On February 26th, 2015, the Tribe’s Emergency Management along with the Red Cross held an event to give away Weather Radios. This was done to help ensure families get important information before, during, and after weather events. There will be another event if you did not receive one, please watch for postings at Tribal Complex.
Hello my friends, neighbors and fellow Tribal members!

This month has been a busy one. I continue to attend local and statewide education meetings that focus on educational reform and state budgetary constraints. The state faces many challenges in addressing the needs of our Native American students and to retain qualified Native American teachers. Prior to coming into the role of Governor I served as an educator for over 15 years and during that time saw the many need(s) within the Oklahoma public school system. I became concerned about our Native American students within our public school systems based on the alarming nationwide statistical data I have seen. It shows victimization, bullying, cyber-bullying, racial tensions, substance abuse use, gang activities and the need for additional safety measures for both student and teacher. It is my hope that changes can and will be made through joint collaborative efforts between public school systems and tribes. In the state of Oklahoma we need to have a focus on: when and how testing is occurring within our school systems; are the teaching materials adequately representative of tribal historic/cultural relevant information and are school systems and their teaching staff aware of events that are culturally sensitive to us as a people. By ensuring that Native American teachers are hired within the state we can begin this sensitization. However, in order to do that we, as a state, need to look at what our teachers are being paid as it compares to the nation and give them fair market salaries. It is a major concern to me that our state is one who pays their teachers the least. Poor pay does not attract teachers to our state and to our public school systems. Nor does it keep or attract Native American teachers who go through four years of education, complete a pre-internship and internship program and then pass the standardized test in order to teach. We need to put legislation into place in our state that gives our future generations hope when considering a career in teaching and our students a ‘right’ to have relevant cultural history provided to them in a sustainable, learning environment. In order for this to happen it will require us as a tribal people to ask for that and to make the state aware we expect it. I and other tribal leaders across Oklahoma are working to advance this effort and we are seeing small successes. About three months ago the City of Oklahoma City took an unprecedented stand by removing the culturally offensive ‘Oklahoma land run’ event from their school structure and making their community aware of what it means to tribal youth; another school system removed a long running Native American mascot. These are steps. We need more. I have been taking part in these discussions and believe that as a people we are contributing to the learning curve being initiated by certain key individuals within the state system and if voted in I will continue. (I am attaching the Testimony I gave nationally so that you are aware of these issues.)

If you are wondering about our own tribal specific issues they are still present and unaccounted for. To resolve these it will take constitutional changes, Code of Conduct & Ethic implementation and ethical and honest leadership being put into Office that wants to advance the needs of the people. The Representative and I are but two people and it will take more than us.

This month there has been a noticeable improvement made around the Governor’s building and for that I am most appreciative. It is my hope that the Maintenance department will extend their efforts throughout the campus and begin to take ownership of our grounds by making these landscaping changes a continuous process. The Maintenance department has over 35 staff, a large budget which includes $15,000 for cell phones so communication should not be an issue. I also saw in the Maintenance budget that a few roofs on the campus were to be replaced. I look forward to the roof replacements as many of our buildings have long needed this.

Please do not forget to get out and vote during the March primaries! Your vote can make a difference within the tribe.

Conclusion

I have 3 months to go. My door is always open (unless I am in a meeting or at a meeting) and I welcome your visits.

Help me to make a difference – stand beside me and Let’s Build for the Future (BFF) - united and together!

Thank you for your support.
Greetings all, I hope you all have been well and are staying warm during this cold weather. I would like to thank those of you who were in attendance at the informal meeting on Friday, February 6th. The Secretary, Treasurer and I called for a Special Executive Committee meeting in accordance with Article XVI- Meetings, Section 4- Special Meetings of the Executive Committee, of our constitution:

"Special Meetings of the Executive Committee may be called by the Governor as necessary with advance individual written notice. Any three (3) members of the Executive Committee may call a special meeting of that body by presenting a written notice to all members of the Committee. If the Governor fails to attend, the highest ranking of those who called the meeting shall be empowered to conduct the meeting, provided a quorum is present."

The Governor filed a Temporary Restraining Order against us, to prevent the meeting from happening, citing various assumptions in her court filing unrelated to calling a Special Executive Committee meeting. The TRO was granted prior to the constitutionally called meeting and a court date has yet to be determined. So our constitutionally called meeting turned into an informal meeting. Ironically, our court system has heard a similar case in 2006, where one Executive Committee member sued the remaining Executive Committee, calling Special Meetings held in May of 2006 invalid and unconstitutional.

In Absentee Shawnee Supreme Court Case ASSC-06-04, the Absentee Shawnee Supreme Court ordered the injunctions against the resolutions passed in meetings held on May 3, 23, 25 of 2006 and any future meetings of the Executive Committee be vacated and set aside. The Supreme Court also ordered there is no minimum advanced notice requirement, just written notice, in accordance with Article XVI, Section 4 of our constitution; and reaffirming the Governor or any three members of the Executive Committee can call a special meeting upon written notice to all Executive Committee.

All-in-all, the Executive Committee has a right to call for Special Meetings, as provided in our constitution. Since the Governor has a temporary restraining order against the Executive Committee, she has violated our constitutional right to call Special Meetings and has violated the constitution by filing the temporary restraining order. Nowhere in our constitution does it state we are governed by a dictatorship, as it was clearly shown in the December 2014 Regular Executive Committee meeting.

The Executive Committee also has a right to amend meeting agendas to include items we feel deem important and need to be addressed. At the December 2014 meeting, a motion was made to amend the agenda to include the health budget, but was denied by the Governor for the only reason of “I am the Governor!” William Norman of Hobbs, Strauss, Dean and Walker advised the Governor that she does not have to accept the motion nor amend the agenda, even though a member of the governing body had made a motion. Again, a display of a non-democratic form of government we are currently operating under.

Lastly, I am writing this article in hopes it reaches you unedited and uncensored. Several months ago, the Governor, her Special Projects Coordinator, and the Media Director put together an “Editorial Board” to allegedly edit articles for grammar and spelling. It is odd how the Media Director never mentioned a need for this type of board, while Media was under my oversight. The “Editorial Board” was handpicked from employees working only under the Governor’s oversight. The only exception is our Executive Director of Health who was buffalowed into being part of the “Editorial Board”. Executive Committee members were not asked for input about this board and it is not an Executive Committee approved board.

If you have noticed, the Governor’s articles include denials on issues from assumptions she believes the other Executive Committee members raise beforehand. Meaning, she is provided with what other Executive Committee members are writing and she writes or has her article written to address topics within the others’ articles. I was comfortable putting my article in the newsletter until I saw how our articles are being handled. As an elected leader, I believe our articles need no content editing and any changes to anyone’s article is a form of censorship. We are trying to provide you with a picture of the activities happening within our tribe in our own voices. Sometimes that picture is distorted or embellish when only one is allowed to provide uncensored information and the others are not.

Respectfully,
Isaac Gibson, Jr.
Lieutenant Governor

Greetings Fellow Tribe I Members

I am happy and proud to inform you, the tribal membership, that I have repaid to the tribal treasury the amount of funds due to overpayment.

The tribal court affirmed the overpayment to tribal officials above the recently enacted Salary Wage law by the general council on June 21, 2015.

Discussed progress with the architect of the youth park. Kenny Jones agreed that it should be attractive to the tribal members as well as the public. The next phase involves continuing the site work and core drilling.

To contact me at the Tribal Complex, please write to Representative Ken Blanchard, 2025 S. Gordon Cooper Drive, Shawnee, Oklahoma 74801, or by phone at 405/275-4030 ext. 6287.

Respectfully,
Ken Blanchard

No report submitted from Treasurer’s Office
GOVERNOR’S SPOTLIGHT EMPLOYEE OF THE MONTH

Leslie Tanyan

Leslie Tanyan became the Executive Director of the AST Gaming Commission on January 5, 2015. Mrs. Tanyan brings with her extensive knowledge in the accounting and Indian gaming field and has strong organizational skills. Mrs. Tanyan’s educational background is as follows: Bachelors of Business Administration (BBA) with an emphasis in accounting; holds a Master of Business Administration (M.B.A.) with an emphasis in accounting.

Mrs. Tanyan has been married for 20 years and has a girl and boy and she currently resides in Oklahoma City.

Let’s Build For the Future (BFF)!

GOVERNORS SPOTLIGHT EMPLOYEE
Governor Edwina Butler-Wolfe will be working with the six program department that she has oversight over and will monthly select an employee that is deemed to have contributed to their program and to the Absentee Shawnee tribe. The attributes to be considered are: Contributions to the community and the Tribe; leadership; performance and work ethic; teamwork. It is the intent of the Governor to recognize tribal employees who do a remarkable job and might not otherwise get recognized for their contributions. This special employee recognition program will be highlighted under my Office as the SPOTLIGHT EMPLOYEE OF THE MONTH program.

APPROPRIATE POLL BEHAVIOR
According to the Election Ordinance Article VIII Section 1 – The official polling sites and adjoining Tribal Grounds are neutral grounds, therefore, there shall be no campaigning or loitering on Election Day by anyone. It shall be the duty of the Election Commission to request that Tribal police, be present at each polling place and be responsible for maintaining order, prevent campaigning, and loitering during the election process.

In order to comply we suggest that you do not campaign in any fashion. For Examples:

No: “vote for. . .” sticker on cars;
campaign clothing;
disbursement of campaign material;
counseling as to who to vote for.

Do not loiter at poll site:
1. Arrive;
2. Register;
3. Vote;
4. Exit.

Unless there is a line each voter should be at the poll no more than 10 minutes, outside of voter booth. Each voter may take all the time they need to read the ballot to vote in the private booth but should not “visit” with Commissioners or other voters at the poll site.

Any visiting of voters must occur outside of the Poll Site and adjoining Tribal grounds.

Policies and Procedures states:
There shall be no campaigning on property of polling site. This includes signs, person to person, clothing, etc. or within 200 ft. of the polling site. (On Election Day all signs must be over 200 ft. away from the edge of tribal property that contain poll sites.)
Parent/Guardian Consent Form and Liability Waiver

Participant name: ___________________________ DOB: ________

Introduction

The information being provided is to help families understand what programs are offered through the Absentee Shawnee Housing Authority and how to apply. Our programs target low income Native American families who need housing assistance. The programs currently being provided are Rental, Lease to Own and Down Payment Assistance.

Application Process

Our process begins with the completion of our housing application. When completing the application be sure and answer all the questions that pertain to you and sign all attached forms. If you should have any questions regarding the application; call or come by our office and ask our staff in the Programs & Admissions Department and they would be glad to assist you.

The application will also require documents to be attached in order to complete the process; which are:

- Photo I.D.
- CDIB Card
- Social Security Card
- Birth Certificate
- Marriage License/Divorce Decree/Custody Decree (if applicable)
- Declaration of Section 214 (form is included with application)

Each household member must provide a birth certificate, social security card and CDIB card (if enrolled in a federally recognized tribe). The Housing Authority will conduct a criminal background check and credit check on all adult household members over the age of 18. A home visit is the final step in completing your application.

Waiting List

A letter will be mailed out once your application has been approved notifying you of the date your name was placed on the waiting list. It is very important to stay in contact and notify the Housing Authority anytime changes occur in income, household composition, or contact information.

In the event that your name is next in being offered a home; you will be notified by letter or phone. Annual Updates required to remain on the waiting list.

Lease to Own Program
The Lease to Own Program is available for any Native American family who has met our requirements and would like to purchase a home through the Housing Authority. The homes offered are ones currently in inventory and owned by the Housing Authority.

This program is designed for income eligible families who have been renting but now feel they are ready for the opportunity to purchase their own home. The application is the same as the rental, accept the income requirements are different. Be sure and specify when completing your application, that you are applying for the Lease to Own Program. If you have substantial rental history and meet the income requirements, your name may be placed on the waiting list.

Down Payment Assistance Program
This program offers a one-time grant of up to $20,000 to assist with down payment and/or closing cost to purchase a home and is designed to make home mortgage payments more affordable.

Eligibility Requirements
1. Applicant must be eighteen (18) years of age
2. Must be a Native American enrolled in a Federally Recognized Tribe
3. Applicant must be a low-income family, and must meet minimum income guidelines

Applicants are now being accepted for families that are over the income limits for our IHBG funded programs. Please contact our Programs & Admissions Department for further details.

NOTE: There is limited homes available for this program.

Fix-A-Leak Week
March 16-22, 2015

- During Fix A Leak Week, the EPA’s WaterSense Partnership Program encourages Americans to take the initiative to fix all of their household leaks.
- As a promoter of the WaterSense Program, the Absentee Shawnee Tribe Office of Environmental Health and Engineering would like to encourage you to take part in this program as well.
- Doing so, you can save clean drinking water and also save on your water bill.

For more Program Information, please contact Kimberly Vermillion at Ext. 260.

Governance issues were identified:

Based on these papers, group discussion and input, the following top issues and proposed actions for Tribal leaders' consideration.

Our Mission

Fully Implement and Advance Tribal Self-Governance Authorities. Our Guiding Principles

- Tribes are sovereign nations, and, as such, all relations between the United States and Tribes are of a formal government-to-government nature;
- As sovereign nations, Tribal governments have the inherent authority and control over their territories, Treaty rights, natural resources and the welfare of their citizens. Further, Tribal — governments have the authority to set internal priorities (without federal interference); and, under Self-Governance, may redesign programs and reassign federal funds to more efficiently meet their local needs;
- Tribal governments are accountable to their citizens and this is intrinsic in any accountability model on the utilization of federal funds;
- The devolution of federal funds and service delivery allows Tribal governments increased programmatic and administrative responsibility and minimizes federal reporting burdens, monitoring and oversight; and,
- Tribes have the right to choose the institutional arrangement by which they receive federally funded services. For Self-Governance Tribes, federal agencies become advisors and providers of technical assistance rather than day-to-day managers of service delivery. This principle is congruent with the current Administration's directive for transparency and accountability.

Executive Summary

- Self-Governance is a Tribally-driven, Congressional legislative option, whereby Tribal governments are authorized to negotiate annual appropriated funding and assume management and control of programs, services, functions and activities (or portions thereof) that were previously managed by the federal government. Self-Governance represents the expansion and growth of the historical legislation, P.L. 93-638, the Indian Self-Determination and Education Assistance Act (ISDEAA), in that it allows Tribes, as sovereign nations, to exercise their right to be self-governing and to take program funds and manage them to best fit the needs of their citizens and Tribal communities.
- Since initiation of the first Self-Governance agreement more than two decades ago, the number of Tribes and the amount of programs and funding managed under this legislation has steadily increased. Today there are 254 Self-Governing Tribes within the Department of the Interior - Indian Affairs - Office of Self-Governance (DOIA-OSG). There are 106 Funding Agreements totaling approximately $386 million. Within the Department of Health and Human Services - Indian Health Service - Office of Tribal Self-governance (DHHS-IHS-OTSG), there are 84 Title V compacts, funded through 109 Funding Agreements, totaling approximately $1.6 billion. These compact represent 341 Tribes - more than half of all the federally-recognized Tribes.
- Last year, Congress failed to enact legislation negating the implementation of the ISDEAA has been one of the most successful mechanisms allowing Tribes to develop the capacity for government-building activities. However, Title IV of the ISDEAA, the Self-Governance program within DOI has serious gaps and problems. As such, Self-Governance Tribal leaders continue to advance the vision of the ISDEAA by working to amend Title IV of the ISDEAA to create consistency and administrative efficiency for Self-Governance Tribes between Title IV Self-Governance in the DOI and Title V Self-Governance in IHS.

Enact Title IV Self-Governance Amendments

- Amending Title IV of ISDEAA has been a top legislative priority for Self-Governance Tribes for more than a decade. Over the past thirty-five years, the ISDEAA has been one of the most successful mechanisms allowing Tribes to develop the capacity for government-building activities. However, Title IV of the ISDEAA, the Self-Governance program within DOI has serious gaps and problems. As such, Self-Governance Tribal leaders continue to advance the vision of the ISDEAA by working to amend Title IV of the ISDEAA to create consistency and administrative efficiency for Self-Governance Tribes between Title IV Self-Governance in the DOI and Title V Self-Governance in IHS.

Expansion of Tribal Self-Governance within the Department of Health and Human Services and Department of Interior

- The expansion of Self-Governance within Title VI of the ISDEAA would greatly aid Tribes in serving their citizens. In 2000, P.L. 106-260, Title VI of ISDEAA required HHS to conduct a study to determine the feasibility of a demonstration project extending Tribal Self-Governance to HHS agencies other than the Indian Health Service. The HHS study submitted to Congress in 2003 determined that a demonstration project was feasible. Expanding this Self-Governance tenet translates to greater flexibility for Tribes to redesign programs that provide critical social services within agencies such as the Administration on Aging, Administration on Children and Families, Substance Abuse and Mental Health Administration, and Health Resources and Services Administration.
- In addition, Tribes could reallocate program funding with provisions of Title VI legislation to better meet the needs of their citizens.
- Expanding Self-Governance to programs outside of the Bureau of Indian Affairs (BIA) also would provide Tribes the opportunity to streamline community service programs and general governmental operations such as law enforcement. Although ISDEAA represented a federal commitment to Tribes to have full and representative voice in determining the future of their health program, on-going problems were not addressed. Additionally, over the past several years, Tribes have been concerned about the impact of sequestration, reductions in programmatic and administrative funding, and potential service interruptions. As such, in fiscal year 2013, the Federal government made reductions of 5% were incurred in 2013. Today, BIA spending power is now another 8% were made from FY 2000-2013, and finally when Sequestration General Reduction in 1996, when Across-The-Board Rescissions totaling $353 million dollars. Congress is now on a path taken, the Federal trust obligation to Indian Tribes must be honored and vital Tribal programs sustained.

In FY 2013, the Budget Control Act spelled out how sequestration would work and left open that even exempt accounts could be sequestered. What happens in the next several months will greatly affect the BIA/IHS and Self-Governance Tribes ability to provide quality services and health care to Alaska Native and American Indian people, and at this point the outcome is far from certain. Regardless of the path taken, the Federal trust obligation to Indian Tribes must be honored and vital Tribal programs sustained.

Full Funding of Contract Support Costs (CSC) and Timely Settlement of Past Claims

- Obtaining full funding for CSC has long been a top priority of Self-Governance Tribes. The remaining changes fall into three main categories: (1) obtain fair compensation for past CSC shortfalls; (2) ensure full CSC funding moving forward while opposing reactive measures by the Administration to cut off Tribal contract rights; and, (3) ensure an open and inclusive process for any changes to agency policies and practices.

Halt Lowering of the Discretionary Budget CAPS

- Federal funding for American Indian and Alaska Native programs is largely made up of discretionary, rather than mandatory funds, despite the legal and moral obligations to Indian Country. Tribes recognize that these programs are to continue funding Tribal Self-Governance grants, including ISDEAA funding and the ISDEAA has been one of the most successful mechanisms allowing Tribes to develop the capacity for government-building activities. However, Title IV of the ISDEAA has serious gaps and problems. As such, Self-Governance Tribal leaders continue to advance the vision of the ISDEAA by working to amend Title IV of the ISDEAA to create consistency and administrative efficiency for Self-Governance Tribes between Title IV Self-Governance in the DOI and Title V Self-Governance in IHS.

Exempt Tribal Programs from Sequestration

- Last year, Congress failed to enact legislation negating the implementation of a government-wide sequestration of FY 2013 appropriations. As a result, the Bureau of Indian Affairs (BIA) and the Indian Health Service (IHS) FY 2013 budget was cut across-the-board out of $353 million dollars. Congress is now on a path to a similar result for FY 2014. The disparity in historical funding to Tribes continues to grow at an alarming rate. Funding increases for the BIA over the last 10 years have lagged far behind the other Interior Bureaus. An additional lack of budget equity occurred when Tribal budgets incurred a 16% General Reduction in 1996, when Across-The-Board Rescissions totaling another 8% were made from FY 2000-2013, and finally when Sequestration reductions of 5% were incurred in 2013. Today, BIA spending power is now $80 million dollars. In FY 2013, the Budget Control Act spelled out how sequestration would work and left open that even exempt accounts could be sequestered. What happens in the next several months will greatly affect the BIA/IHS and Self-Governance Tribes ability to provide quality services and health care to Alaska Native and American Indian people, and at this point the outcome is far from certain. Regardless of the path taken, the Federal trust obligation to Indian Tribes must be honored and vital Tribal programs sustained.

Advance Appropriations for Indian Health Service

- Requiring that Congress has enacted appropriations by the beginning of the fiscal year once since 1998, funding IHS one fiscal year in advance, otherwise known as advance appropriations, would go a long way to allow the IHS and Tribal health providers adequate planning time to deliver health care to Tribal citizens. Legislation in support of this budget option has been introduced in both chambers (HR. 3229 and S. 1570). This strategy stabilizes
### Vision

Preserve and Protect Tribal and Indigenous Sovereignty, Culture, History, Treaty and Self-Governing Rights

<table>
<thead>

### Objectives

**Advance Self-Governance Policy Priorities**
- Strengthen Meaningful Tribal Consultation & Communication
- Remove Barriers to SG Implementation
- Increase in non-BIA Agreements
- Monitor Cobell settlement
- Advance implementation of MAP-21 and Hearth Act

**Advance Self-Governance Budget Priorities**
- Budget Equity for SG Tribes
- Full Funding CSC & Resolve claim
- Fixed Costs (Pay Costs)
- Tribal Priority Allocations
- Road Maintenance
- Judicial Funding for TLOA
- Fire Suppression

**Advance Self-Governance Legislative Objectives**
- Title IV Amendments
- P.L. 477 Program
- Enact a clean Carcieri-fix
- Obtain an administrative or legislative fix to the Patchak case
- Clarify FACA for Tribal exemption
- VAWA for Alaska

### Strategies & Action Items

- **HHS/IHS Goals**
  - Conduct SG Training Senior Officials
  - Invite Senior Staff to Annual SG Conference, SGAC Meetings, Calls
  - Tie federal performance to increase in non-BIA agreements
  - Identify Tribal Shares (CO & Area)
  - Engage Tribes in process for implementation of Cobell. Tribal Transportation
  - Exempt BIA from budget sequestration

- **Department of Health & Human Services/Indian Health Service**
  - Title IV - Advocate for passage
  - 477 - Complete negotiations & implement a reporting system
  - Carcieri/Patchek - Encourage Tribes to send letters to Congress

### National Self-Governance Strategic Plan (2014-2016)

Department of Health & Human Services/Indian Health Service

- Preserve and Protect Tribal and Indigenous Sovereignty, Culture, History, Treaty and Self-Governing Rights

Updated: October 2013
The AST Tribal Health System welcomes Dr. Johnny Johnson, Internal Medicine, to our team of outstanding providers! We are excited to have Dr. Johnson on board to assist us with increasing and improving our access to care and services.

Also, we are having a “March Madness” 5K Fun Run on Saturday, March 28th, hosted by the AST Diabetes and Wellness Program. The race will begin at 8:00 A.M. and we are asking all participants to show up ready to run in their favorite basketball team apparel. There will be a best dressed contest at the conclusion of the race. Any basketball team (pro, college, high school) may be represented. If you have any questions, please feel free to contact Mr. Buster Bread or Ms. Chrissy Wiens at (405) 364-7298.

The flu continues to hit Oklahoma hard, and we are seeing a lot of influenza strain A & B in both the Shawnee and Little Axe Clinics. Please continue to monitor your health, use good hygiene, as well as good sanitation, and hand washing procedures in your home and while at work. The best prevention begins with you!

We are very proud of our outstanding star performers this month and thank them all for their contributions to our patients, their fellow employees, and the Tribe! Employee of the month for health was Ms. Brandy Dougan, Operator; the team of the month was Health Procurement led by Ms. Sharon Shawnee and our Health Finance team led by Ms. Jennifer Harmon. The special leadership recognition award was presented to Ms. Nicole Zellner of health for her generous help in assisting with end of year close-out and procurement processes. Great going gang!

A few other key bits of information for this month:

- **AST/Serviced Health System Native American Veterans:** If you are currently receiving services with the area VA Medical Center, please contact us today to set up an appointment to have your services established with the AST Health System. We have been approved to begin our program for Native American Veterans. We have two upcoming Veterans enrollment events scheduled at the Little Axe Clinic on Wednesday, April 22nd and at the Shawnee Clinic on Wednesday, May 20th. The events provide an opportunity for you to visit with VHA Health and VBA Benefit enrollment specialists. They will be able to see if you qualify for benefits or they can help you explore your current VA benefit offerings.

- **If you need CPR training,** please contact the AST Health System’s Public Health Office at (405) 447-0300 for scheduling and training opportunities.

- **Contract Health Services (CHS) interactive phone menu** helps patients access the most appropriate service provider by calling (405) 701-7951. This feature will speed up access to the patients seeking services and follow-up to their care.

- **The AST Health System continues to improve its Customer Service.** The Customer Service Line is (405) 701-7623. Please direct all complaints or compliments to this line for appropriate attention and/or response. Please be assured that this is the best way to have each situation addressed, with consistent updates from our health staff. After the investigations of all issues are complete, our Health Director or a Clinic Administrator will personally contact you with updates, decisions, or question pertaining to your case.

- **The AST Anti-Bullying Prevention “HOTLINE”** is (405) 701-7987 during work hours 8-5, M-F, and for added confidentiality or after hours you may contact Mrs. Dara Thorpe at either (405) 701-7992 or via cell (405) 481-0815 to start intervention assistance for tribal youth. If it is an emergency or someone is at risk of harming themselves or others, please contact 911.

- **The Affordable Care Act Decision Tool** continues to be a valuable tool with helping you decide what you need to do for compliance with the act. Please see the ACA tab at the ASTHA Health Program’s Website: http://www.asthealth.org. (Please visit our site today to find out what you need to do to protect yourself and your family!)

- **IRS Releases Tax Form and Instructions for Tribal Exemption from Individual Shared Responsibility Payment:** Shortly after the New Year, the IRS finalized and released Health Coverage Exemptions 2014 Form 8965 and instructions for healthcare exemptions from the Individual Shared Responsibility Payment. Native Americans who only utilized Indian healthcare services in 2014 and who do not have their Native American Exemption Number at time of tax filing may self-attest through their tax preparer; or if you prepare your own tax return, you may self-attest on Part III of Form 8965. Visit http://www.asthealth.org to access the form and instructions or contact a Patient Benefit Advocate at Little Axe Health Center or Shawnee Clinic for more information.

- **Emergency After hours Pharmacy Access:** If you experience an emergent issue after hours and receive a prescription that needs to be filled that same evening, AST Health has provided access for tribal members at three (3) approved Walgreens locations in Shawnee and Norman. You will need to submit your prescription and it is mandatory to identify yourself with your AST CDIB card and other appropriate ID. Then they shall fill your prescription. You will have a 5-day limited fill on your prescription. Upon the first work/business day, you can have the remaining balance of your prescription(s) transferred to your AST pharmacy in either Shawnee or Little Axe, and they will fill your remaining balance. The three (3) approved Walgreens service locations are: 1427 North Harrison Street or at 600 Shawnee Mall Drive, Shawnee, Oklahoma or at 100 12th Avenue NE, Norman, Oklahoma.

- **Ebola Public Health Messages and Updates:** You can access this up to date information today on the AST Health System webpage: http://www.asthealth.org. Breaking news and information from the CDC and OSDH are located on our webpage along with other pertinent information for you to protect yourself and your loved ones.

- **Social Media:** You can follow the AST Health System on Facebook and receive the most current messages and announcements regarding your tribal health care.

- **Saturday/Sunday** CLOSED
The Absentee Shawnee Health System is pleased to announce that plans are being made to open an Extended Hours Health Clinic in 2015.

The Extended Hours Health Clinic will be located in the “old” Little Axe Clinic in the Casino Parking lot 15702 East HWY 9 Norman, OK 73026

The Extended Hours Health Clinic will be similar to an “AM/PM” clinic for acute illness or injury needs. The clinic will be staffed with a Physician, Physician Assistant, or a Nurse Practitioner. This acute needs clinic is designed to allow increased access to care for our patients after the regular Primary Care clinic is closed and on weekends. If you have an emergent condition such as chest pain or suspected stroke, please call 911 or go to the nearest ER. *The Extended Hours Health Clinic will not be equipped for emergent care.

**After School Program 2014/2015**

Come join us at the AST Resource Center!!!

- Free tutoring in all subjects!
- Games and activities!
- Delinquency prevention!
- Healthy lifestyles!
- And much more!

**OPEN TO ALL MIDDLE SCHOOL AND HIGH SCHOOL STUDENTS**

Everything is offered at no charge....Little Axe School’s bus will transport students to the AST Resource Center on Peebly Road and parents are responsible for picking students up by 6:00 pm.

**Duration:** Starts September 2nd and will run through the school year.

Monday-Thursday, 2:45pm-6:00pm

For more information and to sign up please contact Blake Goodman at (405) 364-7569.

**Tribal Youth Council**

**Location:**
AST Complex Building 1

**Date/Time:**
First Meeting will be **March 7th** at 10:00 am.
Meetings vary in length, but usually last at least an hour.

**Participants/Ages:**
6th grade to 12th grade. The Youth Council is open to all students in this grade range.

**Transportation:**
Parents will be responsible for bringing and picking up their child.

**What is it?**
The Youth Council is a way for students from the surrounding AST communities to work together and bring to light things they need help with in their school. It is also a way for students to work and learn how they can create a difference for the tribe and their own community. We explore different prevention topics, volunteer in the community, and also explore further educational options.

Questions:
For Further questions please contact Tresha Spoon at 275-4030, Ext. 121, or Blake Goodman at 364-7569.

**Questions:**
For Further questions please contact Tresha Spoon at 275-4030, Ext. 121, or Blake Goodman at 364-7569.

**Steps to Take to Prevent Falls**

1st – Get Moving (Exercise!!)
- By not exercising you weaken your muscles increasing the likelihood of a fall to occur. 30 minutes daily of a low impact exercise will help this.

2nd – Medications (Check with your doctor!!)
- Some medications or a combination of medications can cause dizziness increasing the chance of a fall.

3rd – Vision (Keep you eyes healthy!!)
- Poor vision makes it harder to get around safely. Keep your yearly vision checks and wear glasses or contacts to prevent falls.

4th – Remove Home Hazards!!
- Half of all falls happen at home. Remove clutter from walkways and identify other fall hazards like poor lighting to keep walking safely.

5th – Have a home evaluation!!
- Falling is not a normal ‘part of aging’! It is a combination of many factors, have your home professionally checked for potential problems.

Family of Alcoholics Support Group
Absentee Shawnee Behavioral Health Services

The Absentee Shawnee Behavioral Health Services is asking for participants to come to family of alcoholics support group start-up meetings. The goal of these meetings is to bring people together whose lives are affected by family members who are living with alcoholism and/or drug addiction. The goal of this group is to become an Al-Anon group.

By adhering to the traditions of Al-Anon, this group will have to become fully self-supporting and leaders (chairperson and secretary/treasurer) of the group will have to be identified and assigned to take care of the necessary business to maintain the group adhesiveness. To start up this group the AST Behavioral Health will support the group for the initial stages, but will have to let the group become fully self-supporting in keeping with the traditions of Al-Anon. The group will have to establish a group conscious which will be the group’s set of shared beliefs, ideas, moral attitudes, and mission.

Al-Anon was established on the 12 steps and 12 traditions of Alcoholics Anonymous. Our proposal is for this family of alcoholics support group to evolve into Al-Anon first, to build a foundation to eventually have Alcoholics Anonymous and Ala-teen groups to coincide so we can reach more people who are affected by alcoholism and drug addiction. Please call John Soap and/or Richard Bennett at the Absentee Shawnee Behavioral Health at (405) 878-4716 to ask for more information. The initial meeting place will be in the employee committee/music room house (yellow with brown trim) at the Shawnee location at 2025 S. Gordon Cooper. The meeting times will be Thursday at 6:00 PM-7:00 PM. Initial Meeting will be Thursday, March 12, 2015.
Absence Shawnee Tribe of Oklahoma

Injury Prevention Program

The Mayo Clinic and the Center for Disease Control & Prevention say that if you’re physically active it may help prevent you from falling. The following activities: Walking, chair exercises and Tai Chi, can improve your leg strength, balance, coordination and flexibility. Remember to check with your doctor before starting any of these activities!

Here are some tips on how to stay safe while getting back into the spring of things:

- Be sure to warm-up and cool down when appropriate.
- Wear protective gear - i.e. bike helmets, wrist & elbow guards, pads, etc.
- Rest, especially when your muscles are tired
- Prevent “overuse” injuries (i.e. stress fractures, tendonitis, or inflamed joints) by not overdoing exercise.
- Condition your body before jumping into new activities at full force.

For more information contact: Rosie Tall Bear at 405-701-7601
Little Axe Health Center
Tribal Housing Improvements Application

The Tribal Housing Improvement Program’s goal is providing sanitary, safe, and decent housing for its members by utilizing the following criteria to select the most “in need” tribal members with homes that are in disrepair but are still suitable for rehabilitation. All applicants must meet the eligibility requirements and criteria which is approved by the Absentee Shawnee Tribe.

THIP list all applicants by a priority list:

a. Handicapped/Disabled and Elderly
b. Income
c. Family Size/Overcrowded Living Conditions
d. Condition of Home

Other Programs available:

• Sanitation Facilities Assistance Program
Applications need to be completed and all necessary documents attached before the application will be processed. Applications are available online on the website: www.astribe.com.
Submit completed application to:

Office of Environmental Health & Engineering
Absentee Shawnee Tribe of Oklahoma
2025 S. Gordon Cooper Dr.
Shawnee, OK 74801
Absentee Shawnee Tribe Complex
Office of Environmental Health & Engineering, Building 13
If you have any questions, you can reach us by phone at (405) 214-4235

Are you at risk for diabetes, have diabetes or know someone who does? Type 2 diabetes is the most common type of diabetes and affects millions of Native Americans. Many people are unaware that they have diabetes or pre-diabetes. Native Americans are twice as likely to develop Type 2 diabetes than others. Some common signs and symptoms include:

- Frequent infections
- Blurred vision
- Cuts/bruises that are slow to heal
- Tingling/numbness in the hands/feet
- Recurring skin, gum, or bladder infections

Often people with type 2 diabetes have no symptoms.

Some ways to prevent and manage diabetes is through healthy lifestyle behaviors. One question that many people with diabetes or pre-diabetes often ask is “What can I eat?” The American Diabetes Association states that you do not have to be deprived or restricted. The key factors are learning what are the “superfoods”, how much of it you can have and how often. Getting into the habit of eating a healthy diet helps you manage diabetes and prevent complications caused by diabetes.

The following foods are listed on the American Diabetes Association web site as “superfoods”. Try to incorporate as many of these foods into your daily meal plan to enhance the nutrient content of your meals.

The foods listed have a low glycemic index (causes slower rise in blood glucose after eating) and provide key nutrients that are lacking in the typical western diet such as:

- calcium
- magnesium
- potassium
- vitamins A, C, and E.
- fiber
- Omega-3 fatty acids, whole grains, nuts, fat-free milk and yogurt.

Beans, dark green leafy vegetables, citrus fruit, sweet potatoes, berries, tomatoes, fish high in Omega-3 fatty acids, whole grains, nuts, fat-free milk and yogurt. To learn more about eating these superfoods and recipes visit diabetes.org and sign up for Wellness and Healthy Eating classes at the Little Axe Clinic. Call Sidna McKane to sign up at 405 701-7977.

Source: American Diabetes Association at www.diabetes.org
We will begin accepting applications for 2014-15 Big Jim Youth Awards on January 1, 2015. High school seniors of both genders within the 50 United States are eligible to apply for these awards for the 2014-2015 school year. Applications will be accepted from January 1 to March 31, 2015 by US mail or email, official transcripts must be mailed. The official application form will be available in January 2015 at www.astribe.com under the Education Department. The $1,000.00 award is in the form of a scholarship to the college or university where the award recipient will attend for the fall 2015 semester. The scholarship must be used for the fall 2015 semester.

We will begin accepting applications for the following awards:

**Big Jim Academic Achievement Award (Male and Female)**
**Big Jim Athlete of the Year (Male and Female)**

Individuals are encouraged to nominate deserving high school seniors. You may nominate yourself. Please refer to the application for required documents. Eligible nominations will be judged by a panel of (non-AST) experts assembled specifically for this purpose. The intent is to bring together an unbiased group of experts to evaluate the applicants in an impartial and unbiased environment. Their decisions are final with respect to all matters concerning these awards. Awards will be announced in May 2015.

We encourage ALL Absentee Shawnee High School Seniors to apply. Award recipients will be recognized as the 2014-2015 Big Jim Academic Achievement Award winner or the Big Jim Athlete of the Year. In addition to this recognition the award recipients will receive a $1,000.00 scholarship to be used towards their education and the advancement of their career.

Questions on these awards program should be addressed to:

youthaward@astribe.com

Applications accepted:  
Jan. 1” –March 31”  
Finalists announced:  
May 2015

All Absentee Shawnee High School Seniors are eligible and encouraged to apply.

Documents to be included with application:

- Official High School Transcript
- Letter of Recommendation (Educator/Coach)
- Tribal Enrollment Card (copy)
- Resume of Accomplishments and Activities
- 500-word Essay: How do you feel your accomplishments (knowledge/training) will influence your future?
- Video (optional): no more than 10 minutes in length

20
To my niece Vikki Dawn Striker

I love you!
Your Auntie Sadie

Happy Birthday Dear Sister

To My Handsome Grandson
Michael Jason Alford

I am so proud of you & I love you bunches!
Jay G-Low

To my niece Vikki Dawn Striker

Happy 44th Birthday Mom!!
You deserve this to be the best day ever!!
You’re the best at what you do - raising us!!
Love your kids,
Joplin, Jiliyan & Justin
We love you so very much!

Happy Birthday to my beautiful daughter
Sherrie Dawn Spoon

I am so proud of you, you are an awesome loving mother to your children
Hugs & Kisses and many many more birthdays.
I love you,
Mom

To my Granddaughter
LeeAnn Huckaby

And to you and Mark...
Congratulations
on the arrival of your baby boy
I love you all,
Granny Low
February was a busy month for Building Blocks. We were able to re-open with a significant decrease in illnesses in our staff members, though it can never be completely eliminated. We thank everyone who was understanding and patient with us while we worked through these issues and took time to sanitize the center.

The kids had such a great time celebrating the month of love! The teachers and floaters did a wonderful job planning activities and parties for Valentine’s Day. The children engaged in age-appropriate activities to teach them about friendship, sharing and feelings. They also made Valentine’s gifts for their parents.

In March, we will celebrate Dr. Seuss’ birthday and welcome the beginning of spring. There is no doubt that our activities will center around these topics, as we prepare for spring break, which is March 16th - 20th. Teachers will be planning field trips during this time, depending on the age group.

April will bring Easter and our annual celebration at Building Blocks. Once again, each teacher will coordinate and plan Easter egg hunts for their class, as well as class parties.

Parents are always welcome to attend field trips, class parties, and other Building Blocks’ events with their child(ren). It is not only a great help and support during these times, but it fosters a relationship between the teacher and families. This relationship is important to all of those involved and can help to improve communication, understanding and services. We thank all parents who are involved in our activities each month!

Dates to remember:
Monday, March 2nd: Dr. Seuss’ birthday.
Thursday, April 2nd: Easter egg hunts 9:30 a.m. - 10:30 a.m.; Easter parties at 3:00 p.m.
Friday, April 3rd: Closed for Good Friday.

Thank you,
Billie Thompson
Director

The following are current programs administered by the Absentee Shawnee Tribe Education Department:

These are brief descriptions of current programs. Program guidelines are available in hard copy at the Education Department office or for download at www.astribe.com.

- **Academic (K-12) Program**: assists with academic related expenses, and a portion of funds can be used for school-related athletic program expenses. Program has a maximum funding limit for the academic year.

- **Zahn Program**: established from a trust fund, program can help with some graduation expenses, and awards two (2) incentives: one for GED recipients and one for High School graduates. Program has a maximum amount of funding for graduation expenses.

- **Job Training Adult Education Program**: funds for vocational training at accredited vocational institutions. Program has a maximum funding limit for the calendar year or per program.

- **Higher Education: Education Incentive Award Program**: funds for undergraduate degrees, one associate or bachelor degree, at any accredited college or university. Funding levels are determined based upon grade point average and full-time or part-time status.

- **Graduate Scholarship Program**: funds for one master’s degree or one doctoral degree, and can fund one graduate admissions test. This program has funding levels based upon full-time and part-time status.

- **Big Jim Youth Award Program**: annual incentive for High School Seniors for Academic Achievement and Athlete of the Year. Deadline for application submission is March 31st of each year.

All funding is based upon the availability of funds at the time of application.

All applications and guidelines are available at www.astribe.com. Click on Services and select Education.

For more information, please call Tresha Spoon at (405) 275-4030, Ext. 121 or 1-800-256-3341 or email to tresham@astribe.com.
• CTSA Head Start/Early Head Start is operated solely on Public Federal funds in the amount of $1,518,899 is the total amount of funds awarded after the 5.27% Sequestration budget cut was reinstated. CTSA does not receive any private funds.

• Proposed Budget and Budgetary Expenditures
The proposed budget is prepared as a part of the grant application package. It is prepared by carefully considering all resources necessary to serve the required number of children. We use the proposed budget as a guide for our budgetary expenditures. An explanation of the budgetary expenditures is as follows:
1. Personnel Expenditures
We strive to meet all guidelines that are set forth for us in staffing numbers and qualifications. Maintaining a well qualified staff is expensive and represents the majority of our grant money. Staffing costs include salaries, employer paid Social Security and Medicare taxes, Workers Compensation Insurance Premiums, Unemployment Insurance Premiums, Medical/Dental Insurance Premiums, and employer paid Retirement Benefits.
2. Supplies Expenditures
The first of these is office supplies for program administration. Also, there are program supplies and food service supplies. Program supplies include all necessary items for the classrooms and for the teachers to make and execute their lesson plans. Food service supplies are the items necessary to serve and feed the children such as dishes, glasses, and silverware. The actual expense for food is covered with money provided by the USDA.
3. Audit Expenditures
This is for all costs related to the required annual financial audit.
4. Facilities Expenditures
These include Rent Expense for our facility in Norman, Oklahoma, and Maintenance Expense which is for all costs necessary to maintain the facilities.
5. Utilities Expenditures
This includes all electric, gas, water, telephone, and trash service expenditures.
6. Insurance Expenditures
This includes facility insurance, liability insurance, and vehicle insurance.
7. Travel Expenses
This includes gasoline and maintenance for all company vehicles.
8. Parent Expenditures
This includes two line items. The first is Parent Services which is used to give temporary assistance to parents for living expenses. For Parent Services, we are always the payer of last resort. The other is Parent Activities. Parent Activities Funds are used to help with the cost of parent planned events.
9. Staff Training Expenditures
This line item is for sending staff to required trainings to ensure they have current knowledge in all areas. It is also used to help with the costs necessary to assist employees in meeting the minimum education requirements of their positions.
10. Other Expenditures
This covers the three remaining line items. The first of these is Printing/Advertising Expense which covers any forms we use that need to be prepared by a professional printer and any necessary advertising for employment vacancies, legal notices, enrolment, and retention. Next is Fees Expense. The majority of these funds are used for required pre-employment screenings. The last of these is Classroom Substitute Expense. Because we are required to maintain staffing requirements in each classroom we have to pay for substitutes when a regular teacher is absent.

• Total number of children and families served during the dates above would be approximately 146 Head Start/Early Head Start children and families and the average monthly enrollment was 99%. Since the beginning of the 2014-2015 school years CTSA has been consistently fully enrolled. All applying children are eligible for services; however, the children with the greatest needs are selected first using a criteria ranking sheet approved by Policy Council that follows federal guidelines.

• CTSA was federally reviewed in March of 2014 and received a 100% compliant review. The results of the FY2013 Audit: there were no findings and only managerial notes that were immediately addressed.

• Approximately 83% of the enrolled children were reported on PIR as up-to-date on their EPSDT and 83% dental exams in Head Start, and 71% for both in Early Head Start on the programs Program Information Reporting (PIR).

• CTSA operates 3 centers: Cushing, Norman and Shawnee – We encourage all our families to be involved with our program. CTSA offers a variety of parent and family activities throughout the program year. These include activities like Thanksgiving Dinner, Christmas Parades, Children’s Programs, Muffins with Mom, Dad’s day, Trike- a-thons, as well as always welcoming parents and families to volunteer in the classroom. Additional ways parents get involved is through creating Child and Family goals, Home Visits, Parent/Teacher Conferences, Policy Council and Parent Committees.

• CTSA has School Readiness Goals which also include the Family Engagement aspect that are set to accommodate all ages including Infants and Toddlers, individual goals are set for each child, with the input of the parent, to meet their appropriate developmental needs at that time. Each of these goals aligns with the Head Start Child Development and Early Learning Framework as well as the State early learning guidelines. Children are assessed 3 times a school year to monitor progress and assist in creating new child goals. CTSA strives to ensure that all efforts are made to prepare children and parents for the Kindergarten experience, including transition activities/packets and/or field trips to the local public schools.
The Horse Shoe Bend After School Program continues to grow and now has 24 students. Each day we typically serve between 10 and 15 students. On days with outside activities, we often have more than 15 students.

THANKS TO THE OKLAHOMA BAPTIST UNIVERSITY TUTORS

The tutors from Oklahoma Baptist University are very popular. Our young students enjoy talking and interacting with the tutors. The tutors like these interactions too, since some tutors are far away from home and miss their own brothers and sisters.

Nine of the 12 first semester tutors returned for the second semester and we have added five new tutors since the Christmas break. These tutors will soon start working with our students at the After School Program at the Absentee Shawnee Complex. The tutors set their own schedules. Some are able to tutor all four days and some are only there for one or two days.

CONGRATULATIONS TO KATIE WILSON!

Katie received the Citizenship Award in her Third Grade class at North Rock Creek School. Katie has been enrolled at the Horse Shoe Bend After School Program since starting kindergarten in the Fall of 2011. Katie gives a 100% effort to her studies and her efforts are paying off. Katie is the daughter of Calvin and Annette Wilson. She has two brothers Michael and Ruben.

I am so pleased with the progress the Horse Shoe Bend After School Program has made this school year. Programs such as this are wonderful for our students and help our parents better manage their busy lives. If you have any suggestions for how to make this program even better, or if you have questions or concerns, please call me at (405) 481-0397.

Thank you,
Edwina Butler-Wolfe, Governor
ASEDA Leverages Strategic Partnerships

ASEDA identifies and investigates opportunities to develop tribally-owned commercial businesses that can provide job opportunities for our tribal members.

We are pleased to report an opportunity to acquire an established, successful business owned by a tribal member. The Board is exploring the business following ASEDAs’s 2015 Due Diligence Review Checklist. In addition, ASEDAs will partner with the CPA to evaluate the financial condition of current and prospective businesses, including those operated through ASEDAs Enterprises (Convenience Store, Restaurant and Smoke Shop) as well as the financial condition of the business described above.

In February, the ASEDAs board members met with the CDFI Director and a Consultant to discuss a partnership to identify and apply for federal grants to initiate new economic development activities.

Recently ASEDAs was notified by the Oklahoma State Tax Commission of a demand for payment of unemployment insurance premiums from a previously owned business. After reviewing the Management Agreement governing the purchase and sale of this business, and consulting with the Attorney General, we have concluded that ASEDAs has no financial obligation in this matter.

In her February report, Governor Edwina Butler-Wolfe reiterated one of her campaign promises, to “... advance our economic development...”(The Absentee Shawnee News, February 2015, 2). ASEDAs welcomes this partnership. We met with the Governor in the Fall and presented the results of the 2014 Cost Effectiveness Analysis and described our strategic planning efforts and the goals we would pursue in 2015.

When the ASEDAs Board members return from the “RES 2015 Conference” in March, we will invite the Governor and other Executive Committee members to attend a presentation on business networking activities identified during the conference.

We are pursuing all of these partnerships to provide positive economic development results for the Tribe.

Respectfully the ASEDAs Board Members:
Mr. Dan Little Axe, President
Mr. Adam Proctor, Vice-President
Mr. Eddie Brokeshoulder, Secretary

Personal Banking:

My name is Anthony Porambo, a proud member of the Absentee Shawnee Tribe and owner of a skateboarding company called “Chief on a Board”. My company, based out of Durango, Colorado, specializes in customized decks, graphics, and accessories. My company features graphics with an influence of Native American designs, containing hidden symbolic messages that help unite us as one nation. As a Native American-owned skate company, I aimed to inspire the youth to skate and have some fun. A chance to get out and enjoy some fresh air while bombing hills or carving the sidewalks with my collection of boards. The vision for the company is to sponsor the first Native American pro skater in the X-games. I want to keep the dream alive that anything is possible with hard work and dedication. As the company plans to launch its first collection of longboards and skateboards, I hope to inspire a generation of youth to bust a move and enjoy the ride. Listed below are some links you can follow to learn more about the success I have had with the company. Follow us on Facebook, Instagram, Twitter, and YouTube at Chief on a Board. I wish all tribes across our nation the best in fighting for our culture, traditions, and rights for our people!
Tribal Storm Shelter Program
As of February 1, there have been 18 shelters completed for tribal members which began in December. Once the shelters have been completed, the homeowner will need to register their shelter with their local fire department. Notices will be sent to each homeowner as a reminder to take this important step. If you need help finding your local fire department contact the Emergency Manager at 405-740-1562. We can take 4 more applications from tribal members and when we have those 4, the application portion will be complete. The priority is for those who were directly affected by the May 2012 tornado who live in Cleveland, Pottawatomie, and Oklahoma counties. If you need an application, there is one available on the tribal website, tribal complex administration office or one can be mailed upon request by email to lday@astribe.com or call Emergency Manager 405-740-1562.

Red Cross, Partnership
Plans have been made for Red Cross volunteers to distribute free weather radios at the Little Axe Tribal Clinic on Thursday, February 26 from 12 noon to 2:00 p.m. and lunch will be provided. I will be meeting with the Red Cross liaison to discuss our implementation plan for the MOU which will target activities and timelines for providing assistance to our tribal community to promote readiness and resilience.

Community Outreach
The January ITEMC (Intertribal Emergency Managers Coalition) meeting was hosted by the Cherokee Tribe at Catoosa, OK to plan for the Annual Emergency Management Summit. FEMA personnel from Region VI made presentations to the group regarding upcoming training opportunities and to invite tribes to the Regional Interagency Steering Committee in Denton, TX February 24-25, 2015. Day One will have Governor Chavarria of Santa Clara Pueblo who will be speaking on their Presidential Disaster Declaration and share the Pueblo’s experience of the process. This is of great importance as they are the first tribal nation to submit a request for a declaration to the President. The Agenda for day two will include presentations on COOP (Continuation of Operations Plan) and Devolution.

Training/Meetings
Intertribal Emergency Managers Coalition Monthly Meeting January 13, 2015, hosted by Cherokee Tribe in Catoosa, OK

From Garbage to Garden
It’s Compost Time!

Home Composting
A simple way to contribute to a healthy environment

- Have you ever been interested in creating a healthier environment, or just wanted to minimize the amount of trash that you produce at home? If so, then look no further than composting.

- Composting is basically the process of putting organic materials in a container and letting nature do the work. Organic materials would be any material from plants or animals, such as food, yard waste, and even products such as paper and cardboard.

- When you put these materials into a compost bin, they are broken down by bacteria, insects, and fungi. Once broken down, the waste from these organisms becomes nutrient-rich compost which can be used in your own yard for mulch, soil conditioner, and fertilizer.

- Another bright side to composting is the amount of waste that is being diverted from landfills. According to the EPA, 70% of the waste that is sent to landfills is organic matter. So when you compost, you’re saving space at the landfill for all of the other waste that has nowhere else to go.

- If you’re interested in learning more about composting, you can visit any of the following compost education websites.

  - http://www.howtocompost.org/
CULTURAL PRESERVATION DEPARTMENT

The AST Cultural Preservation Department would like to pass along the following information concerning updates to each of our programs.

CULTURAL PRESERVATION

First, let me apologize for not putting an article in this past month’s newsletter. The submission date has now been changed to the 15th of the month. However, since one of my program’s grant information was due, it was more important for me to complete that task to ensure future funding. Our department and programs have been extremely busy this past month. Each program completed and submitted an End of Year (EOY) report to provide details on the work that was completed in 2014. The information will be reviewed then processed into a format for the membership, to be included in the Semi-Annual General Council booklet come April.

Though there weren’t any cultural events scheduled, we didn’t miss anything with the extra Complex closings for weather and national holidays. I do have an announcement I’d like to make concerning our Cultural Advisory Committee. It has been brought to my attention we have available positions and I would like for those interested in participating to follow procedure and submit an application or resume to the Secretary’s Office. These volunteer positions have a service time length of 2 years and provide advice and input on sensitive topics related to our Culture, Language, Traditions, and NAGPRA issues.

We have several activities scheduled during March. To begin, we will travel to the University of Oklahoma to participate in the Native Crossroads Film Festival and Symposium to watch the screen presentation of “Empire of Dirt” on Friday, March 6th. In addition, there will be a public information session presented by the HRT Coordinator, Cecil Wilson, on Paraprofessional Training, Wednesday, March 18th. As of today, we have set aside Saturday, March 28th as a cultural event though the presenter has not confirmed yet. Please call to reserve your seat, as space is limited. If you have questions about the skills classes or would like to lead a demonstration, please call Joseph at Ext. 6310, or send an email to joseph.blanchard@astribe.com

LANGUAGE

I attended a meeting on Sunday, February 8th, to discuss our language program and to share ideas on how other tribes have implemented these with their membership. The discussion was very fruitful and provided useful information I will begin publishing over the next few months. As I provided an update to oversight, I mentioned the costs involved and the expectations needed from our Tribe. Because we possess the majority of ‘Fluent’ speakers amongst all three Shawnees, our task is simple. I have been asked to schedule appointments with our Elders who may want to help in completing review of the data and share their insight. A small stipend is being offered to compensate for time and effort.

Previously, I mentioned there has been discussion about restarting the Language classes and I asked for those wanting to participate to submit an email with your level of interest. If you possess this capability, call our office to discuss how you can become involved. I am still looking for participants and those willing to lead the class presentations. This is an important facet of our Tribal heritage but I need all the assistance I can get. It is my intent to start Shawnee Language classes in the fall. The course will be taught in a classroom setting, with a complete curriculum of: lesson plans, activities, vocabulary, sentence structure, and assessments. I want to thank those who have already stepped forward to assist or provided words of encouragement. Only through collaboration and better communication can we expect to reach our goals.

LIBRARY

We are planning an event during Spring Break, March 16-20, for those youth not going out of town. Unfortunately, our Library Tech resigned unexpectedly and I’m reviewing where she was at in the scheduling. So please check the tribal bulletin boards and other public areas for updated information regarding this activity. Likewise, I will be posting online for the job vacancy and hope to have a qualified person in place within a matter of weeks. We still have a variety of resources available for check-out or your reading leisure including magazines, newspapers, and journals. If you have any questions, please call Ashley at Ext. 6243.

GIFT SHOP

The Gift Shop continues to make progress in sales and new inventory as we concluded our year with a bang. 2014 was our biggest year since I came on board in 2012. The winter orders have arrived and are doing well. For those who have asked, Ms. Esther has been preoccupied with her son’s health and recovery. She is set to return later this month after he has been moved back to Shawnee.

Again, keep a look out on the bulletin boards and your email. We are planning an “Inventory Reduction Sale” this month to make room for the spring order. We will announce it once we’re ready but some of the items include: Backpacks, wind breaker jackets, long sleeve T-shirts, sweatshirts, aluminum water bottles, and hats. These are limited to stock on hand and are “first come, first serve”.

Please come in and check out our selection of CD’s in the Native style of music you prefer. Don’t forget we carry other tunes for NAC and stomp dance. If we don’t have what you like, let us know. For inquiries, call Esther at ext. 6323 or by email at elowden@astribe.com

THPO

Our THPO program continues to make great strides and advancements by responding to consultation requests from over 20 federal agencies, representing 20+ states. In anticipation of future agreements and more work, we are already coordinating with Forest service personnel to conduct a spring HRT Training to be held April 13-17, 2015. Upon completion of the HRT certification course, individuals will become eligible for seasonal employment as a paraprofessional. For questions related to registration, please call Cecil Wilson at Ext. 6245 or by email at cecil.wilson@astribe.com. In addition, there should be a form included in the newsletter.

Recently, I attended a Federal Energy Regulatory Commission (FERC) training in Memphis, TN. Upon completion, I received a certificate of completion for “Environmental Review and Compliance”. The sessions were very informative as we now have two people on staff to assist and complete reviews for all FERC projects within our area of concern. The Tribe will be happy to know there wasn’t a registration fee and the only costs we incurred were for hotel and gas.

Additionally, people may have noticed our parking lot has become fuller. There are two reasons for this increase:

1. The recent hire of additional staff, and
2. Recent vehicle purchase.

We completed the hiring process in February to bring on two new employees. The main intent is for these two ladies to assist in completing Section 106 Review, using the TCNS system provided to us by the FCC. In addition, they both possess specific skills related to future expansion of our THPO Program, more specifically: National Archives and Records Association (NARA) certification, Anthropology, GeoSpatial Systems and NAGPRA. Due to their recent hire, they haven’t had time to create a biography and profile but it will be included in next month’s issue.

Where the vehicles are concerned, as Director, I have done my best to secure needed assets necessary to complete our job tasks. By finding other additional revenue resources, this purchase didn’t interfere or create a hindrance to existing Tribal funds. For those interested, you may review the information and attachments I presented in my recommendation to the Executive Committee in passing Resolution AST-2014-59. The basis of my argument is that these cars be used by the Cultural Preservation Department and to assist the HRT Program in completing their associated tasks.

Your concerns are important to us. We know everyone has important things on their agenda, which is why we try to schedule activities well in advance and publicize it to the membership in order for them to put it on their calendars. However, it is up to the individual to place a priority on what they value and learn about their heritage. We thank you for the continued support of our department as we continue to make changes to our programs, in order to provide the best service to our Tribal community. If you have any questions or concerns, do not hesitate to call my office.

Thank you for your time.

Joseph H. Blanchard
Cultural Preservation Director/ Tribal Historic Preservation Officer joseph.blanchard@astribe.com (405) 275-4030 Ext. 6310
RESPONSE TO ACCUSATIONS MADE AGAINST GOVERNOR BUTLER-WOLFE

Recently, my qualifications as the Building Blocks Child Development Center Director have come under fire by some Executive Committee members. They have insinuated I am unqualified to hold my position. Therefore, I would like to share a little of my background, education, and qualifications with everyone.

I began working in childcare in 1996. I’ve worked as an assistant teacher in a childcare center and as a teacher in Head Start. In 1999, I opened my childcare home and operated it for 12 years. For most of those years, my childcare home was a 2 STAR facility. I’ve taken care of children from 6-weeks-old to 12-years-old during my 15 years of working as a childcare teacher, owner, and operator.

I am registered with the Center for Early Childhood Professional Development (CECPD) and have been certified as a Level 9 on the Oklahoma Professional Development Ladder, based on my experience and education. Level 10 is the highest level that can be obtained. Additionally, I have my Gold Director’s Credential from the CECPD, which is the highest level that a childcare center director can achieve. This is also based on my experience and education. The CECPD is the only credentialing agency the Department of Human Services recognizes with regards to childcare employee requirements.

I am a member of the Southern Early Childhood Association (SECA), the Early Childhood Association of Oklahoma (ECAO), and the National Association for Education of Young Children (NAEYC).

In 1999, I obtained my Associates Degree in Psychology from Oklahoma City Community College. Within this degree, I have 24 college credit hours in Child Development or Child Development related courses, to include Early Child Center Financial Planning and Management. I graduated with a 3.76 GPA.

In 2005, I obtained my Bachelors Degree in Criminal Justice Administration from the University of Phoenix (OKC). With a 3.97 GPA, I graduated with Honors.

From February 2011 – December 2011, I was a counseling intern at Crossroads Youth & Family in Norman. My counseling case load consisted of children, adolescents, and families. I also worked with the children at the Crossroads Youth & Family shelter. In 2012, I obtained my Masters Degree in Professional Counseling from Mid-America Christian University. I graduated with a 4.0 GPA.

From November 2012 – December 2014, I worked toward my Licensed Professional Counselor (LPC) licensure by providing counseling services (under supervision) to children, adolescents, and families while also working a full-time job at times. In December 2014, I was approved for and received my LPC license through the Oklahoma State Board of Behavioral Health. I continue to provide counseling services on a part-time basis to this population.

It is unfortunate that those who have made accusations regarding my qualifications, and other topics, have failed to do their research prior to making false and slanderous statements. It is truly a waste of tribal members’ time. I am not interested in the political or personal agendas that relentlessly pollute our tribal government. My job is to ensure Building Blocks provides a quality service to all of the children and families who enter our doors. I have made great improvements to our program since I began working as the Director in September 2013. I invite anyone who is interested in speaking to me regarding the Building Blocks program or my qualifications to contact me at (405) 878-0633 or by email at bthompson@astribe.com.

Respectfully,
Billie Thompson
Tribal Member & Director of Building Blocks, C.D.C.

WHAT IS A FOSTER CARE WORKER?

Foster care caseworker training involves completing a bachelor's degree program in social work through a college or university. Students take courses in psychology, abnormal psychology, sociology, economics, ethics, child welfare policies and complete a supervised internship.

The child's Foster Care Worker needs to be a partner with the foster parents to ensure that each child receives the full spectrum of services provided and/or arranged by the Department.

Some aspects of this relationship include the following:

- Sharing information on an ongoing basis regarding the child's individual needs, family situation and adjustment to the foster home
- Encouraging the foster parents to participate in the total service planning process
- Providing the foster parents the opportunity to discuss the child's progress and any unmet needs which they assess
- Providing the foster parent with information, support, guidance and referrals to other professionals on the child's behalf
- Helping the foster family, when necessary, to identify and obtain services for the foster child; e.g., medical, educational
- Ensuring that the foster family, on the child's behalf, has access to all financial resources available to the child while in foster care.

A Foster Care Worker works in conjunction with Tribal Courts, Tribal Law Enforcement, Bureau of Indian Affairs, and other county services. Indian Child Welfare's goal is to ensure the safety of our tribal children when they placed in foster care. The homes that our tribal children are placed in must complete Child Welfare Background Check, OSBI Background Check, Income Verification, Home Study, and a Physical. Our AST foster homes are licensed by our Foster Care Committee.

Foster Care Payments are as follows:

0-5 age $14.73 day $441.97 month

6-12 age $17.12 day $513.57 month

12 and over $19.30 day $579.13 month

IN ORDER TO RECEIVE PAYMENT, ALL THE ABOVE MUST BE MET AND TURNED INTO THE STATE. ONCE PROCESSED STATE PAYMENT WILL BE ISSUED.

This is just a little information on what type of work a foster care worker performs on a daily basis. If you are interested in becoming a foster home, please call 405-878-4030 ext. 133.
Racial disproportionality is defined as the over-or under-representation of certain groups (e.g. racial/ethnic, gender, age) relative to the group’s proportion in the general population. Reports conducted in 2008 showed that, compared to other groups, Native American children were:

- 3 times more likely to be referred to CPS
- 1.6 times more likely to be removed from their biological homes
- Twice as likely to remain in foster care for over two years
- Less likely to be adopted and more likely to be in guardianships
- Less likely to be reunited with their biological parents

The sad reality is that there are not enough culturally appropriate homes for these children, resulting in the placement of Native American children in homes that do not share their cultural heritage or traditions. We want to place “our tribal” children in our own homes, to do this we need tribal members to open their homes and their hearts. Are you willing to open your heart? Are you willing to open your home?

If so, please contact Julie Wilson ICW/FC/CPS 878-4702 (ext. 133).

Native American youth have two distinct influences, that of their family of origin and that of their caregivers. Absentee Shawnee Tribal Foster Care is in need of homes for children that are in our child welfare system. Your participation in being a foster parent helps to ensure that these children have positive connections to their culture. This interaction helps these children nurture a positive sense of identification as a Native American. By being willing to do this, you can be a valuable part of the healing journey that will help strengthen this next generation of Absentee Shawnee children; in turn, helping those children become the parents that their children will need them to be. Our children are our future, what will we have our future be?

**ABSENTEE SHAWNEE TRIBE CHILD WELFARE**
405-878-4702 (ext. 133)

**GOT LOVE?**
FOSTER A CHILD

Native American youth are facing a crisis. These children are being removed from their homes and placed into the child welfare system at rates much higher than any other population. Native American children are often placed in homes outside of their families, tribes, and Native American culture and all this contributes to significant social problems. The story of Native American people is a complicated one marked by significant trauma and atrocities. Often times this trauma consisted of the removal of abuse which happened to these young and vulnerable children in many of these schools resulted in overwhelming intergenerational trauma and unresolved grief. This trauma which interrupted the ability to parent has led directly to the most current social problems that plague Native American communities today including alcohol/drug abuse, domestic violence, child abuse, sexual abuse and parenting deficiencies. All of these problems have contributed to the break-down of the family unit, leading to the removal of large numbers of Native American youth from their families. The journey of healing and breaking the cycles which have been put in place by the historical trauma experienced by generations of Native Americans requires that the cultural identity for so long denied to these children be returned.

Currently there are three (3) openings on the Foster Care Board. If you are interested in serving on the board, send your letter of interest to Secretary Dawsey at the Tribal Complex, 2025 S. Gordon Cooper Dr., Shawnee, OK 73801.
closed to our fireplace. I raise my children to be values and way of life that guided me to stay expressed by my Gibson family. It was these and was able to witness unconditional love was raised around my Shawnee grandparents for them when it is their turn to lead our Tribe.

For these reasons, I have dedicated my life to the betterment of our people. By working for our people, for our country, our heart hurts because I wonder what will be left dysfunctions within our Tribe.

Are currently shedding tears because of the people. Our grandparents carried our Nation as increase your satisfaction in leadership. to achieve a higher level of transparency, as well as increase your satisfaction in leadership. to achieve a higher level of transparency, as well as increase your satisfaction in leadership.

It is important that we seek out solutions where they may have seemed impossible and explore new opportunities for growth.

I am organizing a lunch and will provide an opportunity to meet me personally for any questions or comments on March 14th at 11 a.m. at the Little Axe Resource Center. I look forward to meeting you. I am also on Facebook for those who wish to contact me on through social media (“Sacha Almanza for Absentee Shawnee Tribal Secretary 2015”). I am aware that tribal elders may not have access to fb, so for this reason I am offering elders an opportunity to contact me personally (405.642.3302). I am dedicated to serving you and thank you for this opportunity. Nya Weh Shalanokii, noki, kanola!

My name is John Raymond Johnson.

I’m running for the secretary position for the tribe.

I’m asking you to vote for me in the March 21st primary election. As a business man I have been in the optical business for 35 years in which I owned and operated my own optical dispensary for over 20 years. I recently sold my business and now have the opportunity to apply my business knowledge to work in the tribal government. I graduated from Norman High School and attended Murray State College. I’m a former member of the Norman rotary club and Norman Business Association.

P.S. I am running for tribal secretary. My campaign is about serving you and my platform is about transparency and accountability.

I am a leader who listens and respects the ideas of others. I believe that we need to work together to address the issues facing our people.

I have worked for many years in the optical business and have a strong background in business operations and leadership.

I am dedicated to serving you and thank you for this opportunity.

Sachina for AST Governor 2015
Greetings Absentee Shawnee citizens, relatives and friends;

As the primary election gets closer, I would like to share further information about myself for those that may not already know me. I was born in northern California and raised both there and in Shawnee. I moved back here permanently in 2000 to be close to and care for my grandmother, Cecilia. I lived with her in Shawnee for a few years and then she came to live with me on Garrett’s Lake Road by Horseshoe Bend community. I now live in Little Axe.

I am a mother of two grown daughters. Chantel is married to Charles Bates and they live in Shawnee raising my grandson Dean. Alexa is a university sophomore in California studying communications. I am 44 and live with my best friend and fiancé Mark, who is enrolled Cherokee. I live on a small farm where I garden, care for my horses and other animals. I own a small construction company.

I researched the job description for the position of secretary and believe I would complement the tribe in the position. I have skills, education, experience and the ability to perform a job professionally without taking business personally. I have no bitterness or spite in my heart for anyone and work hard to find balance and compromise in what I do. I will not participate in nepotism or favoritism, as I will put the greater needs of the tribe ahead of my own.

I read the constitution closely and possess the experience and comprehension to adhere to its parameters. We have intelligent and educated people in our tribe that can interpret the constitution if there are questions, yet, they are often not asked. Knowing this, it is time to quit allowing outsiders to influence our decisions while charging us to do it.

It is obvious that our tribe is in need of leadership the community trusts. We need leaders that have the best interest of the entire tribe in what they do, and the decisions they make. We need unity to be successful and this takes involvement and support from our community. We have sovereignty to decide how to manage our tribe, and with good people in the right positions this is possible. If you want a quality secretary that will listen to everyone and hear his or her problems, ideas and successes, then I am that person.

If chosen to represent our community as Secretary I would work as a team with the EC towards: transparency, budget management, and completing the external audit in order to understand the tribe’s fiscal situation-WITHOUT attorneys. I would create the agendas for the meetings early enough to post and share with the EC and community. I would also work to support the enrollment department to update its systems and record so the information is current and efficient. I would be available for the community needs.

I have some questions that I would seek to answer. Why do we subcontract out so much work instead of getting our own citizens trained in the skills to provide services in? Where does our money go and why do we not see progress? How much debt do we carry and what does the community want to do to change it? Where is our accountability and who is responsible? It is time to roll up our sleeves and get to work because there’s a lot of work to be done.

As secretary I hope to push for more community meetings in order to provide a platform to better voice tribal concerns and work towards productive solutions. I want to cut the excess; if we cannot afford it, don’t do it. If it doesn’t work or costs more than it produces, get rid of it. If it hurts our community, stop it. Also, there are serious questions and concerns about grant monies and the overall sustainability of our tribe. As secretary I would work diligently with the rest of the EC and AST community to address and answer these concerns and questions as I am passionate about our tribe’s survival, success, and sovereignty.

We need each other because our tribe is falling apart fast. The choices made have ripple effects. Now is the time to decide how we can repair our Absentee Shawnee government back into something we are proud of and this involves and includes each one of you. It is because of both my great respect for you, the citizens of the Absentee Shawnee and my own desire for a better-run government that I humbly ask for your vote in the upcoming election.

I have filed as a candidate for the position of AST Governor to be voted on in the primary election next month, March 21, 2015. It was a pleasure working for you as the Tribal Representative from June 2010 to June 2014. During that time I educated and familiarized myself with the different levels of issues that concern and affect our tribal government. It was also a gratifying experience in assisting tribal members, with any issues they had, when possible.

I have continued my education of our tribal government working as a Project Coordinator for the Secretary’s office. During these past 8 months, I have assisted a couple of EC members in gathering information, interpreting data and working with them to make sound decisions, based upon our constitution, to benefit the tribe as a whole. By doing this, it has allowed me to have a working knowledge of the issues, problems, concerns and obstacles that are in place that challenge our tribal government.

The following are just a couple of points I’d like to elaborate on:

Culture, Heritage and Religion are identity traits that are high on my priority list. I am a firm believer in our tribal customs and believe they are what make us Absentee Shawnee people. I believe that our government and religion should not overlap nor overshadow the other. The Preamble of our Constitution contains the following: “... to protect our culture, heritage...”
and religion.” Also, in the oath that the elected officials take upon entering office states: “I, do solemnly swear (or affirm) that I will support, obey, and defend the Constitution of the Absentee Shawnee Tribe of Indians of Oklahoma and their traditions and laws…” The leadership of this tribe should always take into consideration the fact that we are representing a group of people that possess unique culture and religion and that our decision making affects the tribe as a whole. Not specific people or portions of the tribe.

Leadership is a quality I would like to share and return to the entire Executive Committee in accordance to the Constitution. It takes all 5 members to provide a stable work environment so that we can assure that professional services are provided to our tribal members. We, the Absentee Shawnee Tribe, have opportunities to take advantage of in order to build a future for us now, as well as our future generations. I look forward to making that happen as your elected Governor.

Economic Development is an issue that concerns us all. Each year, the dollars that we receive from the Federal Government are reduced, even though our tribal enrollment may increase or stay the same. Even the saturation of casino’s in the state of Oklahoma is a concern, as there are well over 100 casinos in the state. We all know that in the city of Shawnee there are 5 gaming facilities fighting for the same regional consumer dollars. I feel the need to start looking at different avenues to venture down in order to create a wide variety of revenue that the tribe could use to supplement the on-going cuts in federal and gaming dollars. The business ventures and revenue that we, as a tribe, could create would enable us to keep our money in our own hands and decide how it’s going to be spent in providing services that we see as needed.

Health Programs have been moving forward and the future looks great. I know we will always have some issues, but the Health Director and the Health Boards have been working to provide you with the best services possible. I am glad to say that this is an area this is progressing with good numbers and high potential. I am hoping I can assist in future developments to provide better services for the tribal people who live in the area. Also, I would like to work with the Director and Health Board on seeing what we could do for our people who live outside the DHS designated service area.

Collier Ruling. I have educated myself to some degree on this issue by actually reading the US Supreme Court Ruling, research, talking with BIA officials and Law Attorneys since June of 2010. As we all know, the world isn’t making any new land. I truly believe anytime the tribe has an opportunity to buy land in our service area, we should buy it at a reasonable market value. Then we should test the Collier Ruling and see if the Citizen Pottawatomie’s will place the purchased land into Trust Status. The ruling has never restricted the Absentee’s from increasing our land base, just how we go about putting the land into trust. If the Pott’s deny us this service, then we would have an opportunity to approach the Secretary of Interior and Congress for assistance.

These are just a few points that I feel are necessary to address, as they are components of our tribal government and services that weigh heavily. But there are a lot more issues and concerns that we as a tribal government and elected officials will always need to address on a daily basis.

I would like to visit with whoever might have some questions about my views, outlook, personal concerns and the direction I would like to steer this tribe as the elected Governor of the AST. Please feel free to contact me after 5 pm in the evenings or on the weekends if you’d like to visit.

Please allow the 4 years as Tribal Representative and the last 8 months as a Project Coordinator to serve as the experience needed to be the candidate elected, with the knowledge of the issues, concerns and obstacles already in place, as the Governor of the Absentee Shawnee Tribe.

Ne Yi Wa!

---

My Absentee Shawnee people,

Who I am

Allow me to introduce myself.

My name is Twila Parker and I am running for the Office of Secretary. The Office of Secretary is one that is given great responsibility as it records and maintains the minutes of all our Executive Committee meetings and ensures that timely enrollment for the Tribe occurs.

I am a veteran and served in the Air Force receiving an honorable discharge in 1980. Shortly after that I began my professional career. I worked for Indian Health Service (IHS) here at the former IHS run Shawnee Service Unit, shifting to Tinker Air Force Base in Midwest City and retiring from the United States Postal Service after 30 years of civil service work.

In 1976, I began my educational efforts. I went through the Draughton School of Business in Oklahoma City, and then went on to receive an Associate’s degree in Applied Science in Business Administration. I was steadfast in my resolve to learn and in 2003 I received a Bachelor’s degree from the University of Oklahoma in Administrative Leadership. I wanted to learn as much as I could and in 2005 received a Masters degree in Human Relations from the University of Oklahoma in Norman, Oklahoma.

I have found education helps in adapting to and understanding the core functions of a government – collecting taxes, maintaining law and order, protecting the environment, solving the problems of the homeless, regulating the health and safety of a workforce, and planning for the future for both our children and elders.

This takes strong fiscal management, sound budgeting, and planning. My goal, if elected, is to work towards common goals set by and with Absentee Shawnee people in conjunction with our elected leaders. What does that mean? I want to work with our elected leaders to make progress for the tribe. How will I do that? Well, let’s get started.

---

Kathy Deere--Candidate for Governor

LISTEN, LEARN & LEAD

Most of you know me. I served four (4) years as your elected treasurer. Maybe you didn’t know that I am dedicated to high moral and ethical standards of conduct and I will conduct myself with honesty, integrity and a strong commitment to compliance with all applicable laws, especially tribal law and the Code of Conduct and Ethics established by General Council through referendum vote.

As elected officials, we need to be examples of the highest level of ethical conduct, honesty, reliability and trustworthy leaders to address local, state, and national issues and I feel I can be an asset for our Tribe.

As elected your Governor, it is my commitment to do my best to meet all obligations to all who have a personal, professional, or financial stake in what the Absentee Shawnee Tribe does, including all committee boards, tribal membership, employees, suppliers and host communities, etc.

All the Tribes’ Departments necessitate a successful, collectively environment with an open door policy for their employees. These departments have various functions that they need to perform their duties with no interference of politics, nepotism, or conflict of interest should be tolerated. It will be the sole responsibility of all departments to observe and comply with their tribal codes and laws, legality, agree to gather information needed, and implement action, as soon as possible.

If elected your Governor, it will be my commitment do to my best to meet all obligations to all who have a personal, professional, or financial stake in what the Absentee Shawnee Tribe does, including all committee boards, tribal membership, employees, suppliers and host communities, etc.

I understand the will and interest of General Council on issues they put to referendum vote. I will not challenge them if passed; but try to work together to make sure there is no conflict to our constitution, tribal codes and laws, legality, agree to gather information needed, and implement action, as soon as possible.

As elected officials, we can come to agreements together through discussion on any problem and work things out. We can be a better people tomorrow if we all work together. We have to think about our future generations. We want to leave them with future legacies, not burdens. May God Bless and thank you!

If you have questions, Call, email, or text me at 405/816-7874, shwenturtle@gmail.com

“LEADERSHIP IS BASED ON INSPIRATION, NOT DOMINATION; ON COOPERATION, NOT INTIMIDATION.”

William Arthur Wood

VOTE KATHY DEERE—AST GOVERNOR
When I came into Office it was with a clear minded focus to listen to you, my people, and to make a difference. I have tried to do both. In my last campaign, I concentrated on health, health board by-laws, staffing, and access to health care for you; review and assist in prioritizing ASED A and economic development projects; work on increasing opportunities in Education for our students; review long term care and ancillary levels of care; representation – take part in legislative reform and policy development and consider our land based needs and the current lease the Tribe has. Since I came into Office, new health board by-laws have been put into place for the ASTHA, our non-profit, tribally owned corporation; health board appointments/re- appointments have been done and key personnel has changed. Yes, there is still much to do in our health department(s), ASED A program, Education department, on our long term care needs and to constructively represent the Tribe and advance our legal efforts on correcting our land base. The table below illustrates my former and upcoming actions.

Hello everyone,

My name is Rick Little Axe Sr., the eldest of Danny and Georgia Little A xe. I am running for the position as Governor for our tribe in this upcoming election. I graduated from Tecumseh High School and attended Haskell Indian Jr. College. I also served in the Armed Forces with the United States Army. After being Honorably Discharged, my life has been molded from serving this great nation, being part of a brotherhood of fellow soldiers, we live our lives with Honor, Respect, and Discipline.

Edwina Butler-Wolfe

Hello my Absentee Shawnee people!

It is that time of year when those of us who are interested in running for Office pay our respective fees; mine was $500, to begin the campaign process. The next step in this process is the Election Commission will determine who meets the eligibility criteria as cited within our Election Ordinance. This list is reviewed by our Enrollment department who research our information to determine if we are dually enrolled or are enrolled only with the Absentee Shawnee Tribe. Then after all eligibility factors are determined to have been met, by our hard working Election Commission, then the list is posted and we, your candidates, begin our campaign journey letting you have a better understanding about who we are, what we want to do if we get elected, and about how we might go about making those changes. Let me give you a brief bio on ‘Who I am’:

I am a proud citizen of the Absentee Shawnee Tribe and was elected to serve as your Governor in July of 2013. My educational efforts began at Dale High School then I pursued course work at Seminole Jr. College, Rose State Jr. College, St. Gregory and Oklahoma Baptist Universities. Being one of seven sisters I knew being employed was not an option, but a way of life, and became employed in my early teens. I believe one’s work can illustrate both commitment and pride when a job is done to the best of one’s capability. My focal interest is on educational reform and curriculum advancement and I worked for over 15 years within local school systems. During my professional career I have created, implemented and managed programs, conducted event planning, and raised funds in addition to grant writing. For 26 years I have been fortunate to serve on multiple advisory, planning, and educational committees and boards. In the recreational area, I have actively participated in nationwide senior level basketball games and local softball tournaments. I take great pleasure in coaching youth basketball, softball, track and volleyball, and being a part of my grandchild’s adventures. My husband, Leonard Wolfe, an Absentee Shawnee tribal member, is a long time Manager at the Walmart in Shawnee. I have one adult son, Joshua, who is also an Absentee Shawnee Tribal member and one grandson, Nicholas.

Rick Little Axe Sr.
Domestic Violence and Sexual Assault Advocacy

The AST Domestic Violence/Sexual Assault Programs are on-call 24 hours per day to provide emotional support, advocacy and crisis counseling to survivors at hospitals, police stations and throughout the legal system. The programs also serve as a resource center to the community by offering educational information and referrals.

Transitional Housing

The AST DV Transitional Housing Program serves victims of Domestic Violence/Sexual Assault. Participants have up to six months to obtain education and job skills needed to begin a new life.

Court Advocacy

Assists survivors with domestic violence court related costs (when funding is available) and appearances as well as filing for emergency protective orders (EPO) or restraining orders.

Shelter Placement Assistance

The Absentee Shawnee Tribe’s Domestic Violence Program works with other shelters within Oklahoma in order to help victims obtain safe housing. Emergency transportation for the victim and children may also be available.

Housing and Utility Assistance

Assists victims of domestic violence, sexual assault, stalking, and/or dating violence in emergency situations. This assistance may allow for a victim to either receive housing or utility assistance.

Referral Assistance

Assists with providing community resources to those who are in need of additional services outside the scope of the Absentee Shawnee Tribe’s Domestic Violence Program.

Community Outreach

The Absentee Shawnee Tribe’s Domestic Violence Program offers educational trainings, informational displays, and community events in order to provide more awareness to both Tribal and Non-Tribal communities.

For any questions regarding any of the above services please contact the Absentee Shawnee Tribe’s Domestic Violence staff at (405) 273-2888.
