GOVERNOR'S REPORT

Greetings fellow tribal members: First let me thank you all for your votes in the March election. It is encouraging to see more Tribal members voting.

Most of what I was prepared to discuss this month has been addressed at the General Council meeting in April. I want to thank everyone who attended, and also thank you for the important and valid questions that you presented to and the other Executive Committee members. If any questions you had, or for any new questions you have, have not been addressed by now please contact my office for answers. If I don't have the answers, I will certainly research and find them for you. It has come to my attention that there are many glaringly false rumors being circulated by persons running for office. These pertain to the TEC board, the Joint Venture Clinic, Profits from the Casino and the Tribal Store, and the Health Board, and other issues. Most of these issues were addressed at General council, but false rumors are still floating around.

I guess the best answers for all the rumors is to come by my office, or call my office and get the REAL facts as I have them. Don't believe someone who is making false statements. I don't run from any person(s) who make false state-

ments about how this Tribe has been run since I became Governor. If you have any concerns about how I have run this office in the short time I have been here PLEASE COME BY AND SEE ME, don't take another person's word on what I have or haven't done. My number to my home and cell phone are available here at the office. Call my assistant for these numbers if you need to talk to me, or if you have any concerns. I can answer for ME much better than SOMEONE ELSE can, and I answer or return all calls made to me.

Don't forget to vote next month, June 18, 2011

Respectfully yours,
George Blanchard

LT. GOVERNOR'S REPORT

We were very glad to hear, early in the second week of May, that Judge Reeh had found in favor of the Absentee Shawnee Tribe on the Probate issue. However; the Citizen Potawatomi have thirty (30) days to file an appeal. In my interpretation of the Opinion, it seems that the CPN would not feel confident in being successful in the appeal process either. A more detailed article will follow this report; the article was compiled by the Tribe's attorney, William R. Perry.

However, I would like to thank the staff for all of the effort they put into assisting Mr. Perry in gathering the evidence that was filed in the case. Mr. Perry was excellent in his representation of the Tribe, the staff was also excellent in researching and providing him with documentation he needed to put the case together. Thank you for taking the time out of your already busy jobs and assisting Mr. Perry. It took a lot of team work for the tribe to win this case and I commend all of you for being team players which resulted in a huge win for the tribe. I would also like to thank the Tribal members that showed up at the hearings and voiced there opinion

when the Judge asked them to speak and thanks to those who sat in the gallery in support of the Tribe.

The grand opening for Horse Shoe Bend was held on April 30th. Upon final inspection of the facility we found some minor areas in which we would like to improve. They are not significant but since we are doing the project, we want it to be right. Completing these small projects should not interfere with any activities that are going on at the facility. I would also like to thank all the departments that worked hard on this project. I know I have mentioned it before, but this project could not have been completed without a combination of efforts, both funding wise and work wise. I would like to thank everyone that worked so hard on this. I would also like to thank the tribal members for their suggestions and ideas.

I plan to do a more in depth report next month. We have several projects going on, by the time the next newsletter comes out we will have advanced a bit farther and I can provide you with more information on what we are working on and what kind of progress we are making.

Probate Case Update

The Absentee Shawnee Tribe has now obtained a favorable decision in the probate case – the case which concerns which tribe is the “tribe with jurisdiction” over the Absentee Shawnee trust allotments. Judge Reeh, an Interior Department Probate Judge who heard the case, determined that the Absentee Shawnee Tribe is the “tribe with jurisdiction” and ruled in favor

of the Absentee Shawnee Tribe in all respects. Under Judge Reeh’s ruling certain fractional interests in Absentee Shawnee trust allotments will pass to the Absentee Shawnee Tribe, under the federal law known as the American Indian Probate Reform Act. In addition, Judge Reeh’s ruling clearly confirms the Absentee Shawnee Tribe’s right to govern the Absentee Shawnee trust allotments.

The case involved probates of lands allotted in the late 1800’s to members of the Absentee Shawnee Tribe. These trust lands have always been subject to the exclusive tribal jurisdiction of the Absentee Shawnee Tribe. Under the American Indian Probate Reform Act (known as “AIPRA”), when an Indian passes away without a will and without eligible heirs, certain interests in his or her trust lands pass to the “tribe with jurisdiction” over those lands. The term “tribe with jurisdiction” is not defined in AIPRA.

The dispute leading to the case began when a Master (an Interior Department official assigned to conduct certain probate hearings), filed a recommended decision suggesting that the Citizen Potawatomi was the “tribe with jurisdiction” over Absentee Shawnee trust allotments. This was contrary to all prior rulings, and clearly inconsistent with the longstanding and exclusive exercise of jurisdiction by the Absentee Shawnee Tribe. But this erroneous recommendation raised an issue that needed to be resolved. All of the pending probates that raised this issue were consolidated together to address the “tribe with jurisdiction” issue, and the matter went forward before Judge Reeh. The Absentee Shawnee Tribe took an active role in the case, and was represented by Bill Perry from the Sonosky firm from Washington D.C. A hearing was held in the matter in Oklahoma City on March 16, 2011, at

which the parties provided arguments regarding the “tribe with jurisdiction” issue. And this week we received Judge Reeh’s favorable ruling.

The Absentee Shawnee position in the probate case was that the Absentee Shawnee Tribe is the only tribe that exercises actual jurisdiction over the Absentee Shawnee trust allotments, and this has always been the case. These lands were set aside by the United States for the Absentee Shawnee and have been in Absentee Shawnee ownership and under Absentee Shawnee governmental authority for generations.

Citizen Potawatomi also participated in the case. Citizen Potawatomi did not claim that they exercise jurisdiction over Absentee Shawnee trust allotments today – or that they have ever done so. Instead, they argued that the Collier case – a 1998 Court of Appeals decision regarding taking fee lands into trust in the former reservation -- made Citizen Potawatomi the “tribe with jurisdiction” over the Absentee Shawnee trust allotments. Of course, as the Absentee Shawnee argued, Collier involved only the process for taking fee land into trust, and had nothing to do with which tribe has jurisdiction over these Absentee Shawnee trust allotments.

Judge Reeh agreed with the Absentee Shawnee Tribe’s position, and rejected the Citizen Potawatomi position. Judge Reeh determined that Collier involved only fee lands and the status of the former reservation before 1891 – the year in which Congress enacted the measure which confirmed the Absentee Shawnee trust allotments. Judge Reeh’s decision clearly states that “Collier does not address present-day ownership or jurisdiction.” So, as Judge Reeh’s ruling reinforces, Collier has no impact on Absentee Shawnee

jurisdiction over Absentee Shawnee trust allotments today.

Judge Reeh further found that the Absentee Shawnee Tribe exercises actual civil jurisdiction over the Absentee Shawnee trust allotments, and that the Bureau of Indian Affairs recognizes the Tribe's right to do so. As a result, the Absentee Shawnee Tribe is the "tribe with jurisdiction" under AIPRA.

Judge Reeh's ruling is a strong confirmation of the Absentee Shawnee Tribe's right to self-government. While the ruling may still be appealed, we are very pleased with the ruling, and we will continue to do all that is necessary to vindicate the rights of the Absentee Shawnee Tribe.

Hello Tribal Members

I chose this title for my monthly article because of my office is located in the corner of building No. 2, directly north of Treasurer Kathy Deere. From my office I have three large windows that provide me a wide open view of the east side of the complex and allow rays of sun to warm and bring a new day on the horizon for the Absentee Shawnee Tribe.

Since my first day of work, I have witnessed progress financially of our Tribal investments, opening of Tribal bank, ASEDA FLEET, INC business venture and a hardworking finance department. Below are summary of activities for the month.

Summary of Activities:

- **Cobell v. Salazar \$3.4 Billion Indian Trust Settlement:**

Treasurer Deere and I attended one of the four scheduled meetings in the state of Oklahoma for tribal members, with Cobell attorneys at Choctaw Nation in Durant, Oklahoma. The attorneys provided vital information and answered questions related to the case.

- **Redstone Investments:**

Participated in an informative financial investment meeting with Michael Kelly, President LPL Financial Advisor with Redstone Investments. Mr. Kelly reviewed and discussed the financial investment account for the Tribe with Treasurer Deere, Belinda Collins, Controller and Michelle Lopez, Secretary.

- **Absentee Shawnee Economic Development Authority, Inc.(ASEDA, Inc.):**

Attended a formal business meeting with Jett Parker, Chief Visionary Officer in Oklahoma City, Oklahoma. The purpose of the meeting was to update ASEDA, Inc, on the status of leads and contacts as a result of ASEDA members attending RES 2011 Economic Development Summit in March. ASEDA FLEET Inc., is the new business venture.

- **Shawnee Language Revitalization Grant:**

As previously reported in last month's newsletter, Absentee Shawnee Tribe and Eastern Shawnee Tribe have collaborated in a submission of a Native American Language Preservation and Maintenance grant funded through the office of Administration for Native Americans (ANA). The Eastern Shawnee Tribe will be notified on awarding of grant in September 2011.

- **Building Partnerships for Community and Economic Sustainability:**

In order for the Absentee Shawnee Tribe to prosper and be successful you build partnerships with the local community. I have been in contact with local entities that are willing to support and assist our development. They are (1) Greater Shawnee Chamber of Commerce, (2) Shawnee Economic Development Foundation (SEDF), and (3) Oklahoma Baptist University, Paul Dickin-

son School of Business.

In next month's newsletter I will report on the progress of our partnerships. My door is always open "In My Corner" to tribal members or they can contact me at 275.4030.ext 148 or e-mail eddieb@astribe.com.

ALLNATIONS BANK

Hello Again To All Our Absentee Shawnee Friends,

Our Shawnee branch is up and running. We have a full service branch bank located at the door step of the tribal headquarters, so take a few minutes out of your busy day and drop by and say hello.

As I mentioned last month, a good way to get started banking with a new bank is to open a simple account and over time you can move more of your banking business over a period of time. Do not forget that AllNations Bank is **100% owned by your tribe.**

I would like to bring to your attention a new e-mail problem. There have been several incidences of "hackers" getting into e-mail data bases. These hackers are up to no good. Some people might think that someone having your e-mail address is no big deal, but in this case it is a big deal. Many large U.S. corporations to include banks, Best Buy, Eddie Bauer, Walgreen's and others use a vendor called Epsilon to send e-mails.

Someone hacked into Epsilon's data base and now "bad people" have access to e-mail accounts in which they will try to "trick you" into giving personal information and then in time they will use that information to exploit your finances or even destroy your computer.

As a reminder, we recommend that you:

- Do not give anyone your Internet banking user ID or password in an e-mail
- Do not respond to e-mails that require you to enter personal information directly into the e-mail
- Do not respond to e-mails threatening to close your account (s) if you do not take the immediate action of providing personal information
- Do not reply to e-mails asking you to send personal information
- Do not use your e-mail address as a lo-gin ID or password

Security software on your computer does not protect you from e-mails that come from "trusted sites" that have been "hacked" by bad people. Use your common sense in responding to e-mails. Your "trusted sites" already have your personal information, they would not ask for it again.

This advice goes for e-mails from AllNations Bank. We will not ask for personal information by e-mail or over the phone. We may ask you for information concerning activity on your account, in other words information that only you would know.

AllNations Bank has been in business since 1901. We feel that we have the resources and policies in place to ensure

your safe banking.

Well, that all for now. As usual, if you have any questions feel free to give us a call at 273-0202 Shawnee Branch, or 893-2240 in Calumet. Come in and open an account TODAY!

Have a Great Day,

Bob, Gene, and staff

FINANCE DEPARTMENT

The Finance office continues our efforts in keeping the day to day activities flowing efficiently and effectively through communication between the Finance office and Programs. In working together, we have found the most time effective and cost effective processes for transacting business.

Our 2010 Audit is well under way and began February 28, 2011. The esti-

mated completion date is April 2011 and will include the MD&A (Management Discussion and Analysis). The MD&A report is an informative report within the 2010 Audit; which is a brief review and explanation of the Audit. The Finance staff is working on the March reconciliations for financial reporting. The majority of the documents and records for Audit have been pulled and submitted to the Auditors. The Audit seems to be going very well.

The Indirect Cost Proposal for 2011 final document has been signed by the Governor and mailed. Our rate is up from 17.74% for 2010 to 21.98% for 2011 and we have received final letter signed by the National Business Center.

The finance department continues to complete accounting by the seventh day of the month and have been since August 2010; so that financial reports can be created for the Health Authority and Li Si Wi Nwi, Health Inc. boards for health programs both Shawnee and Little Axe. It is imperative the accounting / book-keeping continue to stay ahead of all of the accounting so that audits go smoothly so that Indirect Cost rates will stay up to date as well. Indirect cost proposals cannot be submitted without completed audits as the audits are used to calculate the proposal.

There are many processes in place in your Tribe's accounting department that ensure we keep accurate records of transactions. The Tribe's accounting processes must be in compliance with GAAP (Generally Accepted Accounting Principles) and GASB (Governmental Accounting Standards Board).

The Tribe currently has compact funds of BIA and I H S, 51 Grants, and the new Clinic business.

The Absentee Shawnee Tribe's Finance Department has very hard working group of people and it is an honor to work with them, the Treasurer's office and at the Absentee Shawnee Tribe.

This department, as always, would like to extend a special thanks and note of appreciation to the Executive Committee for providing the tools, resources and support to enable the finance staff to reach its accomplished goals and to continue with this effort. A special thanks and note of appreciation to Program Managers and Employees of the Tribe for their assistance and dedication in our group effort toward accomplishing our goal. Now that we are caught up, we are dedicated to continue our efforts in this direction.

If you have any questions or needs, please call 405-275-4030 ext 162 and I will be glad to assist you in any way I can.

Respectfully,
Belinda Collins, Controller

ASEDA FLEET

ASEDA Fleet Board members (Dan Little Axe, President and Adam Proctor, Vice-President) attended the Reservation Economic Summit (RES) and American Indian Business Trade Fair in Las Vegas, NV., held March 14-17, 2011. They had a display car and a table with handouts, business cards, and were available to answer questions and they came back with 44 referrals or leads for vehicles to lease, sell or buy. As of today, 4-5-11, we have 11 contracts in process. Considering we have only been in operations for three weeks this is excellent news! See attachment pamphlet for more information and soon we will have a link from our AST website to the ASEDA Fleet website. www.ASEDAfleet.com

EWELL LONGHORN FOR GOVERNOR

THANK YOU FOR YOUR VOTE
IN MARCH

JUNE 18TH VOTE LONGHORN
FOR GOVERNOR!

Fellow Tribal Members:

First of all let me tell you very clearly that I have no intention of trying to stop the construction or operations of the Little Axe Health Center and the new Casino. However, if elected I will as a top priority seek to clearly determine whether our Constitution was followed in obligating the Tribe or putting tribal assets at risk with the loan for each; the Little Axe Health Center (Li-Si-Wi-Nwi Health Inc. loan) and the new Casino (TEC Board loan). I will quickly inform General Council on the progress of these efforts.

Secondly, I have some critical information concerning the over \$30 million in debt for the Little Axe Health Center (\$26 Million Loan) and the Thunderbird Casino – Shawnee (estimated \$4-6 Million Loan). The information is critical. There's a TREMENDOUS AMOUNT OF DEBT and as a Tribal member, I am very concerned violations of our Tribe's Constitution occurred in the agreements or contracts for each

loan. Let me explain based on the excerpts from our Constitution as shown in italics below:

ARTICLE V POWERS

SECTION 2. The General Council of the Absentee Shawnee Tribe of Indians of Oklahoma reserves and shall exclusively exercise the following powers, unless such powers are specifically delegated to the Executive Committee or other appropriate tribal entity in accordance with the process set forth in Article IX:

(a) Borrowing money which mortgages, encumbers or endangers any existing tribal properties, holdings or assets.

ARTICLE IX INITIATIVE AND REFERENDUM

Under our Constitution, only General Council can exercise the power to borrow money that mortgages, encumbers or endangers any existing tribal properties, holdings or assets UNLESS General Council specifically delegates this power to the Executive Committee or other appropriate tribal entity in accordance with an Initiative Election or Referendum Election under Article IX.

The key terms used in these important

provisions of the Constitution are broad. "Existing tribal properties, holdings or assets" basically can be applied to all things of value held or owned under the large umbrella of the Absentee Shawnee Tribe of Oklahoma including land, cash, equipment, investments in Tribal owned companies (these are tribal entities), and assets including cash, equipment and other properties owned by these tribal entities. "Mortgage", the bank can hold a mortgage on your home until you pay a loan off or if you are unable to pay then the bank will foreclose the mortgage and take your home. "Encumber" can refer to a mortgage, liens on property or a financial charge or burden to the encumbered property. "Endangers" is straightforward for we probably all know when you borrow money, your collateral is at risk of loss through foreclosure if you can't pay the loan. But this risk can run deeper than the collateral or the house you mortgage for the loan, the bank may enforce payment from other sources. In the case of the Little Axe Health Center debt the bank can enforce full payment from the Tribe as a guarantor of the debt. The scope of Tribal properties, holdings and assets put at risk for the Little Axe Health Center borrowing is extensive and far reaching!

The proper delegation of borrowing authority can and has been done per the Constitution in the past. Under separate Referendum Elections and

per Article IX of the Constitution, our General Council did authorize and delegate the power to borrow money to the Economic Development Authority (the old Bandage Group debts) and the Absentee Shawnee Economic Development Authority, Inc. (federal charter corporation). Both the EDA and ASEDA were also restricted from obligating the Tribe when borrowing money.

Li-Si-Wi-Nwi Health Inc. (Little Axe Health Center) and **Thunderbird Entertainment Center, Inc.** (TEC Board) were authorized and created under Executive Committee authority alone and without General Council's delegation of borrowing powers per Article IX of the Constitution. Li-Si-Wi-Nwi Health Inc. has borrowed \$26 Million and by Executive Committee authority alone the Tribe has absolutely and unconditionally guaranteed to make all payments due on the \$26 Million loan! The TEC Board has borrowed money (estimated \$4-6 Million) to construct a casino on the Tribe's trust property and appears to have pledged the Tribe's gaming assets to secure the debt (See the TEC Article in AST News - March Edition).

There have been no Article IX Initiative or Referendum Elections in which the General Council delegated the Executive Committee the power to borrow money or mortgage, encumber or endanger any Tribal assets, holdings or properties in the process! And yet here we are over \$30 Million in debt! This debt poses an extreme risk to Tribal properties,

holdings and assets, and the Tribe's financial future for years to come, not only for current Tribal members but future generations as well. General Council has the power to make the right decisions, please do so with your vote on June 18th!

LET'S PUT THE "TRIBE" BACK INTO THE ABSENTEE SHAWNEE TRIBE

Fewer than 300 or about 12% of the almost 2,500 Tribal members eligible to vote voted in the Primary Election! You know I appreciate the 12% who did vote, but can't help but see that only 12% of eligible voters electing the top Tribal official reflects a serious problem and an overall weakening in our fabric as a Tribe! Have too many of our Tribal members lost an interest or maybe even their connection with their Tribe? We must put the "Tribe" back into the Absentee Shawnee Tribe! As Governor I will lead this effort.

A top priority if elected as Governor will be to energize Tribal member interest and connection with their Tribe. I intend to use all my professional experience and the drive for our Tribe to succeed with active communication, participation and consultation with our Tribal members. My plan for putting the "Tribe" back into the AST is as follows:

1. Provide easy access to the Governor's office: Every month I will establish and schedule at least two full days (6 days total for the month) to hold my office hours at each;

the Little Axe (Resource Center), Shawnee/Tecumseh (Tribal Complex), and Johnson (Horseshoe Bend Center) areas of our community. On these days I will conduct business of the Tribe as required, but my first priority at each location will be to meet with and listen to the questions, concerns and recommendations of Tribal members by appointment or walk-in. I will stay as long as necessary.

2. Will seek to enlist Tribal members who wish to volunteer their time to act as "unofficial contacts" for Tribal members in their communities with the Governor. It is often difficult for Tribal members to express their questions, concerns or ideas with the Governor or others on the Executive Committee. These Volunteer unofficial contacts will be able to communicate such member concerns or ideas to the Governor and receive information from the Governor's office for distribution or discussion with their community members as well. The Volunteers need not be supporters for my election but only have the desire to serve and help improve communications between their Tribe's elected officials and their local community members. Our Tribal government cannot be responsive to Tribal member needs if elected officials

don't know the needs or aren't listening.

3. Community Meetings will be scheduled between each General Council meeting to allow Tribal members in an informal group setting to ask questions and receive answers on Tribal matters from the Governor as well as any other Executive Committee member who may choose to attend. Updates can be given on Tribal projects and also on planned agenda items for the next General Council meeting.

4. For those Tribal members with internet access, will seek to establish on the Tribe's website a Governor's Office link for Tribal members to express their questions, concerns, ideas and complaints with their Tribal government, leaders and enterprises. Internet access may be the most practical way for many long distance Tribal members to communicate and stayed connected with their Tribe.

5. Help guide our Tribe with input from Tribal members, will seek to establish a tribal-wide survey to gain input from all General Council members on a range of items to include but not limited to the following:

a. On Tribal Economic Development projects, do you feel business projects should be mostly focused on generating revenues for the Tribe or more focused on generating jobs for Tribal members? Which is most important to you; revenues can

be used by the Tribe for programs and assistance, but jobs may help you and other family members located close enough for employment with Tribal economic development projects?

b. In allocating our Tribe's resources, how would you prioritize Education, Healthcare, Economic Development, Elder Assistance/Programs, Social Services (financial and other assistance/programs), Tribal Administration and Government, etc? What are your suggestions for other programs or assistance that the Tribe should consider for its members?

c. Do you feel our Tribal leaders conduct Tribal business in an open manner for Tribal members, or do you feel business is conducted more behind closed-doors without easy access for Tribal members?

d. Do you feel the Governor and other Executive Committee members should be overseeing federal and tribal programs or focused on functioning as the Executive and Legislative bodies

of the Tribe per the Constitution? Our Tribe's jurisdiction and sovereignty seems under constant threat through lawsuits, federal and state legislation, and sometimes our own business decisions (sovereignty waived on Little Axe Heath Center debt).

e. What are your ideas or recommendations for improving our Tribal government, programs, businesses, and/or ability to succeed for the sake of our membership?

Tribal members, I set out my plan for our Tribe in my March article and intend to follow through with the plan if elected. I have plans for dealing with the debt. Our Tribe has become fractionated (most of us have heard this term over and over again concerning our allotments) and so complicated and overburdened with debt, but I am confident that I am the best choice for Governor in these challenging times. It is critical that we Tribal members come together as the Absentee Shawnee Tribe in dealing with the many challenges and opportunities of the Tribe. We all may not agree on what direction we are moving but I will do my level best to make sure we will all know what direction we are trying to push. I am pledging to lead the effort to make the AST Tribal government, our government for our Tribal members! VOTE LONGHORN FOR GOVERNOR JUNE 18TH!

TERI REED (TERESA WHITE) FOR SECRETARY

Thank you to all of you who voted for me in the primary election. I would also like to thank my campaign supporters for their time and effort in spreading the word and for their help in visiting with tribal members that I was unable to reach. I truly appreciate each and every one of you and am asking for your vote and support in the June 18th election. The race for the Secretary position was a very close race and it will be important that each of you cast your vote again in the June election.

I recently participated in the elder's campaign forum that was held at the resource center and had a chance to visit with some of you about tribal government issues. I appreciated the opportunity to speak to this group and would like to recap some of the information that I shared with them.

IMPORTANT ISSUES

As an elected official of our tribe, I want to focus on:

- Improving the financial health and future well being of our tribe so that all tribal members benefit, regardless of where they reside
- Strengthen and improve our services to the elders
- Seek out and provide work opportunities for those who

can/want to work

- Provide more educational incentives for our youth, our future leaders

BUSINESS EXPERIENCE

I have an extensive background in the business and corporate world. I was an executive for Southwestern Bell Telephone Company for 27 years. During that time I held a lot of different jobs.

- **Business Office Area Manager** – Supervised a workforce of over 90 employees including 6 managers
- **Certified Trainer and Instructor** – Traveled all over the state training employees on statistical data analysis, team building, leadership skills and problem solving
- **Corporate Trouble Shooter and Consultant** – Lead work teams all over the country who were working on multi-million dollar projects. It was my job to come in and analyze their data, determine their problems, and get them organized to make significant changes
- **President/Vice President Chamber of Commerce** - Noble Chamber of Commerce and Little Axe Chamber of Commerce

From my work experiences, I've learned that a diverse group of people working together can bring far greater rewards than anything one person can accomplish alone. I believe that for the Executive Committee to be its' most effective, you need the following:

1. Diverse group of individuals, both male and female, with

differing opinions

2. People who are fair and honest
3. Willing to work as a team
4. Level headed and logical thinking (Common Sense Approach)
5. Experienced in business because they will need to be able to make responsible business decisions and be able to represent the tribe in business dealings

I believe I can make a positive contribution in each of these areas and I hope that you will vote for me on June 18th.

Respectfully,
Teri Reed – Candidate for Secretary

AST VETERANS ASSOCIATION

Members of the AST Veterans Association met Wednesday, March 9th at Thunderbird Casino. The group held an informal meeting, as a quorum was not present. Among the subjects discussed were:

- The Color Guard's upcoming participation in the OKC Princess Honor Dance on Saturday, March 12th, at the Shawnee Expo Center [1700 W. Independence, Shawnee, OK 74801].
- The CG's participation in 2011 Miss Jr. Miss and Little Miss Indian Oklahoma City, Saturday, March 18th, at Destiny Christian Center [3801 S.E. 29th St., Del City, OK].
- The CG's participation in the upcoming Tecumseh High School Native American Club's Pow Wow, Saturday, April 23rd, at a location to be announced.

The association is still accepting applications and dues from those veterans interested in joining the AST American Legion Post. The post will start this summer and those submitting applications, before that start date, will hold the designation of Charter members.

The AST Veterans Association meets on the Second Wednesday of each month at Thunderbird Casino. The next meeting is scheduled, at said location, for Wednesday, April 13, 2011, at 7PM. For more information on membership or to schedule the Tribal Color Guard call John Vanderburg @ (405) 481-3822.

NAWS hosting 'Red, White & G.I. Blues' festival May 21

TULSA, Okla. – The Native American Warrior Society is hosting their first ever music festival this May.

The "Red, White & G.I. Blues" festival is a benefit fundraiser for Native American troops serving in Operation Iraqi Freedom and in Afghanistan.

"To my knowledge there has never been an event on behalf of our Native soldiers in the State of Oklahoma," said Janene Alford, coordinator for the event. "This benefit fundraiser is to help continue to raise money for our troops for their monthly care packages."

NAWS started sending care packages Feb. 7, 2009 and their troops have not missed a package since. Alford says they will continue to receive those packages until they all return home safely.

According to Alford, NAWS has sent care packages to troops of several tribal affiliations: Sac and Fox; Hock-hunk; Navajo; Keetoowah; Absentee Shawnee; Muscogee Creek; Choctaw; Chippewa and many more.

"Osage Million Dollar Elm Casino is our main contributor for this year's memorable event. The Osage Nation has been very good to us over the last two years and we wish to thank them for the generosity. Without them this would not be possible," Alford said.

Garland Kent Jr. is the promoter for this event and he has done the work on acquiring most of the bands in the lineup. Kent also hosts an annual event in Ponca City called the "Blues for Food Music Festival" and has done this every year.

"Mr. Kent is quite a talented person and I know that he will make our event become successful as well as what he has done with his own," she said.

All the bands scheduled to perform are donating their performance for the event.

Randy Webb, president of Juke Zoo, has also agreed to donate his time and staff to do a live webcast of the festival. Thanks to Webb, soldiers from all over the world can watch and listen to the festival in real time online at www.jukezoo.com.

"Randy has been a main person to help the society with our fundraisers. He is always ready to lend a hand when it pertains to our soldiers," Alford said.

The bands scheduled to perform as of press time are: Wanda Watson Band; Morrison 33; Mikel Daggett & the Blood Washed Band; Native Circle; and the Jaspa Kings.

The concert will start at 2:00 p.m. and run until 11:00 p.m. Saturday May 21st, at the Cains Ballroom in Tulsa, Okla. Tickets may be purchased at the door that day. Tickets are \$15.00 for General Admission. No one permitted under the age of 21.

"It's Armed Forces Day. What better day would it be to honor all veterans?" Alford asked.

Friday 8:00 a.m. to 5:00 p.m.

Saturday and Sunday – CLOSED.

2011 MARCH MADNESS FITNESS CHALLENGE

Thank you to all employees who participated in the 2011 March Madness Fitness Challenge. We registered 39 Absentee Shawnee employees in this year's event. We would like to congratulate Rhiannon Bruner (Little Axe) and Jessie Williams (Shawnee) for being our top overall winners in this year's annual March Madness Fitness Challenge. Rhiannon and Jessie committed most days of the week to participating in 30 minutes of cardiovascular activity. We would like to also congratulate our remaining 37 employees for their effort and time in participating in the March Madness Fitness Challenge. Carolyn Stacy, Chase Youngblood, Steve Fife, and Jessie Williams were all weekly winners in the "Gotcha" tournament. Thank you "Gotcha" players! The winners of the 5-on-5 were Team 1: Carolyn Stacy, Jared Duroy, Christina Bread, Rosie Tall Bear, and Blake Goodman. Congratulations to the winning employees. We hope you continue to keep physical activity a part your daily lives.

AST Realty Department

Attention Tribal Members and Allotment Heirs,

The Realty Department would like to pass along the following information to the membership, especially land owners and allotment heirs. With the weather turning warmer, the Realty Specialist will be, out in the field, performing Inspections on the Tribe's Allotment properties. Some of you may have already heard or seen him, out and about. Please feel free to come up and talk to him, even introduce yourself. Oftentimes, he may be accompanied by Tribal personnel or other land owners.

For those who may not be aware, the main responsibilities of the Realty Specialist include:

- a) Maintaining accurate records in accordance with Bureau of Indian Affairs (BIA) regulations;
- b) Inspection of all BIA approved lands held in "Trust" for the Absentee Shawnee Tribe;
- c) Documentation of all lease agreements (Oil and Gas, Farming and Grazing, and Business);
- d) Relaying information collected and to alert

other departments of concerns discovered during inspections (AST Police, Cultural Preservation-THPO, and Environmental);

- e) Answer inquiries and complaints from owners or lessees; and
- f) To always work in the best interest of the Owner and the Tribe.

Also, we would like to address the gates and locks issue. In trying to fulfill his job capacity, the Realty Specialist needs to have access to the lands in order to conduct inspections. Keeping this in mind, the Tribe adopted a policy whereby all locks would be administered and handled by this department; only AST distributed combination locks are to be used. This guarantees that only approved owners and Tribal personnel are allowed access to these properties, especially in times of emergency such as a tornado or fire hazard. In the event a lock does not meet this approval, it will be cut off and replaced at the convenience of the Realty Specialist.

Should you have any questions or would like to request a lock, please call (405) 275-4030, ext 127.

Thank you,

AST Realty Department

CONGRATULATIONS

Brokeshoulder excelling at Texas Tech

Former Shawnee High School softball standout Ashley Brokeshoulder is in Stillwater this weekend as a member of the 25th-ranked Texas Tech Red Raiders' softball squad.

Fred Fehr

Entering Saturday afternoon's game against 19th-ranked Oklahoma State, the sophomore Broke-

shoulder had posted a 7-0 record with a 4.09 earned run average in 37 2/3 innings — the fourth-most innings pitched on the squad.

Opponents have batted .257 against Brokeshoulder, who has made 16 appearances, including seven starts.

Brokeshoulder, who has finished three games on the mound, had allowed 38 hits and registered 34 strikeouts entering the weekend series.

Selected as an All-Stater during her 2009 senior season with the Lady Wolves, Brokeshoulder established school career records for wins, earned run average, strikeouts, innings pitched and fewest walks.

Todd Boyer, for 11 years

the SHS fast-pitch coach, said Brokeshoulder was the most dominant pitcher he had coached.

"You knew you had the opportunity to win every time she pitched," Boyer said.

Texas Tech, which lost a 2-1 decision to the Cowgirls Saturday, is 39-8 overall and 4-7 in the Big 12 Conference. The Red Raiders and Oklahoma State will play today at noon at Cowgirl Stadium.

EMPLOYEE OF THE MONTH

AMY HILDERBRAND
MAY 2011

She demonstrates professionalism, trustiness, friendliness, and dependability.

The questions she deals with continually such as early check requests, early payroll requests, EANs turned in after the fact, and the list goes on and on. Not to mention working Saturdays, Sundays, and/or snow days to ensure payroll happens!

The timely guidance she gives to all personnel insures the maintenance of a high standard of performance.

Her tact, professional knowledge and sound judgment, combined with her ability to work without supervision and her willingness to work beyond normal duty hours contributes significantly to the successful accomplishment of her duties.

Always works positively to resolve discrepancies or problems.

She is a positive example to all in manners of performance relating to work effort, adaptability to work problem solving, working relationships, and communication.

TIGER FAMILY REUNION

The Annual Tiger Family Reunion has been scheduled for May 28, 2011

at the Post Oak Shelter off Peebly Road, (the same place it was held last year),

from 10am to 10pm. The Little Axe Shelter is still under construction at this time. All family and friends of the late Jim Tiger and Annie Mann Tiger are welcome.

Please bring your lawn chairs, drinks, a covered dish and any games you may have! Also everyone please bring some of your baby pictures and they will be displayed on the board, Then we will try to guess who is who! Hope to see everyone there!!!

FOSTER HOMES NEEDED

By becoming a foster parent, you are providing a temporary, safe home for children in crisis. You are part of the child's support, treatment and care programs. You are partners with the child's social worker, lawyer, judge, teachers and doctors. Being a foster parent is not a passive act of opening your home and providing the basic needs of the child, it is also a proactive statement of nurturing, advocacy, and most importantly LOVE! In 2011, there were 2,168 tribal children placed in foster care in the State of Oklahoma and placed in non-tribal homes due to the low availability of tribal foster homes.

Can you love and care for a child who comes from a difficult background?

Can you help a child develop a sense of belonging in your home?

Are you secure in yourself and your parenting skills?

Can you maintain a positive attitude towards the children's parents?

Can you love with all your heart and then let go?

Foster parenting is not for everyone but if you have it in your heart- WE NEED YOU!

Many children need a loving home and a family to help them through a very tough time. Please think about it and talk with your family before you become a foster home. They all need safe, supportive environments!

If you find yourself and your family interested in Foster Care, please contact J.R. Wind at (405)275-4030 ext 195.

Camp Melokami was a great success. Within one week of spring break we were able to have a variety of speakers from the tribe come and speak to the youth. We were able to learn and play many games while the participants enjoyed each day. Our final day consisted of a reward day for the participants because of their excellent behavior and participation. The Tribal Youth Program would like to thank Kristi Morrell, Rosie TallBear, Representative Jeff Gibson, Randy Edge, Tresha Spoon, and Shaun Wiegmann for speaking to our participants and giving them certain leadership qualities.

GUIDELINES FOR RECEIVING A CAR SEAT

The following are the guidelines for receiving a car seat from the ICW department. These car seats have been purchased with federal grant monies and have certain guidelines to follow when receiving the seats.

The person applying for a car seat must be the parent or legal guardian of the child.

Either parent/legal guardian or child must be an enrolled tribal member. Documentation needed

The child must be present at the time the car seat is given.

Income guidelines are as follows:

OR Proof of public assistance (ie. Medicaid/Sooner Care, Food Stamps, etc.) Documentation needed

Should the child have a car seat upon arriving to the ICW office, the car seat being used must be turned over to ICW in exchange for a new car seat.

A car seat technician shall install the car seat in the correct position for the child's age and weight for that particular car seat.

Each eligible child receives one (1) seat per life time. (Unless legal guardian changes) Documentation needed

These guidelines are followed based on the availability of car seats the ICW department has.

Car Seats, Booster and Seat Belt Safety Fact Sheet

Below is information provided by www.Safekids.org. For more statistics and information you may visit the website or contact the Indian Child Welfare Department. If you are in need of a car seat and meet the guidelines, please feel free to contact the ICW department for availability. Appointments will be made to receive and install the car seat for those who are eligible.

Key Facts

Child safety seats and safety belts, when installed and used properly, can prevent injuries and save lives. Each year, an estimated 975 child occupants under 14 years of age die as a result of a motor vehicle incident.

In 2005, more than 1,400 child occupants died in motor vehicle crashes and nearly half were unrestrained.

From 1993 to 2002, there were 159 reported fatal injuries to children less than 12 years of age associated with airbag deployment. Of the total child fatalities 69.2 percent were unrestrained and 29.6 percent were improperly restrained.

Children are more likely to be properly restrained when the driver is properly restrained.

In a study observing the misuse of 3,442 car seats in six states, approximately 73 percent of car seats showed at least one critical misuse.

84 percent of car seats showed critical misuses. Booster seat misuse was 41 percent.

The most common form of misuses for all car seats included loose vehicle seat belt attachment to the car seat and loose harness straps securing the child to the car seat.

Safety Interventions

Ensure that every occupant is properly restrained for every ride.

Always follow manufacturer's instructions. Infants should ride in rear-facing car seats as long as possible (a minimum of 12 months old and 20 pounds).

Correctly secure children who have outgrown their rear-facing car seats in a forward facing car seat. Always use the car seat tether for optimal protection.

Correctly secure children over 40 pounds in a booster seat or other appropriate car seat until the adult lap and shoulder safety belts fit correctly (approximately 4'9" and 80-100 pounds, usually between 8 and 12 years).

The following are current programs administered by the Absentee Shawnee Tribe Education Department:

- **Academic (K-12) Program**: assists with academic related expenses, and a portion of funds can be used for school-related athletic program expenses. Program has a maximum funding limit for the academic year.
- **Zahn Program**: established from a trust fund, program can help with some graduation expenses, and awards two (2) incentives: one for GED recipients and one for High School graduates. Program has a maximum amount of funding for graduation expenses.
- **Job Training Adult Education Program**: funds for vocational training at accredited vocational institutions. Program has a maximum funding limit for the calendar year or per program.
- **Higher Education: Education Incentive Award Program**: funds for undergraduate degrees, one associates or bachelors degree, at any accredited college or university. Funding levels are determined based upon grade point average and full-time or part-time status.
- **Graduate Scholarship Program**: funds for one master's degree or one doctoral degree, and can fund for one graduate admissions test. This program has funding levels based upon full-time and part-time status.

All funding is based upon the availability of funds at the time of application.

Attention:

All applications and guidelines are available at www.astribe.com. Click on Services and select Education.

For graduating High School Seniors or any tribal members wishing to take courses for fall 2011: The deadline for submitting an application for the Higher Education: Education Incentive Award Program is June 15, 2011.
