Governor's Report

Hello my Absentee Shawnee people!

It looks like the cooler fall weather has reached our area. So, it's time to start pulling out sweaters and jackets. I hope that everyone takes to time to get their flu shots, while it may not guarantee you of not getting the flu, it could help lessen the length of time you have the flu. As we move towards the end of the year, the next couple of months will be a very busy time around the complex, due to creating the 2018 budgets and closing out our 2017 books. I'm very excited to report that the Governors' Office will be doing the annual Tribal Youth Christmas event again with going to the movies in Shawnee. I would like to express that we are ONLY allowing the Absentee Shawnee Tribal youth with one adult (parent, grandparent or guardian) to attend the movie. Children will have to furnish their CDIB card before being allowed to attend the movie. The requirements remain the same every year but there still seems to be confusion about the event. Please remember this is an event for our Absentee Shawnee tribal youth.

As you are aware November is Native American Heritage month. In August of 1990, November was declared Native American Indian Heritage month by former President George H.W. Bush and was sponsored through the American Indian Heritage Foundation by founder, Pale Moon Rose. By nationally commemorating November as a special month for Native American's it afforded the opportunity to all Native people to share our culture and language, traditions, crafts, music, dance and special ways and the different aspects of our lives with those who are unfamiliar or unaware of the rich complexities and unique qualities of Native life.

As we wind down the year, I would like to mention some of my meeting and events that I have attended in the last 30 days. One ceremony that I attended was on September 28th, I traveled to Dayton, Ohio for the Dayton Region's Walk of Fame. The founders, Wright Dunbar Inc. have memorial stones which are plotted on West Third Street in the Wright Dunbar Historic Business District between Broadway and Shannon and along Williams Street. Chief Tecumseh was one of seven Daytonians recognized on September 28th. I would like to thank those individuals that had the opportunity to travel with me to accept the award for our great leader, Chief

Tecumseh.

List of individuals:

Josh Gibson

David and Stella Little
Walter and Rebecca Larney
Don and Esteline Schulenberg
Twila Parker
Jason Bender
Michelle Wollenzin
Sherman Tiger

Further, I would like to share with the Absentee Shawnee people of what I delivered in my speech:

"Today I am honored to be here recognizing Chief Tecumseh's' significant role in our tribal history as a leader, for this Wright Dunbar special event, the Walk of Fame. Tecumseh's' power of influence and strength is a core value that will never be forgotten in Shawnee History. Like many cultures and ancient civilizations from our past, we all believe in maintaining our way of life in our traditions and that's what Tecumseh was fighting to keep.

Today we've seemed to have forgotten that with destructive habits, and disrupting the connection from our ancestors. It's our job to preserve those connections and protect them for futures to come. It's vital we teach our youth and ensure they're getting the education of up most priority. The foundation Tecumseh laid out is and has always been our vision today FOR A STRONGER Shawnee Native American".

Another meeting I would like to mention was a testimony that I did at the State Capitol on October 5th in front of the State Senate Interim Study. The study was on Teaching Tribal Sovereignty and Tribal Histories in Public Schools. It was a partnership between the State of Oklahoma and Tribal Governments. There were six Testimonies read: two (2) high school students, one (1) American Indian History Teacher one (1) retired American Indian Teacher, and one (1) Professor of Law from Oklahoma

City University and myself.

My hope is that the senate and legislature recognizes the need to reaffirm the state's commitment to educating the citizens of our State, particularly the youth who are our future leaders, concerning tribal sovereignty, history, culture, treaty rights, contemporary tribal and state government institutions and relations and the contribution of Indian nations to the State of Oklahoma.

Expressions

For those families who lost a loved one this month, I offer my sincere condolences to you and your family on your loss.

Conclusion

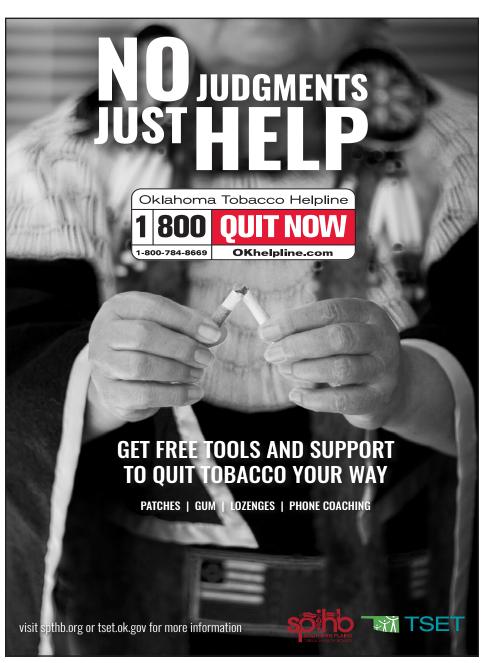

I appreciate tribal members that have came by my office with their concerns. My door is open unless I am in a meeting or attending a meeting elsewhere.

Help me to make a difference – stand beside me and Let us Build for the Future (BFF). United and together!

Respectfully, Governor Edwina Butler-Wolfe

AARP-Oklahoma Indian Elder Honors

On Oct 3, 2017 AARP Held the 9th annual AARP Oklahoma Elder Honors, where 50 Elders from all of Oklahoma's 39 Tribes, including Absentee Shawnee's Johnnie Mae Bettelyoun!

Johnnie Mae Bettelyoun

Absentee Shawnee Tribe

This matriarch is an inspiration and role model because of her lifetime of serving others. Ms. Bettelyoun has worked for the Absentee Shawnee Tribe of Oklahoma with the Elderly and Disabled Homebound Program and at Central State Hospital as a Mental Health Aide Nurse, where she cared for elders suffering from mental health issues. When she retired as a tribal elder, she began the second act of her career. This

time at the age of 71, she went back to work, full-time, as the cook for the Title VI Nutrition Program for the Absentee Shawnee Tribe of Oklahoma. Ten years later, this model elder is still working and serves up a smile to everyone she meets.

On September 22, 2017, The Absentee Shawnee Tribe made Hurricane donations to the Alabama-Coushatta Tribe of Texas. AST officer Jason Brinker and Media Director Sherman Tiger, made the drive to Livingston, TX, to deliver the AST Donations. To show their appreciation, Emma Abbey of Alabama-Coushatta Tribe gave an Long leaf pine needle basket to Jason Brinker for AST Governor Edwina Butler-Wolfe.

Pictured L To R; Willo Sylestine-Emergency Management, Emma Abbey-Communications, AST Police officer Jason Brinker and Alabama-Coushatta Tribal Police LT. Henry Patterson.

Elders Council

Greetings—At the September meeting, the Elders Council hosted two guest speakers: 1) the Oklahoma Healthcare Authority "Living Choices"- and 2) AARP-focus on enhancing the quality of life for all Oklahomans as we age. We thank Tewanna Anderson-Edwards and Mashell Sourjohn for meeting with our group and sharing a lot of useful information.

On the evening of September 22, Movie Night was held at the Little Axe Clinic and the Elders hosted a concession for the event. There were comments that the screen was so big that it felt like a regular, old-time drive-in. It was a great night for the movie, clear skies, no rain and the event was enjoyed by all. The Elders appreciate the clinic staff for inviting the EC group to participate in this event. It is events such as this that allow the Elders to be an integral part of the community.

The 9th Annual AARP Oklahoma Indian Elders Honor was held on October 3 at the Cowboy Hall Fame in Oklahoma City. There were approximately 900 attendees at this event that honored 50 Indian Elders from various Oklahoma Tribes. One of our very own Absentee Shawnee tribal elders was honored at this event. Johnnie Mae Bettelyoun, a valued Absentee Shawnee tribal member, who continues to work full-time for our Title VI Nutrition Program, was honored for her lifetime of serving others. What an honor it is to have Johnnie Mae represent the AST and be honored at such an event. Thank you Johnnie Mae for your years of service to others! Also, another Absentee Shawnee tribal member continues to keep the light shining on the Absentee Shawnee Tribe through a memorial leadership award in his name. The Dr. John Edwards Memorial Leadership Award recognizes an individual each year whose leadership and positive impact on Native Americans embodies the spirit that he possessed (Dr. Edwards passed away in 2014). Dr.

Henrietta Mann, Ph.D., Cheyenne and Arapaho Tribes, is this year's recipient. This event grows each year and if you have never attended one, mark your calendars and plan to attend next year. It will be the 10th year anniversary for this event!

It has been two years since the Elders Council has organized a trip. Hence, the EC Officers have been diligently working to organize a day-trip to Tulsa on November 10 where the members will enjoy lunch, tour a museum and visit a casino. In order to participate in the trip, each Elder must have participated in at least 75% of the meetings and been an active and participating member. We are also tentatively planning a Christmas day-trip provided it is economically feasible.

Audrey Dodds, Treasurer, has been diligently working on the 2018 budget. The Officers will also be making appointments to the audit committee by December.

The Elders Council is pleased to announce that the group will host its traditional Thanksgiving lunch and Christmas lunch for the Elders of the Absentee Shawnee Tribe. Details follow.

AST HEALTH SYSTEM - NOVEMBER 2017

ASTHS November 2017 Monthly Update

Flu season is here again. Please remember to partner with your health system for yourself and your family by getting your flu shot at any of the conveniently offered walk-in clinics. Also, remember to keep practicing proven hygiene and infection control procedures such as frequent hand washing, limiting your public exposure if you should become ill with a fever,

and encouraging others to adhere to these protocols as well. The 4th Annual AST Run/Walk for Your Life Zombie 5K Event in October at Little Axe/Lake Thunderbird Lake was another great event and we always appreciate the support of the community and the tribe for our health program events! The Department of Veterans Affairs continues to provide a Veterans Health Identification Card (VHIC) for veterans to use at VA medical facilities, including veterans who are tribal members. The VHIC will be issued only to veterans who are eligible for VA medical benefits and only for the purpose of identification and check-in for VA medical appointments. The new card protects personal privacy by not showing Social Security Numbers or dates of birth on the front of the cards. For more information on VHIC, go to www.va.gov/healthbenefits/vhic/index.asp for more information. The health system is preparing for the upcoming budget cycle, and with the new administration and budget challenges at the state and federal levels advocacy and engagement of the elected leaders are more important than ever in advancing the cause of tribal healthcare in our country today! The Executive Committee, health boards, and health leadership team continuously engage these elected leaders for the cause of appropriate funding for our tribe and others in our advocacy efforts as a unified front. We appreciate their support and efforts with ensuring we have the best and most well-funded programs possible. The health system continues to see solid growth of both AST and other tribal members choosing to receive their services from our health system. Thank you again for your support and trust in our services!

Elder care and advanced aging concerns such as fall risk, monitoring loved ones who live alone, and homebound health care, remain critical priorities to the tribe and the health system. The health system has and shall continue full partnership with the tribe in serving and coordinating medical care for any tribal member with a homebound medical need that falls within the scope and authority of our health and wellness system. If you know any tribal member who is homebound and needs medical assistance, please contact our health administration office at (405) 701-7621 and we will be happy to assist with the best possible resources and coordinated care.

The health system's most valuable resource—our people—displayed outstanding service to our tribal health system! I am always extremely proud of our outstanding mega star performers, and thank them all for their contributions to our patients, their fellow employees, and the tribe!

- Gift deed transactions will take time to get approved from the BIA.
- Negotiated sales must follow the proper procedures to ensure the transaction is considered for approval.
- A family member of a deceased landowner must initiate the probate process.

If anyone has any questions, please contact the Realty Department @ (405) 275-4030.

PROBATE MISSION STATEMENT

The primary mission of the Division of the Probate is to compile inventories of the Indian Trust Assets and family information, and to coordinate the timely distribution of trust assets with the Office of Hearings and Appeals, Land Titles and Records Office and the Office of Special Trustee.

The Division of Probate gathers information regarding decedent's family and property and prepares it for adjudication by the Office of Hearings and Appeals (OHA). After OHA issues a probate order the Division works with other trust offices, such as the Office of Special Trustee for American Indians and the Land Titles and Records Office to distribute assets.

In order for this to happen, the family of the decedent will need to contact the Absentee Shawnee Real Estate Division (Probate) to start the probate process.

Should you have any questions, please contact Lea Tsotaddle at 405-275-4030 ext. 6248.

A Little Note from The Tag Office

FOSTER CARE

THE INDIAN CHILD WELFARE ACT OF 1978

The Indian Child Welfare Act is a 1978 federal law. It offers protections to Indian children, parents, guardians and tribes in cases in which a child has been removed from its home. The ICWA forces state courts to recognize the political, cultural, and social standards of Indian tribes and peoples. The Court must consider those standards during any proceeding or placement of the child. The ICWA protects the best interests of Indian children and seeks to promote a stable, secure Indian family.

PARTIES PROTECTED BY THE ACT

Indian children are those enrolled in a tribe or eligible to be enrolled, with at least one parent who is a member of an Indian tribe. The ICWA also protects three other parties. First, it protects the custodial parents of an Indian child should they be accused of wrongdoing. The ICWA makes the state courts provide full notice of all hearings, use expert witnesses, and follow a higher standard of proof than in non-Indian cases. The Act also makes the state court appoint an attorney to represent the parents if they are unable to afford one. Second, the ICWA protects Indian custodians. Indian people who have raised a relative child as if they were their own, or people to whom the natural parents have given temporary custody, are entitled to the same type of notice and protections as the natural parents. Finally, the Act protects tribal rights as well. The state court must give notice to the tribe and generally follow its recommendations about placement. If these parties' rights are not protected, the Act allows any of them to overturn the result of the state court. The ICWA does not apply in three types of cases. It does not apply in divorces or divorce modifications, unless a termination of parental rights is involved or custody is given to someone other than the natural parents. It does not apply if the child in custody is accused of a crime. Finally, Oklahoma courts have created a third exception to the law: the ICWA does not apply to noncustodial Indian parents who do not support or visit their children.

Midnight calls, long drives across state and emotional encounters all make it difficult for social workers in child protection services to really ever "clock out." Their job doesn't end when the typical 40-hour work week is over. The true nature of the profession requires them to be available at a moment's notice, 24/7, 365 days a year.

Please Report Child Abuse You could be saving a child's life.

IF YOU ARE A GRANDPARENT THAT IS RAISING YOUR GRAND-CHILD YOU MAY QUALIFY FOR TANE. GRANDPARENTS THAT HAVE LEGAL GUARDIANSHIP OF THEIR GRANDCHILDREN CAN RECEIVE TANF BY APPLY-ING FOR "CHILD ONLY" TANF GRANT WHICH WILL ONLY TAKE IN ACCOUNT THE GRAN-CHILD'S INCOME/ASSETTS. THE DEPARTMENT OF HUMAN SERVICES WILL ASK YOU FOR YOUR INFORMATION, BUT IT WILL NOT BE USED IN THE AP-PROVAL PROCESS. IF YOU HAVE ANY QUESTIONS IN REGARDS TO GRANDPARENTS APPLYING FOR TANF. PLEASE CALL JULIE WILSON 395-4492.

STATE AUTHORITY OVER INDIAN CHILDREN

In some cases, Oklahoma lacks any kind of authority over an Indian child. If the child lives on trust or restricted land, or in an MHO Housing cluster, or in a dependent Indian community, the state may not have authority to proceed. Under the ICWA, the case must be heard in the tribal court. For other Indian children, the state shares jurisdiction with tribal courts. However, the Supreme Court has said that tribal courts are the preferred court for Indian children. An Indian parent or tribe may request that a case be transferred to tribal court for proceedings.

If a child is placed in foster care, the Act requires the state to follow placement guidelines. The State must follow the Tribe's Tribal State Agreement and Placement Preferences

"RESPECT THE INDIAN CHILD WELFARE ACT BECAUSE OUR CHILDREN ARE NOT YOURS TO TAKE"

Before placing a child in a non-familial or non-tribal final home, states are required to make what are called "active efforts" to place the child in an ICWA-compliant situation. These efforts include mandatory attempts at parental and familial reunification before terminating rights permanently, and consultation with the tribe in a timely manner.

For more information please contact the Social Service Department

Enrollment Department

Enrollment is happy to announce we are now issuing the new updated CDIB cards. These new cards are more secure and have more of ID card appearance. As these cards are not mandatory to change to at this time per ordinance, but the new CDIB is the only Absentee Shawnee CDIB that is recognized as a second form of ID with the social security office. Enrollment encourages all to update their CDIB as it is very important to keep the enrollment records up to date. These new CDIB's are free of charge for the first issuance.

NOTE: this is not the Enhanced Tribal Card that may be used as a passport.

That is something enrollment will continue to work on. The process is very long and we will notify tribal members when that service is available

Instructions for out of state tribal members:

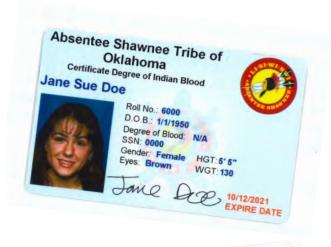

- Email or mail a passport photo
- Email or mail a blank piece of paper with your signature in black ink (No Sharpies)

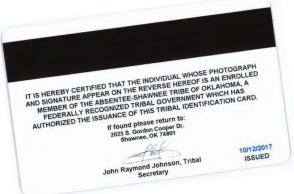

Once we receive these things we will print and mail your card to you.

Instructions for local tribal members:

- Bring driver's license and old CDIB
- Must update your photo with enrollment

We look forward to helping you get your new CDIB!!!

Holiday Recycling

With the holidays quickly approaching, things can get hectic in our lives, including our waste production. According to the EPA, from Thanksgiving to New Year's Day, household waste increases by more than 25%, adding an addition-al 1 million tons of waste per week to our landfills.

With that in mind, here are a few tips on how to reduce our holiday garbage.

- An estimated 2.6 billon holiday cards are sold each year in the United States. To combat paper waste, send loved ones electronic greeting cards.
- Approximately 33 million live Christmas Trees are sold in North America every year. There is the option to buy a potted Christmas tree so that it can be replanted after the holiday season.
- About 40% of all battery sales occur during the holiday season. Buy rechargeable batteries for your gifts this year to combat harmful used batteries going to our landfills.
- Nearly half of the paper America consumes is used to wrap and decorate consumer products. Dispose of the used wrapping
 to a paper recycling bin and eliminate this flow to our landfills.

Keep these tips in mind through the holiday season and always remember that OEH has recycling bins all across the Shawnee Campus that are available for your cardboard waste. Be safe, and happy holidays!

Influenza (flu) is a contagious disease that can be serious. Every year, millions of people get sick, hundreds of thousands are hospitalized, and thousands to tens of thousands of people die from flu. CDC urges you to take the following actions to protect yourself and others from flu.

A yearly flu vaccine is the first and most important step in protecting against flu viruses. Everyone 6 months or older should get an annual flu vaccine by the end of October, if possible, or as soon as possible after October.

Flu vaccines are offered in many locations, including doctor's offices, clinics, health departments, pharmacies and college health centers, as well as by many employers, and even in some schools.

TAKE EVERYDAY PREVENTIVE ACTIONS TO HELP STOP THE SPREAD OF FLU VIRUSES!

× 100 Dx ×

Avoid close contact with sick people, avoid touching your eyes, nose, and mouth, cover your coughs and sneezes, wash your hands often (with soap and water), and clean and disinfect surfaces and objects that may be contaminated with flu viruses.

If you become sick, limit contact with others as much as possible. Remember to cover your nose and mouth with a tissue when you cough or sneeze, and throw tissues in the trash after you use them. Stay home for at least 24 hours after your fever is gone except to get medical care or for other necessities. (Your fever should be gone for 24 hours without the use of a fever-reducing medicine before resuming normal activities.)

If you get the flu, antiviral drugs can be used to treat flu illness.

Antiviral drugs can make illness milder and shorten the time you are sick. They also can prevent serious flu complications, like pneumonia.

CDC recommends that antiviral drugs be used early to treat people who are very sick with the flu (for example, people who are in the hospital) and people who are sick with the flu and are at high risk of serious flu complications, either because of their age or because they have a high risk medical condition.

Did You Know?

A column from your local registered dietitian, Lisa Harrington

Did you know that November is **National Diabetes Awareness Month?** Diabetes is a condition where the body has trouble producing and/or using insulin which leads to a buildup of glucose in the blood—high blood sugar. Over time, high blood sugar can cause damage to virtually every organ in the body.

Did you know that almost 12% of all Oklahomans have diabetes? In fact, our Native American population has the highest percentage of those diagnosed with diabetes in Oklahoma, and we carry the highest associated death rates. Luckily, there are many risk factors that contribute to the development of diabetes that are modifiable—**meaning we can decrease our risk by changing certain actions and behaviors in our daily lives!** These include maintaining a healthy weight, not smoking, adopting an active lifestyle, eating a healthy diet, managing stress effectively, and keeping our blood pressure and cholesterol under control.

Did you know that being diagnosed with diabetes does <u>not</u> mean you will eventually have an amputation, go on dialysis, go blind or die of cardiovascular disease? Being diagnosed with diabetes is not a death sentence—it is a <u>call to action!</u> As long as we manage diabetes with diet, exercise and medication compliance, then we have an opportunity to live a long, fulfilling life. In fact, we can reduce the risk of complications by 40% for each 1% reduction in A1C! In other words, if we can reduce blood sugar, then we can prevent future damage to the organ systems and improve quality of life.

Did you know that diet, exercise and lifestyle changes are often <u>more</u> effective than medication alone, at reducing the conversion from prediabetes to diabetes and controlling diabetes? Additionally, there are no adverse effects from eating a balanced diet, engaging in an active lifestyle, quitting smoking and effectively managing stress.

Did you know that you are not alone if you or your loved ones have been diagnosed with prediabetes or diabetes? The **Diabetes and Wellness Program** along with the Absentee Shawnee Tribal Health System are here to serve you, and your families, as we work together to overcome the burden of diabetes in our community. Our team of physicians, nurses, therapists, dietitians and personal trainers will walk with you, advise you, educate you, and empower you to find your path towards health and happiness. **What are you waiting for!?** Let's get to work this November as we ask the question: **Did you know that collectively, we are stronger than diabetes?**

Help Protect Indian Country: Get your flu shot

Native Americans are at a higher risk of developing complications from the flu. Influenza (the flu) and pneumonia are leading causes of death in Native American elders. The flu can also make diseases like diabetes, asthma, and other heart and lung diseases worse. Getting a flu shot protects you, your family, and everyone around you from the flu.

The Flu Vaccine is Safe

The flu shot has been around for more than half a century and hundreds of millions of people have safely received one. **The flu shot does not cause you to get the flu.** A flu shot may cause you to be sore or feel achy from the injection which can be mistaken for having the flu. The side effects usually last 1-2 days. Because the flu vaccine changes every year it is important to receive a flu shot every season.

Where to get a Flu Shot

The flu vaccine is available Monday-Friday 8:00 am-5:00 pm at the Little Axe Health Center for established patients 6 months of age and older. You may schedule an appointment by calling 405-447-0300. The Plus Care Clinic serves walk-in patients only and is open Monday-Friday 9:00 am-5:00 pm and offers flu shots for Native Americans age 9 years and up. For more information about Plus Care services call 405-447-0477. The Shawnee Clinic is open for appointments Monday-Friday 8:00 am-5:00 pm. Schedule an appointment with your primary care provider's nurse at 405-878-5850 or utilize the Same Day Clinic services from Monday through Saturday.

For more information or questions regarding the flu vaccine contact Public Health Nursing at 405-447-0300 extension 7190.

EMERGENCY MANAGEMENT

Weather Radios are now available at the Tribal Police Department at the Tribal Complex in Shawnee. Our Red Cross partner provided the tribe with these radios for employees and tribal members to allow everyone to receive weather alerts and prepare ourselves and families for weather events.

###

Emergency Alerts - Types and Description

Public safety officials use timely and reliable systems to alert you and your family in the event of natural or man-made disasters. This page describes different warning alerts you can receive and the types of devices that receive the alerts.

Wireless Emergency Alerts: During an emergency, the public needs to be provided with life-saving information quickly. Wireless Emergency Alerts (WEAs) are just one of the ways public safety officials can quickly and effectively alert and warn the public about serious emergencies.

What you need to know about WEAs:

- WEAs can be sent by state and local public safety officials, the National Weather Service, the National Center for Missing and Exploited Children, and the President of the United States
- WEAs can be issued for three alert categories imminent threat, AMBER, and presidential
- WEAs look like text messages, but are designed to get your attention and alert you with a unique sound and vibration, both repeated twice
- WEAs are no more than 90 characters, and will include the type and time of the alert, any action you should take, as well as the agency issuing the alert
- WEAs are not affected by network congestion and will not disrupt texts, calls, or data sessions that are in progress
- Mobile users are not charged for receiving WEAs and there is no need to subscribe
- To ensure your device is WEA-capable, check with your service provider

NOAA Weather Radio

NOAA Weather Radio All Hazards (NWR) is a nationwide network of radio stations broadcasting continuous weather information from the nearest National Weather Service office.

- NWR broadcasts official warnings, watches, forecasts and other hazard information 24 hours a day, 7 days a week.
- It also broadcasts alerts of non-weather emergencies such as national security, natural, environmental, and public safety through the Emergency Alert System.

Medicine Wheel and 12 Steps

The medicine wheel and 12 Step program was developed to provide a culturally appropriate 12 Step program for Native American people. This program was developed by White Bison, based upon teachings of the Medicine Wheel, the Cycle of Life and the Four Laws of Change.

How the Process Works

The Medicine Wheel and 12 Step program is designed in a series of modules that enable people to meet their individual needs. Participants watch a video that explains Medicine Wheel teachings and apply them to their lives. In addition, participants share their insights and experiences in a talking circle. They also learn how to mind map their own innate knowledge around these teachings and then apply that knowledge to their daily lives and decision making processes. For those working through the program in a group setting (i.e. Circles of Recovery) very strong social and emotional bonds are created that help the individuals who participate to develop trust, autonomy, and other healthy feelings and thought patterns that will help them to grow emotionally, mentally, physically, and spiritually.

Focus

The focus of the program is on character and values. Thus each of the 12 Steps is presented from the perspective of the value that it reflects.

Step 1: HonestyStep 6: WillingnessStep 10: PerseveranceStep 2: HopeStep 7: HumilityStep 11: Spiritual AwakeningStep 3: FaithStep 8: ForgivenessStep 12: Service

Step 4: Courage Step 9: Justice Step 5: Integrity

Teachings of the Medicine Wheel

The Medicine Wheel is an ancient method for teaching important concepts about truth and life. Many Native American communities use a Medicine Wheel, although the colors and the symbols are different depending upon the culture. The purpose is the same in each culture. These teachings, when applied to one's life, have the power to influence significant change in attitudes, behaviors, values and intent. The Elders have shared a series of Teachings based upon the Natural Order of the way things should be. These are sometimes referred to as the "original instructions." These important Teachings are included in the Medicine Wheel and 12 Steps:

Four Seasons of Change
Four Laws of Change
Four Directions of Growth
Twelve Principles for Healthy Living
Reclaiming our Power
The 12 Steps of Recovery
Nature's Way: Principles, Laws and Values
Cycle of Life
Eight Feelings for Healthy Development
Comfort Zones
The Two Thought System: Love and Fear
The Medicine Wheel
The Laws of the Unseen World

Your health is our first order.

THE OFFICE OF ENVIRONMENTAL HEALTH & ENGINEERING (OEH&E)

The principal role of OEH&E is to raise the health status of our tribal members to the highest possible level by providing services in the area of water and wastewater. To qualify for a water well and/or septic system, the applicant must be an enrolled Absentee Shawnee Tribal member and reside within one of these six counties; Pottawatomie, Cleveland, Oklahoma, Payne, Lincoln, or Logan, provide land ownership by verification such as a Warranty Deed or Notarized Lease Agreement through the Absentee Shawnee Tribe Reality Department. Proof of income is not required.

The services we provide are: new water wells, renovation of a water wells, new city or rural water connections, replacement of city or rural water service lines, new wastewater septic systems, renovation of septic systems, new city sewer lines/renovation of city sewer lines and water treatment systems as needed. We are not funded to perform annual pumping of septic tanks. That service is considered part of home maintenance.

If you are having water or wastewater issues or building a new home and need services please come by our office and fill out an OEH&E application for assistance.

If your home is under the management of any housing authority and has not been paid off, you do not qualify for assistance. Applications for this program are available online at www.astribe.com and at the OEH&E building.

Office of Environmental Health Brownfield Response Program

Do you possibly have a Brownfield site on your land?

Typical Brownfield Sites Include:

- ♦ Abandoned Factories/Buildings/Homes
- ♦ Burned Homes
- Buried Dump Sites
- Open Dump Sites
- ♦ A Large Amount of Tires
- ◆ Former Cattle Dip Pit Sites
- Barrels of Unknown Substances
- Old Service Stations
- Oil Storage Facilities
- ♦ Oil/Gas Well Sites
- Old Dry Cleaning Businesses

What is a Brownfield?

The EPA defines a brownfield site as "...real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of hazardous substances, pollutants, contaminants, controlled substances, petroleum or petroleum products, or is mine-scarred land."

Iowa Tribe of Oklahoma Vocational Rehabilitation Program

"See the Person Not the Disability"

History:

The Iowa Tribe of Oklahoma Vocational Rehabilitation Program has provided vocational services to American Indians since 1994, and transition services to students since 2009. Our goal is to develop and provide specialized services to American Indian students with a disability. We want to help these students that are making a transition from high school to work or who are seeking post-secondary education.

Services Than Can Be Provided:

Depending on an individual's needs and goals, will determine which services are best for you. However, some services that we can provide include testing fees such as SATs & ACTs, assistive devices, evaluations, and various other services.

Qualifications:

Must be an enrolled member of a federally recognized tribe, a junior or senior in high school, and must reside in one of the seven counties served by the Iowa Tribe Vocational Rehabilitation Program. You must also provide documentation of your disability and this can include a doctor's statement or the IEP or 504 plan from your school.

Counties We Serve:

Kay, Noble, Pawnee, Payne, Pottawatomie, Lincoln, and Logan
