.
1. To complete existing CHS patient updates, please visit Patient Registration at either the Little Axe Health Center or Shawnee Clinic during regular hours of operation.
For new AST tribal members, to become established for CHS services, please make an appointment to see the New Patient Coordinator/PBA at either the Little Axe Health Center or Shawnee Clinic during regular hours of operation.
2. Notify CHS at least 48 hours prior to appointment data for a Coordination of Benefits (COB) to be sent to the provider.
3. Inform provider/health facility that AST CHS is a secondary payer/payer of last resort.
4. In the event that you receive a bill from a provider, please provide a copy to CHS. You may leave bills at the Little Axe Health Center or Shawnee Clinic.

CONTRACT HEALTH SERVICES FOR AST MEMBERS WITHOUT INSURANCE

CHS for a currently enrolled AST member who resides in the defined catchment area and does not have insurance.
1. You must apply for all resources available to you, such as: Medicaid, Medicare, Worker’s Compensation, Vocational Rehabilitation, auto insurance and other personal injury or liability coverage. CHS staff and/or Patient Benefit Advocates can assist you with the application process for alternate resources. Failure to exhaust available or potentially available alternate resources may result in denial of payment.
2. To complete existing CHS patient updates, please visit Patient Registration at either the Little Axe Health Center or Shawnee Clinic during regular hours of operation.
For new AST tribal members, to become established for CHS services, please make an appointment to see the New Patient Coordinator/PBA at either the Little Axe Health Center or Shawnee Clinic during regular hours of operation.
3. You must utilize the services provided within AST health clinics prior to being referred out.
4. Referrals for outside services must be sent to CHS. Services must be medically approved by an AST Health provider and/or CMMR Committee.
5. An appointment will be scheduled, and a COB will be sent to the outside provider.
6. In the event that you receive a bill from a provider, please provide a copy to CHS. You may leave bills at the Little Axe Health Center or Shawnee Clinic.

Minor illnesses and injuries - an earache, a sprain, the flu - can sneak up on you. That’s why PlusCare provides medical services for non-emergency conditions on a same-day, no appointment necessary basis. PlusCare is available to AST tribal members and other IHS-eligible Native Americans who are ages two years and older.

At PlusCare, we’re dedicated to providing high-quality, clinic-based health care to members of our community. On evenings. On weekends. This is all for you.

The Absentee Shawnee Health System Formed Patient Family Advisory Council

Patient and Family Advisory Councils (PFACs) are a productive way for patients and families to partner with a healthcare system to provide guidance on how to improve the patient and family experience. At the Absentee Shawnee Tribal Health System (ASTHS) we value your perspective and believe it could help improve our services. The vision of the ASTHS PFAC is to achieve a level of care where patient and family involvement is welcomed and optimized. It is our hope that through this partnership you will help us develop solutions for implementation and delivery of health and wellness programs relating to patient and family centered care that is safe, fair, effective, efficient, timely, and culturally sensitive to our Native American patients.

It is the mission of the PFAC to create positive changes in our healthcare delivery system by supporting an environment where patients and family members feel safe, respected, and empowered to be partners in their care.

The first meeting of the PFAC occurred on November 2nd at the Little Axe Health Center. This introductory meeting was held with the ASTHS leadership team and recommended AST community members of the Little Axe/Shawnee areas. It was the goal of the health system to recruit members of the community having differing perspectives to represent families of the AST community. The members of the committee are as follows: Sandra Vaughn (AST/ASTH Board Chair); Aetha Fletcher (AST Representative); Kathy Deere (AST Elder); Stella Little (Non-AST Family Member); Meredith Wahpekechee (AST Family Member).

The second meeting of the PFAC occurred on December 13th at the Little Axe Health Center. The committee was provided with presentations from three health system department heads to educate them on services that are offered within ASTHS. Following each presentation, question and answer sessions were held. Other presentations were given to ensure the PFAC had a better understanding of the organizational chart for ASTHS and what the established patient grievance process is.

The next PFAC meeting will be held on Thursday, January 2nd, 2019 at the Little Axe Health Center.

Volunteers for Tax Season

The tribe is looking for Volunteers to assist in free tax preparation for AST tribal members, Employees and Widow/Widowers of tribal members. You will receive specialized training from IRS certified volunteers, so don’t worry if you don’t know that much about taxes! Volunteer roles include being a “Greeter”, “Reviewer”, “Tax Preparer” and we need more than one of each.

Training will begin in January. Our dates of service will be Tuesdays and Thursdays from 5:30 P.M. to 8:00 P.M. and Saturdays from 9:00 A.M. to Noon, beginning Tuesday, February 04th through Saturday, April 13th 2019. Contact Diane Ponkilla at (405)275-4030 ex. 6267  or Glenna Jones at (405) 275-4030 ex. 6307 to volunteer.
AST Governor Sponsors Benefit Walk for Special Needs Children

On December 1st, the Kickapoo Tribal Complex hosted the CTSA Benefit Walk for Tots 'N Toys. The CTSA Head Start serves 146 children, ages from birth to five years, from low-income families and children with disabilities.

The one-mile walk served as a “fundraiser” to provide toys to these children. The entry fee to walk was one toy per person.

The event was sponsored by Governor Butler-Wolfe of the Absentee Shawnee Tribe and Charman David Pacheco of the Kickapoo Tribe.

**Absentee Shawnee Tribe – Severe Weather Policy effective December 2013 states:**

2. **PROVISIONS**

a. Prior to normal starting time it will be announced on one of the local television or radio channels that the Absentee Shawnee Tribe is open and/or closed based on weather severity. The Governor, and/or designee, will report to these channels: Channel 4, 5, 9, Fox 25; Radio-KTOK 1000; KOCK 1520 AM. Formerly the policy has been that when schools in Little Axe and Shawnee are closed then employees would be allowed administrative leave. This policy seeks to clarify on procedures and gives the decision making process back to the Tribe.

b. On days when weather conditions worsen as the day progresses, the Governor or another Member of the Executive Committee may decide to close early. In such cases, a decision and an announcement will be made through email to all employees.

Stevi Johnson named All Conference

Longfellow Middle school student Stevi Johnson was recently named All Conference in Cross Country while leading her team to its 3rd straight conference championship. She placed in the top three of every meet and hopes to qualify for state next year as a freshman. In October, Stevi was a featured speaker at the 20th Annual Drug-Free Kids Campaign Awards Dinner held in Washington D.C. She shared her experiences as an advocate and youth trainer for Community Anti-Drug Coalitions of America, with current and former members of Congress in attendance. Stevi is also serving her second year as president of the National Junior Honor Society and strives to be a leader both in school and out.

Building Blocks III has been very busy since Thanksgiving. We, including the children, have been working very hard getting ready for our Christmas Program to be held December 21st, 2018 at the Little Axe Resource Center. It has been very exciting watching the children practice their songs and finger plays. The staff has been preparing for a special visitor, Santa, to attend our Christmas parties on December 20th, 2018. He will be bringing toys for the boys and girls of Building Blocks III CDC.

We held what we hope to be a new tradition, a Parent’s Day Out. We had teacher’s volunteer their time to help with Christmas crafts and activities, like making playdough ornaments, while their parent’s finished last minute shopping or wrapping up gifts.

Building Blocks III will be closed Tuesday, January 1st in celebration of the New Year and Monday, January 21st in celebration of Martin Luther King, Jr.

We would like to wish you all a very Merry Christmas and a Happy New Year from the staff of Building Blocks III CDC.

With all our love,
Stacy Battige, Asst. Director &
Building Blocks III staff

Grants Department Hires New Staff

The Absentee Shawnee Grants Department is growing and thriving, already receiving grant awards for FY 2019 and the expansion of the department in turn will provide additional support to seek additional funding. U.S. Department of Health and Human Services (DHHS) - Substance Abuse and Mental Health Services Administration, Tribal Opioid Response, has been awarded to AST for FY 2019 in the amount of $253,155. Also, the U.S. Department of Justice (DOJ) Tribal Access Program for National Crime Information (TAP) has been awarded to AST for FY 2019. The Grants Department has made some necessary expansions to the department; please welcome two new employees to the grants team.

Mary “Lu” Kindblade, a native Oklahoman, has devoted the past 31 years to serving tribal and municipal communities and charitable organizations, in the areas of grant writing, federal and contract compliance, strategic planning, training, and budget management. She has a broad range of experience from such entities as tribal governments, municipalities, non-profits, medical and behavior health programs, faith-based organizations, public and private schools, and businesses.

For her efforts in community development and funding, she received the Community Service Award by the Association of South Central Oklahoma Governments (ASCOG) RC&D and was recognized as the Person of the Year. Lu holds a Master of Education Degree in Critical Thinking and Multiple Intelligences from Notre Dame and a Bachelor of Arts Degree in Communication from Southwestern Oklahoma State University.

Throughout her career, she has secured millions of dollars for various organizations and their projects, with grants ranging from a few thousand to $5 million dollars each. She is well-versed in a wide range of project types from planning and program service delivery to equipment acquisition, construction and infrastructure. “Helping organizations through all phases of grants and funding is my purpose and passion, and I am thrilled to bring my experience and stewardship to the Absentee Shawnee Tribe,” said Lu.

In Lu’s spare time she likes to hike, travel and mentor young adults in career and financial literacy.

AST Tribal Court Says Farewell to Judge Allan Grubb

AST Governor Edwina Butler-Wolfe and Judge Allan Grubb

On December 12th, the Absentee Shawnee Tribal Court hosted a Farewell to Judge Allan Grubb. Judge Grubb also practices as an attorney in State Court. Judge Grubb has served as a Judge in Absentee Shawnee Tribal Court since 2013. Judge Grubb will be sworn into office as the new District Attorney for Pottawatomie and Lincoln County in January 2019. As a result of his new position Judge Grubb will be stepping down from the bench as an Absentee Shawnee Tribe District Court Judge, and as a regular practicing attorney in State Court. Judge Grubb will truly be missed. Thank you for your time and service; you gave to the Absentee Shawnee Tribal Members and Absentee Shawnee Tribal Court.
Thank you to everyone who participated in our 12 Days of Christmas! Our final drawing winner was AST member, Twila Parker! We had a great year last year and are hoping for more classes and events for 2019. Please contact our office for any questions about events or classes we host. Thank you!

Cultural Preservation Staff

Employee Spotlight

Our Administrative Assistant and Library Technician, Kimberlee Billie, has worked for the Tribe since October 2017 and has been a great addition to our department. Her job as Administrative Assistant and Library Technician involves various roles within the department. Her main responsibility is to assist all office staff and oversee the library.

Kimberlee maintains direct communication with the Cultural Preservation Director and other staff in the office to see where help is needed. She logs and tracks all incoming mail. She assists the gift shop manager with inventory, sales, and customer service. She is familiar with the sales procedures and requested reports. She also offers insight on the planning stages of all cultural classes and is always willing to offer insight.

In addition to her other responsibilities, she has recently taken on the role as our new Library Technician. She barcodes all inventory in the library and keeps track of the Library Grant budget. She will be working with the child care departments and after school programs in order to setup cultural activities for the children. She will also be in charge of coordinating the departments biggest summer event, IndigeNerd -Native Arts Festival and Comicon.

One of her greatest strengths is communication and her ability to be a team player. She is always willing to assist and go above and beyond in whatever ways she can. She has a positive attitude and strives to do the best at what she does.

Please watch for upcoming events in our Tribal newsletter and on the web. Stop in and check us out! Let us know how we can serve you. Please contact Kimberlee at:

January is National Stalking Awareness Month. Stalking is a crime in all 50 states and it can happen to anyone regardless of gender, race, sexual orientation, socioeconomic status, geographic location, or personal association. Stalking is a crime, and the most stalked group of people is Native Americans.

The definition of stalking varies from one jurisdiction to another, but it is usually defined as a pattern of behavior directed at a specific person that would cause them to feel fear. Stalking is serious and can escalate over time.

**Statistics**

- The majority of stalking victims are stalked by someone they know. Many victims are stalked by a current or former intimate partner, or by an acquaintance.
- 48.8% of American Indian/Alaska Native women experienced stalking in their lifetime. 74% of those stalked by a former intimate partner reported violence and/or coercive control during the relationship.
- The average length of partner stalking is approximately 2.2 years (which is longer than the average of just over one year for non-intimate partner cases).
- 81% of women who were stalked by a current or former husband or cohabitation partner were also physically assaulted by that partner.
- 11.6% of American Indian/Alaska Native women experienced stalking in the past year.
- This means 1 out of 2 or 50% of American Indian/Alaska Native women have been stalked at some point in their life.

**Examples of Stalking**

- Calls you over and over again, even when you asked them to stop
- Follows you without your permission
- Shows up in same spaces as you
- Sending you unwanted gifts and/or unwanted communication like emails, texts, calls
- Monitors you without your knowledge – uses stalking apps to track your calls and messages, uses gps apps to know where you are
- Threatens you, your family, or friends
- Damages your property

**For Help**

Brownfield Tribal Response Program

What is a Brownfield?

The EPA defines a brownfield site as “…real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of hazardous substances, pollutants, contaminants, controlled substances, petroleum or petroleum products, or is mine-scarred land.”

Do you have land that you want to use for a business, park, or for cultural purposes, but are worried about possible contamination? If so, you may have a Brownfield site.

Typical Brownfield Sites Include:
- Abandoned Factories/Buildings/Homes
- Burned Homes
- Buried Dump Sites
- Open Dump Sites
- A Large Amount of Tires
- Former Cattle Dip Pit Sites
- Barrels of Unknown Substances
- Old Service Stations
- Oil Storage Facilities
- Oil/Gas Well Sites
- Old Dry Cleaning Businesses

If you have a Brownfield site that you would like to develop, or if you know of a possible Brownfield site, please contact:

We will begin accepting applications for the following awards:

- Big Jim Academic Achievement Award (Male and Female)
- Big Jim Athlete of the Year (Male and Female)

Individuals are encouraged to nominate deserving high school seniors. You may nominate yourself. Please refer to the application for required documents. Eligible nominations will be judged by a panel of (non-AST) experts assembled specifically for this purpose. The intent is to bring together an unbiased group of experts to evaluate the applicants in an impartial and unbiased environment. Their decisions are final with respect to all matters concerning these awards. Awards will be announced in May/June 2019.

We encourage ALL Absentee Shawnee High School Seniors to apply.

Award recipients will be recognized as the 2018-2019 Big Jim Academic Achievement Award winner or the Big Jim Athlete of the Year. In addition to this recognition the award recipients will receive a $1,000.00 scholarship to be used towards their education and the advancement of their career.

Questions on these awards program should be addressed to:
