All Cultural Preservation activities have been canceled until further notice.

Thank You
Carol Butler
Cultural Preservation Director

 Cloth Mask Distribution
In an effort to keep our citizens safe and healthy, the Absentee Shawnee Tribe and AST Emergency Management have procured reusable, cloth masks to supply to every Tribal member (within boundaries and at-large). Distribution will begin on June 2nd and can be accomplished in three ways: Pick up on June 2nd between 10am – 12pm on Tuesdays and Thursdays at the checkpoint located at the main entrance of the administrative complex in Shawnee. By hand-delivery, or By mail. If you choose to have your mask hand-delivered or mailed, please contact Chad Larman at 405-275-4030 ext. 5391 to make arrangements.

Unofficial Election Results

Absentee Shawnee War Chief Bucky Little Charley November 19, 1951 – June 5, 2020

Bucky Little Charley, 68, of Norman, Oklahoma passed away Friday, June 5, 2020 after a long battle with kidney disease and heart failure.

Bucky was born on November 19, 1951 to Howard and Lola (Little Axe) Little Charley in Norman, Oklahoma. He worked for the City of Norman in the Sewer Line Maintenance Department for 30 years before retiring; and also worked for the Absentee Shawnee Tribe for 7 years in Maintenance before retiring. He loved softball and coached little league for many years. He loved watching OU Football, softball, watching westerns, Ellen, and the Voice. He was very traditional in his Absentee Shawnee culture, and was the War Chief of the tribe. He loved his wife, his daughters, and grandchildren. He knew no strangers, everyone that met him was his friend, and his smile would brighten the room.

The Little Charley family wishes to say Thank you for all the kind words and support!
Governor’s REPORT

JOHN JOHNSON
AST Governor

Greetings Tribal members, I hope everyone is well. We have been faced with a lot. The COVID-19 pandemic is currently going on is scary, stressful and, at times, depressing. We have all been affected by this and will get through it one day at a time. We will just have to adjust to the new normal and stick together. Please continue to help each other and make sure our Elders and other people considered high-risk are safe.

A lot of tribal members are concerned with the distribution plan for the CARES funding that was received. Below is a brief update on what is being discussed and what has been approved. On June 12, 2020, a resolution was passed creating a General Welfare Relief fund. All tribal members 18 and over will receive $3000.00 in one distribution and $1500.00 for children 17 and under. All members must have been enrolled on or before June 1, 2020. The application was posted on the website (www.astribe.com) on June 15, 2020. Checks will be mailed out once all information is verified by the Enrollment office and Finance. A lot of questions have been asked regarding the Lillard property in Tecumseh. Yes, the property is being renovated. The goal of this renovation is to use the building as the Emergency Management office. This renovation will also provide storage space for personal protective equipment and house a food bank for all tribal members to access. I think this is a great plan and it will benefit all tribal members. I will keep you updated as we move forward.

Thank you,

Governor Johnson

REPRESENTATIVE’S REPORT

Week: (405) 275-4600 Ext. 6239
Cell: (405) 287-5247
afletcher@astribe.com

Greetings Tribal Members:

Since my June 2020 business report was not printed in its entirety in the last AST Newspaper, I am submitting the same report with updates.

VITA Free Tax Service

The VITA Program for the preparation of 2019 taxes for tribal members, AST employees and community was very successful. The following is a summary of the final numbers covering this program.

<table>
<thead>
<tr>
<th>No. of Returns Prepared</th>
<th>Tax Prep Savings to Clients</th>
<th>No. of Volunteers</th>
<th>Total Days Services Provided</th>
<th>Total Volunteer Hours Worked</th>
</tr>
</thead>
<tbody>
<tr>
<td>96</td>
<td>$15,756.00</td>
<td>12</td>
<td>15</td>
<td>247.75</td>
</tr>
</tbody>
</table>

This is a worthy program provided to our tribal members, employees and community. We were only able to provide this service through the dedication of the volunteers who attending the training and showed up and performed the work. (Each volunteer had to pass the certification and test in order to work this program.) Without the volunteers going the extra mile, we would not have been able to provide this service. A special thank you goes out to the below listed volunteers.

Stella Little
Eileen Pearce
Jason Murdock
Genevieve Foster
Lisa Harrington
Greg Reading

Toni Donahoo
Jennifer Harman
Robert Stone
Tammy Perry
Jennifer Campbell
Atheda Fletcher

This program was held several years ago, but was dropped. It was successfully brought back for the 2018 tax year by Jennifer Harmon. I am pleased that this is the tribe’s second year to partner with the IRS to provide this free tax service. The tribe has demonstrated a high level of service and justification for continuing this partnership with the IRS. I am hopeful that this program can be continued and supported.

Cultural Preservation

The Cultural Preservation Department has continued to carry out essential day-to-day operations to ensure the department continues to function properly. Ms. Carol Butler, the Cultural Preservation Director, and Ms. Merry Rodriguez, the Gift Shop Manager, have been working on a plan to open the gift shop that will ensure safety and protect the health of all once the complex fully opnus to visitors.

The THPO program has continued working from home to make sure federal projects do not go un-reviewed. Ms. Devon Frazier, the Tribal Historic Preservation Officer, continues to answer all emails from Federal Agencies concerning Section 106 projects. She also continues to take part in teleconference calls with different Federal Agencies. Ms. Ashley Brokeshoulder, the THPO Specialist, continues to review, research and send correspondences for Section 106 projects as it concerns the communication’s industry.

cont on page 3
The department in conjunction with the Grants Department has also been working diligently on a few grants. Ms. Butler provided all the necessary documents for the IMLS Basic Library grant, and the application was submitted in the early part of April. Also, Ms. Frazier and Ms. Butler provided all the necessary documents for the THPO grant, and the application was submitted at the end of April. Currently, Ms. Butler is working with the Grants Department on an ANA Language grant.

Ms. Butler and I delivered rations to the Linney Grounds for the Spring Bread Dance. I also attended the bread dance that weekend. The dance was well attended.

**Human Resources**

The Director, Elizabeth Snow, has been working with the Department of Public Safety, the Emergency Manager as well as the Health Systems to monitor the COVID-19 situation and the effects on our workforce. Mrs. Snow has been diligently planning and preparing to implement new safety protocols and policies for approval to ensure the safety of all personnel. The staff is continuing to keep up with the ever-changing safety guidelines for COVID-19 and researching additional assistance available for employees. The Human Resources Department has played an integral part in securing federal funding for our tribe during this critical time. The demand for data to support these federal fund requests is tremendous.

In addition to planning these new guidelines, the Director and staff have also continued to maintain the daily functions of the department. The staff recently completed the second quarter worker’s compensation audit with no findings. The staff is currently working with auditors to complete the annual 401K audit that started at the end of June. The staff continues to function at a high level to support department directors and Executive Committee Members with the ever changing employment, safety and leave guidelines during this time.

**Gaming Commission**

The Gaming Commission Executive Director, Titus Carter, has been working closely with TEC Operations and the NIGC to ensure the threat of COVID-19 is mitigated and abiding by the CDC and state health and safety recommendations. Mr. Carter has also been working to ensure that vendor and employee licensing has been processed in order to assist in the casino opening within the desired time frame. The Gaming Commission compliance officers have also been working hard to sign as many games into play in order to maximize TEC casino profitability.

As required by the NIGC, surveillance of the casinos must be continuously maintained; therefore, the Gaming Commission surveillance staff has continued to perform their work during the shutdown for the protection of the tribe’s property. All safety protocols are in place for the protection of all staff.

The Gaming Commissioners, Mr. James Stuart and Mr. Roy Larney, have continued to perform their duties throughout the shutdown. They ensured that the licensing process was not interrupted and continued to perform their regulatory oversight duties by giving guidance during Gaming Commission meetings and conference calls. Their dedication is greatly appreciated.

**Management Information Services**

Our IT team plays a central role in the operation of our tribal business. The IT team has continued to operate at a high level—keeping our remote staff and onsite staff productive in their day-to-day work. Mr. Travis O’Dell, MIS Director, has assembled a strong IT team. The IT team has expanded the technical capabilities of the tribal system, adding sophisticated virtual infrastructure for our Data Center, site-to-site replication of backups, and a multi-path network infrastructure for resilience. These improvements will allow our tribal technology infrastructure to expand and grow as we grow. Our tribe is fortunate to have this strong professional IT team.

Mr. O’Dell is making great strides in introducing new programs that will greatly benefit our tribal members and staff. The tribe’s systems and network security issues are a primary concern for our business; and the IT staff is maintaining a high level of security for the protection of our tribal business. Any security incident can potentially damage a tribe’s reputation and cost large sums of money.

The team is planning appropriately not just for our current needs but also for future growth. We are currently looking at tools that will provide a strong platform for communication with all tribal members regardless of where a tribal member resides. We are enhancing the tribe’s ability to better archive data and bring better efficiencies for the delivery of tribal member services. This is not a sprint, but a slow and steady run to achieve overall success and protection of our tribal assets.

**Youth Camp**

Work on Phase II of the Youth Camp has been halted due to the pandemic. Preliminary dirt work and layout for the entryway started just as the shutdown occurred. The trees have been cleared and all of the dirt work for the shower house and cabins has been completed. The trees have been cleared and the sewage lagoon has been completed for the shower house and cabins. The next steps will be to start the foundation for the cabins; complete the septic lines that will run to the sewage lagoon; complete the water lines that will go to the cabins and the shower house; and run the electric to the cabins and the shower house. After this step, the construction of the cabins and shower house will begin. Also, the parking lot and sidewalk area for the Dining Hall have been prepared and are ready to be paved once the state opens for all businesses to resume work.

**Closing**

A big “THANK YOU” to all of the dedicated staff for continuing their contribution to the management of services for our tribal members and the ongoing tribal business needs. I am extremely proud of my staff for which I have oversight. Their work has not falttered during the pandemic and they have demonstrated a strong dedication and commitment to the tribe by continuing to deliver work for and on behalf of our tribal business.

As usual, I like to end my report with a thought provoking quote. Stay safe!

**Quote:** No one saves us but ourselves. No one can and no one may. We, ourselves must walk the path.
The AST Health System had the distinct honor of hosting recently retired Rear Admiral Kevin Meeks, former OKC Area Director, and the current Area Director, Rear Admiral Travis Watts, and Dr. Gregory Woitte, Chief Medical Officer, OKC Area Office during a recent Emergency Operations Center (EOC) meeting. The Health Leadership Team, Health Boards, and Tribal Public Safety Team along with the Governor and Representative were lauded for their engagement of issues and responses to the COVID19 pandemic. Our Health System continues to partner with the AST Public Safety Office and AST Emergency Management Office to provide care for our communities in crisis from the COVID19 pandemic. The amazing staff of Title 6, along with help from the Health System employees, all united to assure that to date over 12,000 meals have been distributed to our Tribal Elders and other members on services with our programs. Our COVID19 Information Line has had hundreds of calls for questions from concerned members who were comforted and cared for and services quickly rendered as needed by the members. We never closed access to care, and have been open 7 days a week with reduced hours and configured into care teams to assure services continued urgent and acute care appointments within the emergency protocols issued by the CDC and the State of Oklahoma. However, crucial patient services and patient care during these trying times upon us all remained in track, and the pharmacy was busier than it ever has been! Please continue limited social contact, reduce exposure through unnecessary travel, accelerated personal hygiene, and remaining in good health as well as wearing a mask will greatly diminish the threats to our community. The Health System has been awarded multiple grants and other funding during this event for off-setting the operational costs and financial impacts of COVID19 upon our programs as well as receiving the SBA Paycheck Protection Program (PPP) for cover salaries of employees for the 8 week period in the pandemic response. This will greatly aid in diminishing the financial effects upon the health system, along with the additional funds from I.H.S. that completely covered COVID19 testing costs and related financial impacts. Assistance also from Health and Human Services greatly aided our programs as well. The emergency protective equipment (PPE) pushed from the Strategic National Stockpile (SNS) was instrumental in sustained patient care services, and we appreciate the OKC Area Office for their aggressive advocacy in taking care of the needs of all the Tribes in Oklahoma! Continue to work hard on this national campaign with us to end the COVID-19 pandemic through information, best practices, safe actions, and overall safety for you and your family. While the tribe continues to do all it can to protect you and your family, it is also a shared sacrifice to also care for your own family, tribal community, and those whom depend upon you for resources, support, and assistance. Let’s continue to work together to overcome this invisible and deadly danger facing us all!

We are always thankful and very proud of our outstanding star performers, and thank them all for their contributions to our patients, their fellow employees, and the tribe, especially during an unprecedented 3 layered States of Emergency (tribal, State, and Federal)!

Employee Awards and awardees are listed below for recognition of outstanding efforts in the face of life and death during this deadly pandemic. The AST Health System always strives to make your health its top priority, and you all make a difference for our health system and the health and wellness of all of our patients!

**May Health Employee Awards of the Month**

Employee of the Month: LPN Joyce Gelino, AST Health System

Team of the Month: AST Health Security Team

Special Leadership Award: Robert Stone, Director of Rehabilitative Services

**June Health Employee Awards of the Month**

Employee of the Month: Carol Myers, RN, Shawnee Clinic Primary Care

Team of the Month: AST Health System Optometry Team

Special Leadership Award: Dr. Jeremy King and Mr. David James, Optometry Clinic

Mark E. Rogers, MAL, FACHE, CMPE, CHC

Executive Director
When you visit SSM St. Anthony’s Shawnee Hospital, you will be treated with the utmost care and respect. Among the highly qualified professionals, you will find Desirae Spoon, BSN, RN. “I chose nursing because I knew it would challenge me in every aspect of life: mentally, physically, emotionally, intellectually and spiritually. I am able to make a positive impact in the lives that I interact with. I chose the emergency department because with every shift, I am learning something new and I get to interact with people of all ages and backgrounds. Every day, there is a new challenge in the E.R. that allows me to grow as a nurse. I consider it a real privilege to be a nurse, caring for others,” Desirae explained.

Growing up in Shawnee, Tecumseh, Desirae attended East Central University in Ada, OK. Desirae’s first official job as an RN was as a public health nurse at the Absentee Shawnee Tribe Little Axe Health Center. “I first started working there in 2013 as a Patient Registration Clerk. I was so happy to get my foot in the door in the medical field. I applied for nursing school and was accepted that fall 2013 and began nursing classes that spring 2014. I was so grateful that my job was willing to work with me and my school schedule to allow me to still have an income and go to classes. That was a long drive from Shawnee/Tecumseh to Ada. I was thankful to be able to still have some income plus I was able to interact with experienced nurses and providers for any questions I had. From my last year of nursing school, I was moved from patient registration clerk to nurse intern with my dear friend Kristie McGuire in Public Health. Working with her and seeing what the job entailed made me want to become a public health nurse. After finishing school and getting my license in 2016, I stayed as a public health nurse but realized I was missing out on bedside nursing with more hands on skills that I hadn’t been able to experience. That is when I took the chance and applied at the ER dept. and”

Desirae was recognized on KFOR-TV news as one of the outstanding nurses by Vickie Jenkins – Writer/Photographer

CAREERS IN NURSING: SERVING THE FRONT LINE

The Absentee Shawnee Tribe has partnered with United For Oklahoma to educate Oklahomans on the critical role the tribes play in our state’s future.

For more information, visit UnitedForOklahoma.com

In light of this global pandemic, the Department of Veterans Affairs had tapped to provide emergency management response and disaster relief in times of crisis thru the Fourth Mission which is to Help All Americans in the COVID-19 Fight. The Department of Veterans Affairs thru coordination with the National American Indian Veterans (NAIV) is donating 867,000 KN95 Respirator Masks and 154,400 ARVATO (APPLE) Face Shields to 158 Tribes of American Native Indian across various states. The Absentee Shawnee Tribe wishes to thank Frank Ramirez, National Director for Governmental Affairs, NAIV and all who helped make this possible.
Symptoms:

- Loss of consciousness
- Confused, delirious behavior
- High body temperature (105°F or more)
- Pale or flush face
- Weakness
- Decrease urine output or retention
- Shriveled or dry skin
- Low blood pressure
- In serious cases, loss of consciousness or delirium

Dehydration:

- Nausea
- Dry, sticky mouth & thirst
- Feeling lightheaded
- Sleepiness or tiredness
- Dehydration occurs when you lose more fluid than you take in and your body doesn’t have enough water to carry its normal functions. If you don’t replace lost fluids, you may become dehydrated.

Heat Cramps (Mild Dehydration):

A good rule is to drink a half glass of water every 15 minutes for an hour if you experience this.

This happens when your body is losing trouble coping with heat. You can be very dangerous because you can get hurt by falling down.

- Always have a person with you when you exercise in the heat.
- Always bring water and a light snack.
- If you have health issues like diabetes or heart problems, wear a medical alert bracelet so other people can get medical help, and then get medical help.

Dehydration occurs when the body loses more fluid than you take in and your body doesn’t have enough water to carry its normal functions. If you don’t replace lost fluids, you may become dehydrated.

Mild Symptoms:

- Dry, sticky mouth & thirst
- Sleepiness or tiredness
- Decrease urine output or retention
- Shriveled or dry skin
- Low blood pressure
- In serious cases, loss of consciousness or delirium

Heat Exhaustion (Mild Emergency):

This is a serious disorder that develops when the body loses more fluid than you take in and your body doesn’t have enough water to carry its normal functions. If you don’t replace lost fluids, you may become dehydrated.

Mild Symptoms:

- Dry, sticky mouth & thirst
- Sleepiness or tiredness
- Decrease urine output or retention
- Shriveled or dry skin
- Low blood pressure
- In serious cases, loss of consciousness or delirium

Heat Stroke (Medical Emergency):

A person receives quick treatment, death could occur.

Symptoms:

- No sweating (or may be sweating profusely)
- High body temperature (105°F or more)
- Flushed skin
- Confused, delirious behavior
- Loss of consciousness

Heat Exhaustion (Mild Emergency):

This is a serious disorder that develops when the body loses more fluid than you take in and your body doesn’t have enough water to carry its normal functions. If you don’t replace lost fluids, you may become dehydrated.

Mild Symptoms:

- Dry, sticky mouth & thirst
- Sleepiness or tiredness
- Decrease urine output or retention
- Shriveled or dry skin
- Low blood pressure
- In serious cases, loss of consciousness or delirium

Heat Stroke (Medical Emergency):

When heat stroke occurs the body’s heat regulating system breaks down under stress and severe exertion. Unless the person receives quick treatment, death could occur.

Symptoms:

- No sweating (or may be sweating profusely)
- High body temperature (105°F or more)
- Flushed skin
- Confused, delirious behavior
- Loss of consciousness

So Continue to exercise and do outdoor activities but just be aware Heat Stress because you may not realize any of these symptoms until it’s too late. Heat Stress can alter your coordination, lessens concentration, reduce strength and alertness, and make you very irritable. You can’t do your best if you don’t feel you’re normal, so keep an eye out for that. You can’t do your best if you don’t feel you’re best! Remember exercise is very important to keep a strong and healthy body.

Hello to all Tribal Elders and to their families.
I hope that everyone is safe and well during these perilous times of the Pandemic. I have been watching the daily news reports and all the news reports have not been improving. It’s because of this fact that I believe the best thing for all Elders at this time is to stay at home. Due to the contagious nature of Covid 19 it would not be a good time for any group gathering of our Tribal Elders. I believe our Elders are the core of the Absentee Shawnee Tribe and we have many families that need our Elders to advise and nurture them. While, we as a Tribe navigate these dangerous and perilous times. We will learn more ways of safer behaviours and learn to wear our masks, wash our hands more and practice safe distancing. In the past history of the Absentee Shawnee Tribe our existence was threatened but we persevered. In these new conditions and new environment I urge all Shawnee Elders to follow safety information to safeguard our health provided by our Tribal Health Clinics. Stay safe and well.
There will be no meetings until it is considered safe for a group meeting and anyone have questions about this decision. Feel free to call any Officers of the Elders and you can call me.
Sincerely
Twila Parker
(405)229-8052

**AST Emergency Alert and Critical Information Program**

Sign up for alerts about emergencies and other important community news!

By signing up for the AST Emergency Alert Program, we can provide our members and employees with information quickly. You will receive alerts on severe weather, unexpected road closures, missing persons, evacuations, and other critical matters.

Sign up is easy and you can receive the alerts wherever you specify!

1. Go to www.astribe.com
2. On the menu bar, hover on Government
3. Under Offices and Teams click on Emergency Management
4. Click on the AST Emergency Alert Program banner and follow the prompts to enroll today!

*Please note, you may choose the type of notifications/alerts you would like to receive.*
In uncertain times unexpected changes may occur for the safety and wellness of our patients. Here are ways to find out about our closures and updates:

- Check our website asthealth.org
- Following us on Facebook “Absentee Shawnee Tribal Health System” & “Absentee Shawnee Tribe”
- Call registration to ensure your phone number is up to date in our system & request you are enabled for text alerts
- Calling ahead to the facility: Little Axe- 405.447.0300, Shawnee-405.878.5850, & PlusCare-405.447.0477
- Current patients can sign up for the Healow app to check their appointment statuses and receive notifications (use practice code: JEDEBD, if you need assistance call patient registration)

This project provides support in:

- Extending an outreach through community partnerships to increase awareness of Substance Abuse and Suicide Prevention in the community.
- Increasing the participation of youth, parents, tribal leaders, and health providers in developing mental health services and treatment options based on the cultural values and practice of the Naive community.
- Easing the impacts of substance use, mental health illnesses, and trauma in Native communities.
- Supporting youth as they transition into adulthood.

If you would like to know more about our program, please contact us!

NEW FOSTER CARE LICENSING COMMITTEE

QUALIFICATIONS OF COMMITTEE MEMBERS

(a) A Committee Member may be a member of the Tribe.
(b) No person shall be barred from serving on the committee because s/he is an employee, or operates a Foster Home under a State or Tribal license.
(c) Each Committee Member shall be at least eighteen (18) years of age and legally capable of entering into a binding contract.
(d) No person who has been convicted of a felony or other crime involving embezzlement, fraud or moral turpitude shall serve on the Foster Care Licensing Committee. As of May 30th 2021, background checks will be necessary for new and/or reappointed existing committee member.
(e) Each Committee Member shall take an oath to support and defend the constitution, rules and regulations of the Absentee Shawnee Tribe.
(f) It is strongly recommended each Committee Member complete the application process to become an Emergency Protective Foster Home and therefore be licensed through the Tribe.

Applicants can apply by picking up the application with your letter of intent at the Secretary’s office.

As of 02-25-2020, the EC made a decision to extend the deadline until 01-Nov-2021 for the adult gift cards from 2019.

Please contact the AST Finance department for more details.

Protect Your Family with THE HPV VACCINE

HPV IS A COMMON DISEASE AND CAN HAVE serious consequences

IN THE US...

- Approximately 19 MILLION people have been infected with HPV
- 14 MILLION new HPV infections occur every year
- 80% of sexually active people will contract HPV in their lifetime
- BEING INFECTED WITH HPV CAN LEAD TO...
  - CERVICAL CANCER
  - GENITAL CANCER
  - ANUSAL CANCER
  - VULVAR CANCER

We want your meds! You can drop off your expired or unused prescription medications anytime at these two locations.

Hours of operation same as the clinic normal hours, 8-5 Monday-Friday.

No Shades or Liquids accepted

THE HPV VACCINE

It is important to protect your child from the disease early.

THE HPV VACCINE CAN...

- ONLY PREVENT INFECTIONS, NOT TREAT THEM
- Reduce Risk of HPV-related cancers BY UP TO 90% when fully protected with the recommended doses
- Prevent you from spreading HPV to future sexual partners

The recommended age to receive the HPV vaccine is 11 or 12; however, it is not too late for 13-26 year olds to get vaccinated as well.

The HPV vaccine is safe and effective.

Clinical trials and ongoing research have shown the HPV vaccine's protection remains strong for at least 10 YEARS.

Only 0.0003% of patients reported side effects, and most of those were "minor" symptoms such as headache, nausea and dizziness.

LITTLE AXE HEALTH CENTER
10815 Little Axe Drive
Norman, OK 73066
405-393-3550

Lobby: Mon.-Fri.: 8 a.m. to 5 p.m.

Closed: Sat., Sun.

PHARMACY SERVICES

Your health is our first order.

Prescriptions, medical supplies, helpful advice. The trained pharmacists and supportive staff at each of our AST pharmacy locations are happy to serve you year-round, day or night.

Please allow 24 hours for refills. When you call for refills, have your medication numbers ready and use our automated system. If you’d like to receive a text when medications are ready, share your current cell phone number with a pharmacy staff member. It’s also important to let us know about changes in address, phone numbers, insurance and other contact information.

Please allow 24 hours for refills. When you call for refills, have your medication numbers ready and use our automated system. If you’d like to receive a text when medications are ready, share your current cell phone number with a pharmacy staff member. It’s also important to let us know about changes in address, phone numbers, insurance and other contact information.

Both pharmacies are closed the last Wednesday of every month from Noon-3 p.m.

JAMMER’S CLINIC
2023 South Gordon Cooper Drive
Shawnee, OK 74801
405-385-6899

Lobby: Mon.-Fri.: 8 a.m. to 5 p.m.
Dietitian: Mon.-Fri.: 8 a.m. to 3 p.m.
Extended Hours: Mon.-Fri.: 8 a.m. to 8 p.m.
Closed: Sat., Sun.

24-HOUR EMERGENCY PHARMACY ACCESS

If you experience an emergency after hours and receive a prescription that needs to be filled, AST Health has provided access for Tribe Members via one of our 24/7 approved Walgreens locations in Shawnee and Norman. You’re invited to ask your pharmacy, and the pharmacy is identified as your Walgreens. Ask your pharmacy for assistance.

If, then, you may call your prescription, you receive a pharmacy benefit like the pharmacy. The first 24 hours of the day, you have the pharmacy benefit change prescription to the physician in the pharmacy. If it is the pharmacy or a pharmacist at a pharmacy in the area.

Both pharmacies are closed the last Wednesday of every month from Noon-3 p.m.

Absentee Shawnee tribal member Jimmy Squire was three years old when he lost his leg in a terrible lawn mowing accident. Thirty-six years later, he is set to compete in the first-ever national golf tournament for the Southwest Amputee Golf Association.

Squire competed in the SWAGA regional in Brownwood, Texas June 24 and 25, where he finished first place in the President’s Flight for his second year in a row. He shot a 187 both times. It was unexpected when he won the tournament in 2016.

“I was eating barbecue and brisket and they went 3, 2, 1 and when they said ‘First place Jimmy Squire 187’ I dropped that brisket and I ran,” he said.

The first day of this year’s tournament wasn’t Squire’s best day on the fairway, but the turnaround on the second day earned him the win. It was only fitting that in the process he would pin a shot for the first time in his life, narrowly missing a hole-in-one that would have netted him a new set of clubs.

“The second day I really played my game,” he said. “I was hitting shots close to the pin, I was making my putts, I was on a par three about 190 yards and I hit the flag stick with the three wood and left it about four inches away from making a hole-in-one.... In my 25 years I’ve never hit the ball and hit the pin, never. It just happened to happen on the last day of the tournament.”

This year he was joined by his longtime friend Greg Dorsey for his first-ever tournament. Dorsey shot a 196 in the guest bracket to land him in fifth place.

“I enjoyed it a lot watching how they played the game of golf with a limb missing... no legs or whatever,” Dorsey said.

**Domestic Violence & Sexual Assault stats in the LGBTQ2S Communities**

In 2012, more than 5% of LGBT people reported experiencing sexual violence, with 7% reporting physical violence. Approximately 1 in 5 LGBT people who are victims of intimate partner violence have been in a relationship with their attacker, as opposed to 1 in 3 heterosexual people.

LGBTQ2S Americans suffer from or are likely to experience physical violence, sexual violence, and emotional abuse at higher rates than non-LGBTQ2S Americans. In the past year alone, 43% of lesbian women and 47% of bisexual women have experienced some form of sexual violence, compared to 34% of heterosexual women.

**SKIN CANCER IS THE MOST COMMON CANCER IN THE U.S.**

ONE in FIVE Americans will develop skin cancer in their lifetime, and one person dies from melanoma, the deadliest form of skin cancer, every hour.

**There are two types of sunscreens:**

**Physical Sunscreen**
This sunscreen Works Like a Sponge, absorbing the sun's rays.

- Look for the active ingredients ZINC OXIDE and/or TITANIUM DIOXIDE.

**Chemical Sunscreen**
This sunscreen Works as a Sponge, reflecting the sun's rays.

- Look for one or more of the following active ingredients: OXYBENZONE, AVOBENZONE, OCTISALATE, OCTOCRYLLENE, HOMOSALATE, and OCTINOXATE.

If you have concerns about certain sunscreen ingredients, use the information above to choose an alternative that works for you. As long as it’s Broad-Spectrum, Water-Resistant and has an SPF 30 OR HIGHER, it can effectively protect you from the sun. Make sure you reapply it every TWO HOURS when outdoors, or after swimming or sweating.

**If you have questions about how to protect your skin or choose a sunscreen, talk to a board-certified dermatologist or learn more at SpotSkinCancer.org.**
